EXTRA GOOD VARIETIES

CATALPA BUNGEII Umbrella Tree—Just the tree to be used for formal effects. Propagated on a stem of the Catalpa Speciosa. It makes a very unique ornamental tree. Has a broad, dome-shaped head at the top of a long straight stem. When the tree attains its full growth the top is often 15 feet in diameter and not over 3 to 4 feet tall on top of a strong stem from 5 to 7 feet in height. An exceptionally hardy variety. 5 to 7 feet, 1 year heads. **\$1.50, 2 for \$1.51. Not Prepaid.**

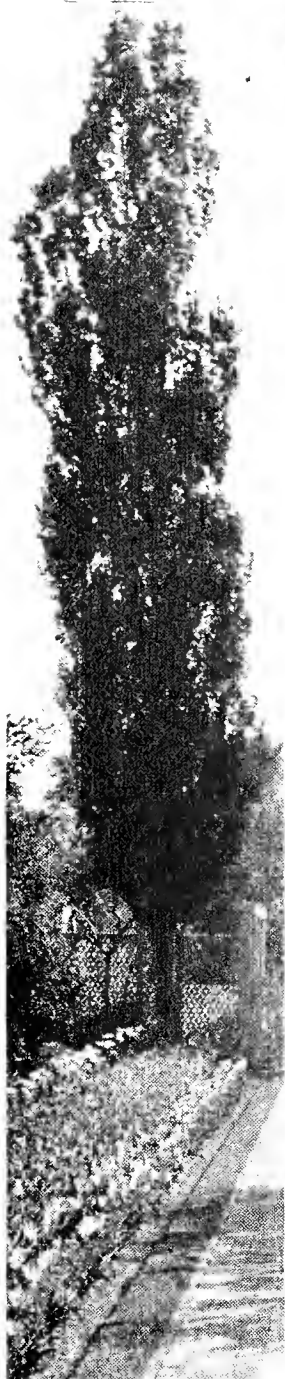

LOMBARDY (Italian) (Poplar)—One of the characteristic trees of Italy. With age, the Lombardy Poplar becomes one of the most striking and picturesque trees. Excellent for landmarks. 6 to 8 feet, 90c, 2 for 91c; 8 to 10 feet, \$1.00, 2 for \$1.01. Not Prepaid.

ROSE TREE OF CHINA

The Rose Tree of China (Prunus Triloba) is the most beautiful and showy of all small trees. It begins to bloom before the leaves appear in the spring, being literally covered with very double rose-like pink flowers. As an ornament from early spring until late fall it has few equals. Grows usually to a height of but 8 feet, and is attractive as a specimen or when planted in groups or shrub border. It is hardy and easily grown. The rose-like blossoms make fine cut flowers. Choice trees, 2 to 3 feet for 65c each. By parcel post, prepaid.

Catalpa Bungei

Lombardy Poplar

Red Leaved Barberry

RED LEAVED BARBERRY—Finest shrub in recent years. It comes out bright red in the spring, stays red through the summer and deepens to a deep crimson in the fall. Leaves are followed by red berries that stay on the shrub all winter. This plant is unequalled by any other for bright coloring, and to our best knowledge, has never been offered at the low prices we are quoting below. 12 to 15 inch plants, 25c each, 10 for \$2.30.

Rose Tree of China

KOLKWITZIA AMABILIS OR BEAUTY BUSH

A NEW SHRUB FROM CHINA—Following is a description of this new shrub, taken from a bulletin of the Arnold Arboretum Harvard University, of June 14, 1927, in which they say:

It is a twiggy shrub, growing from 6 to 8 feet tall, the whole plant forming a dome shaped mass. The flowers are produced along the whole length of the branches in clusters at the ends of short, leafy shoots. They are tubular with a gaping mouth, deep pink without, stained with yellow brown on the lower throat and lip. The graceful habit of the plant, its free-flowering qualities, pleasing color, combined with perfect hardiness, make this one of the most beautiful, as well as most useful shrubs that China has given to the gardens of this country. Related to the Weigelas or Diervillas, it is far more beautiful than any of them. New low price: Heavy 3-yr.-old plants 65c each, 2 for 66c. Prepaid.

If you have a friend who is going to plant we will appreciate his name and address.

84 YEARS OF SERVICE

Our 84th year has given us an excellent growing season, with quality of stock the best and the lowest prices in our history.

The opinion of all large growers is that Nursery Stock will go up in price before long. So plant while you can at these low prices. But buy good stock because poor stock is dear at any price.

Only because of our long experience can we make the strong guarantee shown on this page.

See the Free Premiums offered on the order blank. Note our 1c Sale and low prices. To insure satisfactory plantings, send your order to us.

We are glad to send you this new catalog. You will find many new items in it. While our prices have been greatly reduced in many instances, yet the quality has not. We carry many varieties space does not permit us to list. We will be glad to quote you on additional stock on request.

Export trade in fruits has increased many times. American fruit growing in world's demand. Plant now while prices of Nursery stock are cheap.

GENERAL INFORMATION

Everything in this catalog that can be conveniently shipped by parcel post is marked POSTPAID. They will be delivered to you PREPAID.

TREES and **EVERGREENS** and other items in this catalog too large to be sent parcel post are marked by Express. They will be sent to you by EXPRESS or FREIGHT carrying charge COLLECT.

In case of mixed orders, where part of your order is to be prepaid and part not prepaid, the order will be shipped collect, but we will include enough extra plants of the varieties you have ordered to more than pay for our share of the express or freight charges.

SPRING HILL NURSERIES
TIPPECANOE CITY, OHIO

OUR GUARANTEE

We guarantee all our stock to be true to name, good, clean and healthy first-class stock. We also guarantee it to reach you in good growing condition. If at any time found otherwise we will gladly replace the stock or refund the purchase price. It is mutually agreed and understood that we cannot be held responsible for a greater amount than the original purchase price.

LOW PRICED Rock Garden Plants

Prices 15c each, 12 for \$1.50, prepaid, except where noted

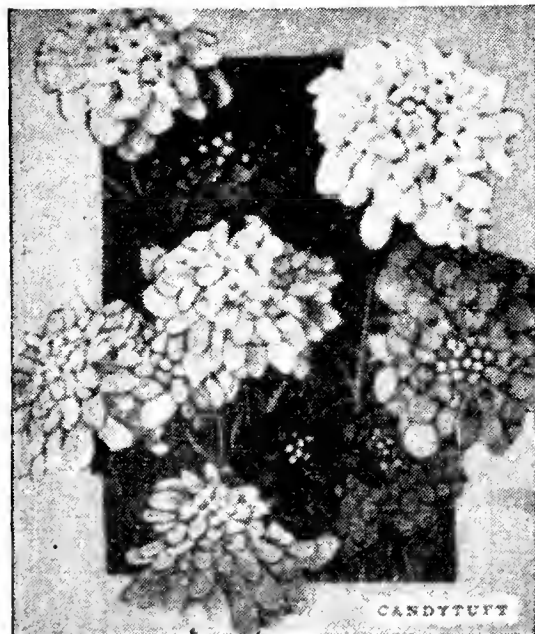

Hardy Primrose

Achillea

Alyssum

Candytuft

ACHILLEA ROSEUM (Rosy Millfoil)—July to October. Rosy pink flowers in dense heads. Very beautiful finely cut green leaves. Suitable for dry sunny places, useful for carpeting rockeries.

ERINUS ALPINUS (Roman Wallflower)—Pretty rosettes of foliage with sprays of rosy purple flowers in June. Plants in winter have appearance of clump of green moss. Should be in every rock garden and cracks on stone steps.

ALPINE SNOWFLOWER (Edelweiss)—This alpine beauty is well known to tourists who have traveled in Switzerland. It is a hardy plant and well worth a trial. It should be grown either on the rockery or in well-drained, sandy soil. The plants are low growing with pretty silvery-white leaves, star-like flowers covered with white wool. Be sure to include this.

ALYSSUM SAXATILE (Basket of Gold)—Broad masses of bright yellow flowers in early spring. Excellent for Rock garden.

ANCHUSA (Myosotidiflora)—Dwarf plant, blue flowers resembling forget-me-nots. May and June.

ARENARIA MONTATA (Sandwort)—Evergreen trailing plant, dense foliage, white flowers.

AUBRIETIA (Purple Rock Cress)—Evergreen hoary foliage, attractive rosy lilac blooms from April to July.

FESTUCA GLAUCA (Blue Fescue Grass)—8 inches. Ornamental Grass. Grown for dense tufts of very narrow bluish leaves. Used for edgings or for contrast with darker foliage. Desirable for rock garden.

IBERIS (Candytuft)—Dark evergreen foliage, masses of snowy white blossoms in spring. Very desirable for rock garden.

CAMPANULA CARPATICA (Harebell)—A pretty species growing in compact tufts. Flowers clear blue held erect on wiry stems. Blooming from June until October. As an edging for hardy border or for the rockery it is unsurpassed. **15c ea., 2 for 16c.**

NEPETA MUSSINA (Ground Ivy)—An excellent plant for any position, but especially useful in the rock garden. Of dwarf, compact habit, producing masses of bloom of a beautiful shade of lavender.

DIANTHUS CAESIUS (Cheddar Pink)—It is very compact and makes a cushion of leaves from which in May, spring the sweet smelling, rose colored flowers. It is easily grown and very fine for the rock garden.

TUNICA SAXIFRAGA (Coat Flower)—From a clump of fine lacy foliage the tiny pink flowers are put forth throughout the summer. Excellent for rockery or border.

HEUCHERA (Coral Bells)—Heart shaped leaves, dainty bright red blooms in graceful sprays. Excellent for cutting. Sunny position.

GYPSOPHILA REPENS (Creeping Baby Breath)—A beautiful trailing plant for the rockery, with clouds of small white and pink flowers in July and Aug.

CUPIDS DART (Catanche Coerulea)—From a low growing clump of narrow leaved foliage, the heads of pretty deep blue flowers arise on long slender stems. July and August.

DICENTRA EXIMA (Dwarf Everblooming Bleeding Heart)—Compound racemes of deep rose. Foliage is especially attractive and bloom persistent all summer. Price, **20c each, 3 for 50c, prepaid.**

HARDY VERBENA—A silvery leaved trailing plant. Producing clusters of bright pink flowers. Good for Rock Garden or wall.

VIOLA CORNUTA (Hardy Pansy)—Very attractive plants, easy culture. Good selection of blue, yellow and blue and white. If kept from doing to seed, will bloom until early winter.

HARDY PRIMROSE—Soft, wrinkled heart shaped leaves. Bloom stalks rise to a height of 6 to 8 ins., bearing heads of various colors.

SEMPERVIVUM (Hen and Chickens)—Succulent plants of rosette like thick leaves, spreading habit. Very interesting.

BRAUNI—Large rosettes, bronze green leaf with almost red tip.

GLOBIFERUM—Flattened rosettes, grey green leaves tipped brown, pale yellow flowers.

RUBICUNDUM—Dwarf, small rosettes of pale green leaves, tinted red at tips. Should be grown in large masses.

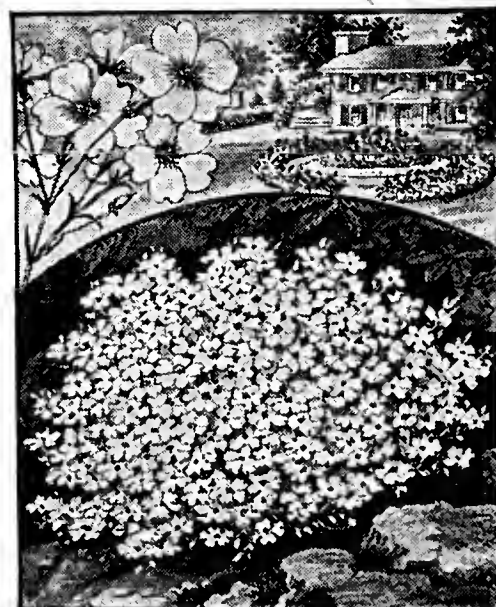

TECTORUM—Broad rosettes, reddish brown tips, flowers pale red. Old fashioned variety.

DWARF IRIS—Beautiful little plants about 4 in. high, bloom in April and May. Good for borders. Blue only. Price **15c each, 2 for 16c, prepaid.**

POLEMONIUM (Jacobs Ladder)—Forms a pretty clump of bright green fern-like leaves, which is most attractive in the rockery or around the pool. Flowers blue. **15c each, 2 for 16c.**

KOREAN MUMS—New. Blooms in late fall. Large white flowers turning to shell pink. Good for cutting. **15c each, 2 for 26c.**

We will send 25 rock plants, our selection, all desirable and suitable for any rock garden for **\$2.50 prepaid.**

Tunica

Rock Garden Plants

CONTINUED

Prepaid Prices, 15c each, 12 for \$1.50. Except where noted.

LEMON SCENTED THYME—Thyme makes a close fragrant green carpet, excellent for use between stepping stones or in the rockery. In June and July it forms a sheet of soft lavender flowers, delightfully fragrant.

DIANTHUS DELTOIDES (Maiden Pink)—A pretty little ground cover plant of deep green foliage from which in May and June myriads of small crimson flowers arise.

MAUVE CUSHION ASTER—Distinct variety, forms a circular cushion like plant. Flowers delicate mauve, with silvery white, blooms profusely. Late October and November.

PYRETHRUM ROSEUM (Painted Daisy)—Attractive fern-like foliage. Rose colored flowers, good for cutting. Bloom May and June.

PHLOX SUBULATA, Rosea—Moss pinks—Moss like evergreen foliage, prolific blooms invaluable for the rock garden.

AGROSTEMIA (Mullein Pink)—Erect-growing plants with silvery foliage, which contrasts well with the showy rosy crimson flowers, which are produced during June and July.

HELIANTHEMUM (Rock Rose)—Evergreen foliage, white and yellow flowers, forms a dense mass. July to Sept.

ROCKY MOUNTAIN COLUMBINE—Compact lustrous foliage with a light blue tint. Double violet blue flowers produced freely. Very good for the rockery.

SAPONARIA OCYMOIDES (Soapwort) (Trailing Vine)—Flowers rosy pink produced in profusion just above foliage in May and June.

ARMERIA (Sea Pink)—Grass like leaves, tufted habit, flowers in globular heads. Blooms May to September. Flowers light pink.

SEDUM

The dwarf varieties are charming plants for sunny positions in the rockery. They thrive in almost any soil, and may be considered the backbone of the American rock garden.

All Sedum, 15c each, 2 for 16c.

DWARF VARIETIES

Acre (Golden Moss)—Much used for covering graves, foliage green; flowers bright yellow.

Album—Dwarf and spreading; thick, waxy round foliage, white flowers; good rock plant.

Glaucum—Excellent dwarf variety for rockeries or border edgings.

Kamtschaticum—Orange-yellow flowers with prostrate, green foliage, turning golden in autumn.

Larnatum—Glaucous heart shaped leaf on reddish stem, white flowers.

Sexangulare—Very dark green foliage; yellow flowers.

Spathulatum—Yellowish leaf, yellow flowers. Rapid grower, profuse bloomer, good for crevices.

Spurium Coccineum—A beautiful rosy crimson flowered form; July and August. 6 inches.

Spectabile—One of the prettiest erect growing species, attaining a height of 18 inches, with broad, light green foliage and immense heads of handsome, showy, rose colored flowers; indispensable as a late Fall-blooming plant.

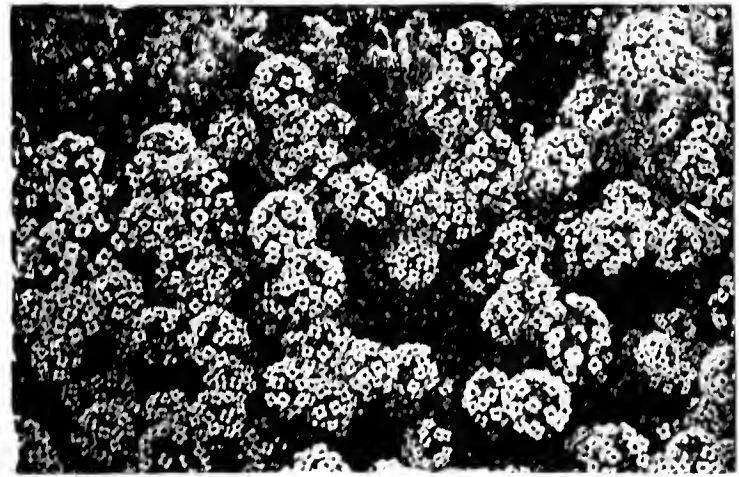

CHIERANTHUS (Siberian Wallflower)—Biennial. Bright orange flowers of delightful fragrance, bloom profusely in early spring.

LINUM (Spreading Flax)—Forms a branching clump of attractive foliage with azure blue flowers with white eye.

CERASTIUM TOMENTOSUM (Snow in Summer)—Low growing plant with silvery white foliage and snow white flowers in May. Very desirable.

DIANTHUS ARENARIUS (Sand Loving Pink) Flowers white with carmen eye. Excellent for dry hot place.

LYCHNIS ALPINA (Catchfly)—Very dwarf. Clusters of rosy pink flowers in spring and early summer.

Phlox Subulata

Sempervivum or Hen and Chickens

VERONICA

Royal Blue—Beautiful spikes of rich gentian blue flowers. One of the best for the rockery. 8 inches. June and July flowering.

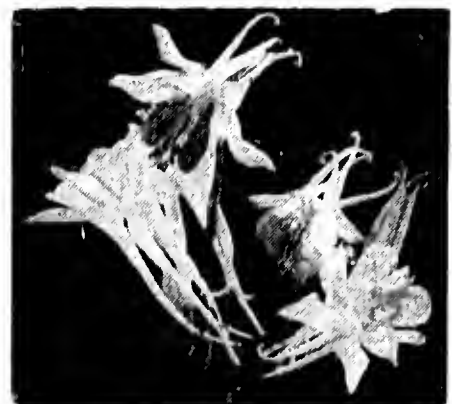

Prostrata—Light blue flowers, very dwarf and showy plant.

Teucrium—Spreading habit, dense growth. Blue flowers bloom May and June.

STACHYS LANTANA (Woundwort)—Very valuable in the rockery because of its soft silvery foliage. Contrasts well.

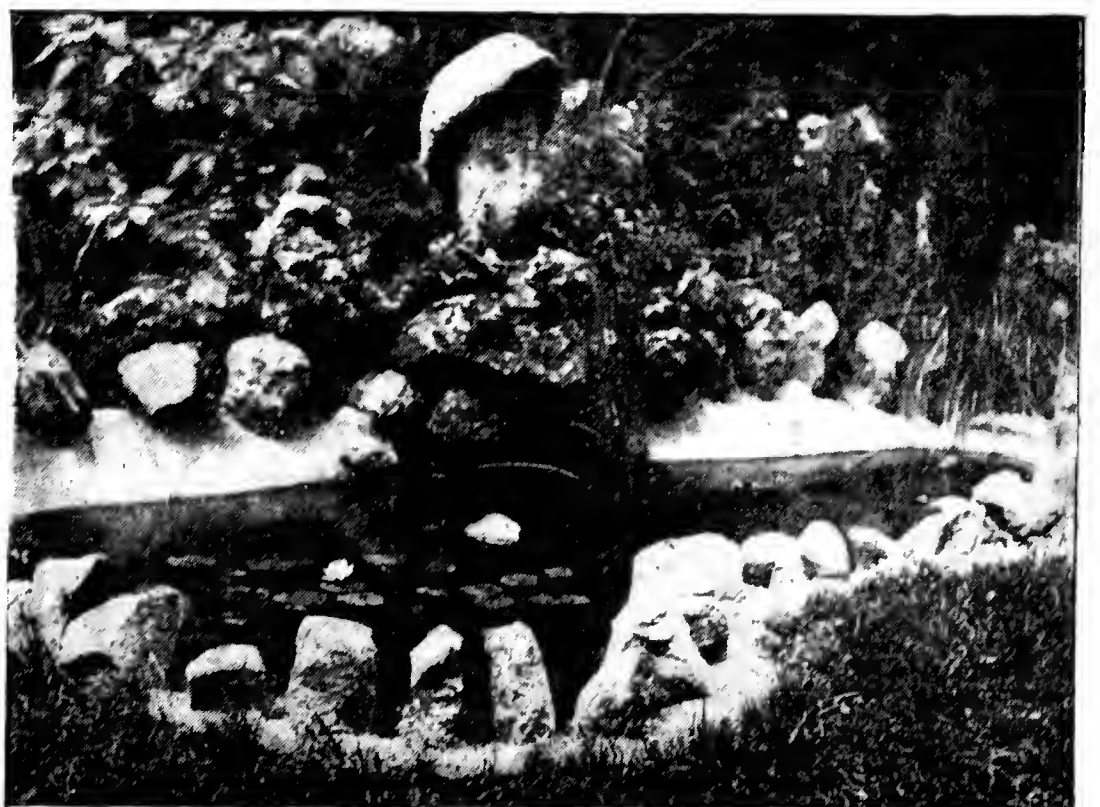

ALPINE POPPY (Dwarf Iceland Poppy)—Mixed colors. Fine for any choice place in rock garden and stone steps.

PLUMBAGO (Blue Leadwort)—Likes dry hot position. Valuable for blue flowers with red bracts in August. Attractive foliage.

Aquilegia

Write our Landscape Department for Free Advice for planting your Rock Garden.

Rock Garden Planting

We will send 25 rock plants, our selection, all desirable and suitable for any rock garden for \$2.50, prepaid.

HARDY WATER LILIES

PINK—Large, hardy with very double pink flowers. Price \$1.00 each, 2 for \$1.80, prepaid.

RED—Very full double red free bloomer. Price \$1.00 each, 2 for \$1.70, prepaid.

WHITE—Extra large free bloomer. Price, 75c each, 2 for \$1.40, prepaid.

YELLOW—Beautiful shade of yellow. Price \$1.00 each, 2 for \$1.80, prepaid.

EGYPTIAN LOTUS

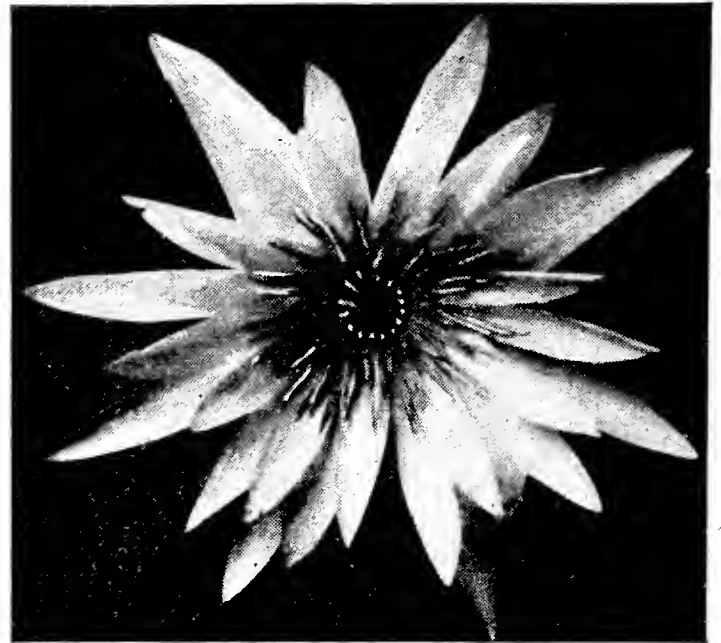

Breathing the spirit of the Orient, this strange plant has from ancient times been venerated and held in mystic awe. The immense pink flowers exhaling a peculiar and characteristic fragrance, the large umbrella-like leaves borne on their tall stems, the flower buds rising to expand above them, all lend the plant a most stately appearance.

DOUBLE CHINESE LOTUS (*N. Pekinensis rubrum plenum*)—Huge double red flowers. A very choice variety giving a tremendous display. Flowers like giant roses produced in great profusion. A truly magnificent plant with flowers a foot across.

PINK LOTUS—A good one.

DOUBLE WHITE LOTUS—Gorgeous. Large flower.

Any of the above, \$1.00 each, 3 for \$2.50, prepaid.

Water Lily

LOW PRICED EVERGREENS

FOR ROCK GARDEN PLANTING

BLUE SPRUCE—This is your opportunity to get a fine Blue Spruce on your lawn at low cost. These fine Colorado Spruces are very blue in color and should make very rapid growth. Price, 3-year-old, 8-12 inches, \$1.00 each, prepaid.

JUNIPER PFITZERI—A Chinese type of Juniper which makes a broad Evergreen with horizontally spreading branches. Grows from 4-5 feet high and has plume-like branches. Are very pretty; do well anywhere. Price, 3-year-old plants, 6-8 inches, 35c each; 3 for \$1.00, prepaid.

JUNIPER SABINA—A low growing, wide spreading, thickly branched dark green Evergreen that must be seen to be appreciated. Price, 3-year-old plants, 8-10 inches, 40c each; 2 for 75c, prepaid.

RETINOSPORA PLUMOSA—A blue-like Evergreen of a regular habit of growth. Bright shiny green foliage and a wonderful plant. Price, 3-year-old plants, 8-10 inches, 35c; 3 for \$1.00, prepaid.

AMERICAN ARBORVITAE—A very good tree for grouping or for formal planting. Very quick grower and can be trimmed to any desired height or shape. Makes fine hedges. Price, 3-year-old, 10-12 in., 35c each, prepaid.

CHINESE ARBORVITAE—A pyramidal tree of very compact form. Foliage is bright green and fine for foundation planting. Price, 10-12 in., 35c each, 3 for \$1.00, prepaid.

GOLDEN CHINESE ARBORVITAE—Conceived to be one of the most beautiful Evergreens that grow. Very dense and compact and of rich golden color. The branches stand out fan-like shaped from the center of the plant and it is extremely interesting. Price, 8-10 in., 35c each, 3 for \$1.00.

SIBERIAN ARBORVITAE—Very handsome dark green variety. Grows naturally conical in shape. Good for foundation planting and is a very strong and sturdy grower. Price, 3-year old, 10-12 inches, 45c, prepaid.

PYRAMIDAL ARBORVITAE—It forms a tall slender column, densely branched, with dark green foliage. Very graceful tree. Price, 10-15 inch, 45c each; 3 for \$1.25, prepaid.

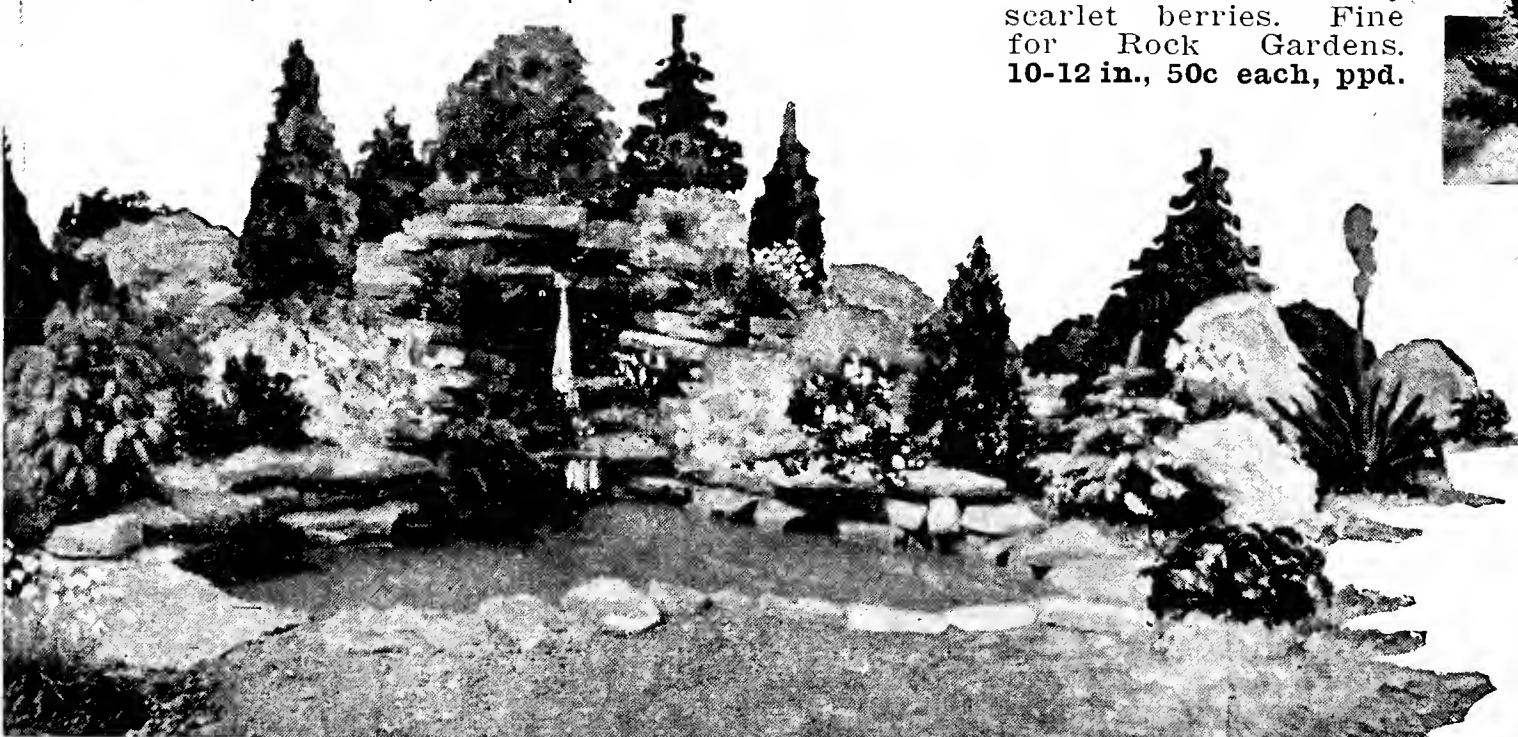

GLOBE ARBORVITAE—A low-growing form of the Arborvitae of very dwarf habit. Grows naturally in dwarf shape. Prices, 8-10 in., 35c each, 3 for \$1.00.

NEW AND RARE PLANTS

FLOWERING CRABS—MALUS

The Chinese Flowering Crabs. The flowers are produced before the foliage, coming in multitudes and almost obliterating the branches. The effect is beautiful in single trees or clumps, but is wonderful in hedges. They grow in any soil.

ELEYII—This is a purple-leaved, Crab of recent introduction from England. The flowers are large, of a deep red color. Has purplish red foliage and attractive red fruits. 3 to 4 ft., \$1.00, 2 for \$1.01, prepaid.

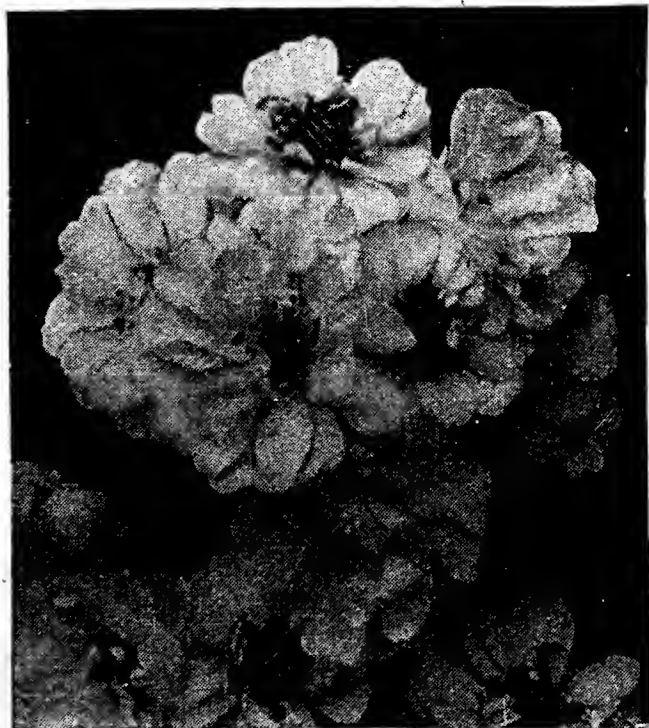

ALDENHAMENSIS—The Aldenhamensis is a new Flowering Crab, originating as a chance hybrid on the place of Hon. Vicary Gibbs at Aldenham, England. Finest of all the red-flowered Crab Apples flowering after most of the other Crabs have finished. Double red. 3 to 4 feet, \$1.00 each; 2 for \$1.75, prepaid.

FLORIBUNDA—Bright pink flowers upon opening turning to white. Small yellow fruit in the autumn. 3 to 4 feet. \$1.00 each, 2 for \$1.75, prepaid.

PARKMANI—A broad spreading form with very bright rose-colored flowers of a semi-double form. 3 to 4 ft., \$1.00 each, 2 for \$1.75, prepaid.

BECHTELS—Pale pink double flowering; sweet scented flowers; upright habit; can be used as specimen plants, very attractive in groups. 2 to 3 ft. 80c ea., 2 for \$1.50, ppd.

Write our Landscape Department for Free Advice for Laying out Your Grounds.

Bechtel's Flowering Crab

FLOWERING HAWTHORNS

Handsome Dwarf Trees with shiny leaves. Very attractive in shape and color, they bloom in profusion late in spring time. These are followed by red fruits and autumnal colorings.

PAUL'S SCARLET THORN (Crataegus Oxycantha Splendens)—Flowers deep crimson scarlet, very double. This is one of the most attractive trees for specimen planting or groups, as showy in fruit as when in flower. 3 or 4 ft. size, \$1.50 each, 3 for \$3.50, prepaid.

DOWNY HAWTHORN (Crataegus Mollis)—Bright green leaves with very showy fruit; fine for mass planting, hedge or screen. 2 to 3 feet, 60c each, 2 for 61c, ppd.

WHITE FLG. ENGLISH HAWTHORN (Crataegus Oxycantha Alba)—Pure white, very attractive double flowers. Beautiful in foliage and fruit in the Autumn. 2 to 3 ft., 50c each, 3 for \$1.25, prepaid.

FLOWERING PEACH

To those who have had the first view of a well developed tree of this kind in full bloom it appears that nothing more beautiful could possibly be found.

PINK FLOWERING PEACH—This variety has habits exactly like the white flowering, only the flowers are of a deep rose red color. Price: 3 to 4 ft. \$1.50 each, two for \$2.25.

JAPANESE FLOWERING CHERRY

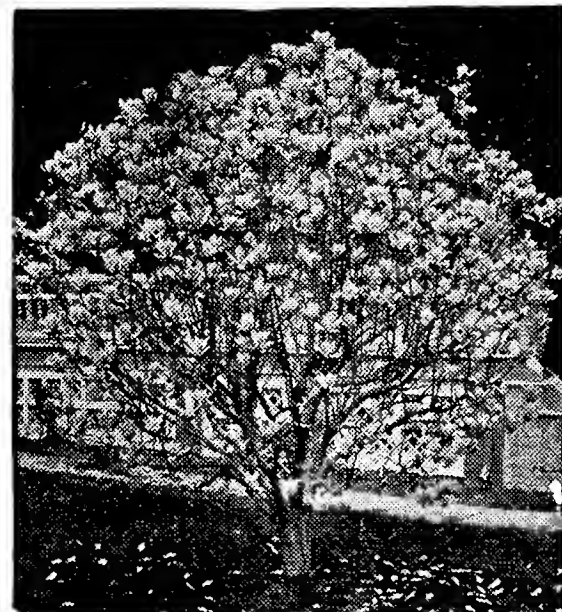

Also called the Rose Flowering Cherry. The most notable trees of this group are at Washington D. C. This collection was presented to our nation by the City of Tokio, Japan. They were planted along the Potomac River Drive, and since they have come into bloom, are visited by everybody in Washington during the blooming season. Hardy everywhere and should be largely planted.

WHITE FLOWERING CHERRY (Cerasus Avium Alba)—Beautiful small trees absolutely covered with flowers in the springtime. Flowers are pure white. Price: 3 to 4 ft., \$1.75 each, 2 for \$3.25, prepaid.

PINK FLOWERING CHERRY (Cerasus Avium Rosea)—These trees are covered with flowers of a deep rose color, in clusters all over the trees. Has the same habit otherwise as the White Flowering. Price: 3 to 4 ft. trees, \$1.75 ea., 2 for \$3.25, prepaid.

MAGNOLIA

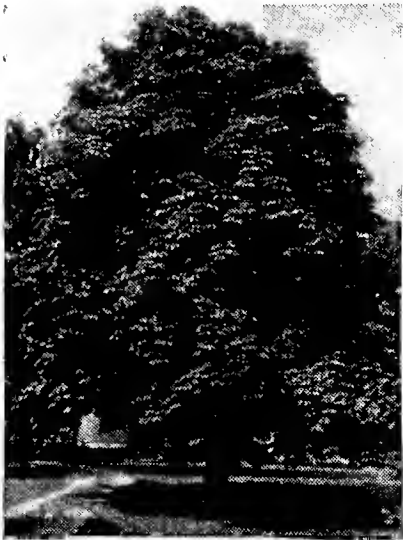

SOULANGEANA—Considered one of the finest and most satisfactory of all Magnolias. Makes a very picturesque bush or can be trained for height, and will grow 30 feet or more. Flowers are immense. The petals are thick, pinkish white inside and lightly purple tinted on outside. 12 to 15 in., only, \$1.25 each, postpaid.

Magnolia Soulangeana

ORNAMENTAL SHADE TREES

ASH—FRAXINUS

Mountain Ash

AMERICAN WHITE (Americana)—A handsome, hardy, broad headed, quick growing shade tree, sometimes reaching 120 feet in height. Very valuable in landscape work, for park and street planting. 6 to 8 feet, \$1.00, 2 for \$1.01. Not prepaid.

EUROPEAN MOUNTAIN (Sorbus Aucuparia)—An ornamental deciduous tree with beautiful foliage which turns orange red in fall; fruits showy, often remaining all winter. 6 to 8 feet, \$1.00. Not prepaid.

ELM—ULMUS

MOLINE ELM—The outstanding characteristic of this tree is a decidedly pyramidal growth, with heavy branches twice the caliper of the common Elm and leaves twice the size of the ordinary, of a deep shining green color and deeply veined. The bark is smooth, greenish gray in the young growth, and extremely clean and healthy looking. Price: 6-8 ft., \$1.00 each; 2 for \$1.75. Not prepaid.

ULMUS PUMILA, A New Variety of Elm—A native of China. A noble, rapid-growing tree. Forming a very dense head, with smaller, darker leaves than the American Elm. Leaves stay on the tree much longer. Price, 4 to 5 ft., each \$1.00; 3 for \$2.75; 5 to 7 ft., \$1.25 each; 3 for \$3.50; 8 to 10 ft., \$1.65. Not prepaid.

AMERICAN (Americana)—Very valuable for park planting for avenues, and as a shade tree for lawns. One of the most majestic and graceful of our shade trees. Hardy, a rapid grower, resists drought well, long lived. Price, 6 to 8 ft., \$1.00 each, 2 for \$1.01; 8 to 10 ft., \$1.50, 2 for \$1.51; 10 to 12 ft., \$2.00 each, 2 for \$2.01. Not Prepaid.

BIRCH

CANOE OR PAPER—A large, vigorous upright tree with broad, handsome leaves and brilliant white bark. 6 to 8 feet, \$1.35; 8 to 10 feet, \$2.00. Not prepaid.

THE DOGWOODS—CORNUS

CORNUS FLORIDA (White Flowering Dogwood)—Flowers white, 3 to 3½ inches in diameter, produced in spring before leaves appear. 20 to 25 feet high. 2 to 3 feet, 50c; 3 to 4 feet, 80c; 4 to 5 feet, \$1.25. Not prepaid.

CORNUS FLORIDA RUBRA (Red Flowering Dogwood)—Slower growing and more formally shaped with handsome red flowers. B&B 2 to 3 feet, \$1.50; 3 to 4 feet, \$2.00. Not prepaid.

OHIO BUCKEYE

WHITE FLOWERING—This well known species is very handsome; has magnificent spikes of white flowers borne in profusion and sweetly scented. It has been made the State Tree for Ohio. 4 to 5 feet, \$1.60; 5 to 6 feet, \$2.00; 6 to 8 feet, \$3.00. Not prepaid.

MAPLE—ACER

BOX ELDER (Negundo)—Large, spreading tree of rapid growth; very hardy, and a good drought resister. Largely planted for windbreaks and timber. 6 to 8 feet, 90c each. Not Prepaid.

ACER GINNALA—Small tree or shrub with attractive foliage, especially valuable for high fall coloring. 3 to 4 ft. 50c, 3 for \$1.25, not prepaid.

NORWAY (Platanoides)—Large, handsome tree with a compact rounded head. One of the best and most beautiful trees for the street, the park, cemetery or lawn planting. 6 to 8 ft., \$1.60; 8 to 10 ft., \$2.00. Not prepaid.

SILVER (Saccharinum)—One of the best known of all Maples. An ornamental tree with wide, slender spreading branches. Thrives almost anywhere, but grows very rapidly in moist, rich soil. 6 to 8 feet, 85c, 2 for 86c; 8 to 10 feet, \$1.00, 2 for \$1.01. Not prepaid.

SUGAR OR ROCK (Saccharum)—Large trees to 120 feet with gray bark. Long lived. Grows well except in damp, soggy soils. An excellent street and shade tree of upright, dense growth, turning bright yellow and scarlet in autumn. 6 to 8 feet, \$1.00; 8 to 10 ft., \$1.50. Not Prepaid.

SCHWEDLERII (Purple-leaved Norway Maple)—See inside front cover.

THE OAKS—QUERCUS

PIN—Almost pyramidal in habit, described as half-weeping when old, because its lower branches touch the ground. It grows faster and develops the family characteristics earlier than most Oaks. The leaves are deep green, glossy and finely divided. Orange-scarlet in fall. 6 to 8 feet, \$1.75; 8 to 10 feet, \$2.25. Not Prepaid.

RED OAK—80 to 100 feet tall, unusually large in leaf and quick in growth. The young shoots and leaf-stems are red, the foliage purplish crimson in Autumn. Price, 6 to 8 feet, \$1.75; 8 to 10 feet, \$2.25. Not Prepaid.

POPLAR—POPULUS

BOLLEANA POPLAR—Silver Leaf—Grows to an 80 foot bulky spire, leaves glossy green, silver beneath. 6 to 8 feet, 75c each; 8 to 10 feet, \$1.00 each. Not prepaid.

LOMBARDY—See inside front cover.

EUROPEAN SYCAMORE

The well-known Oriental Plane (Platanus Orientalis). Used in great numbers to create vistas of dense green shade, along new streets which require quick development of shade and ornamentation. A lofty, wide-spreading tree with deeply lobed palmate leaves; valuable for its handsome foliage, hardiness, and free growth. 6 to 8 feet, \$1.00 each, 2 for \$1.01; 8 to 10 feet, \$1.50, 2 for \$1.51. Not Prepaid.

TULIP TREE

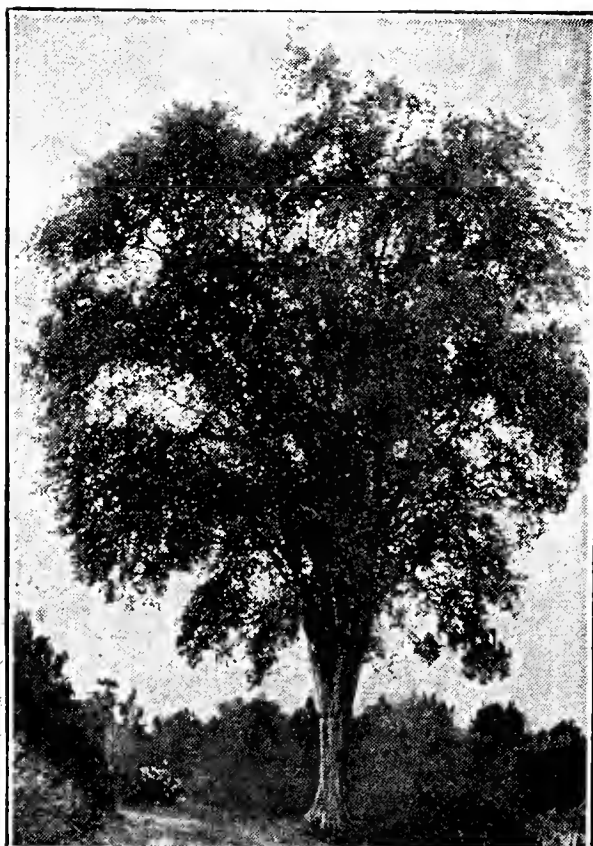

LIRIODENDRON Yellow Wood (Tulipifera)—Tall, handsome, hardy, ornamental, pyramidal habit, rapid growth. Has clean foliage, light bluish green, rarely attacked by insects, fragrant yellow and orange flowers in June. 6 to 8 ft., \$1.50 each. Not Prepaid.

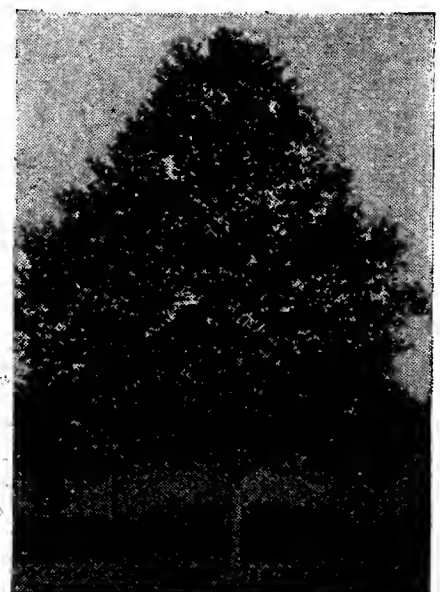

Norway Maple

Ohio Buckeye

American Elm

Silver Maple

WEeping TREES

The weeping trees are very interesting as well as beautiful and effective when rightly placed upon the lawn, or in the park. The best and most satisfactory are offered below.

WEeping MULBERRY (Alba, var. Tartarica Pendula)—We recommend this as one of the thriftiest, hardiest and most beautiful of the weeping trees, with slender, willowy branches that sweep the ground, forming a beautiful tent of green. Good 5 to 7 ft. trees, **\$2.00 each; 2 for \$3.50. Not prepaid.**

WEeping MOUNTAIN ASH—A very desirable odd growing weeping tree. It produces the same beautiful berries as the ordinary Mountain Ash and has the weeping habit of Weeping Mulberry. This tree is very rarely seen but is easily grown, very hardy and will be sure to grow satisfactorily. These trees were grafted two years ago and are an exceptional value for the price asked. **Price, \$1.75 each, 2 for \$3.00. Not prepaid.**

WEeping CUT LEAF BIRCH—Birches not only form an interesting class of trees, but they are also beautiful and ornamental. They are especially desirable for park and other ornamental planting. The bark usually separates into thin, papery leaves. The foliage is rarely attacked by insects. Their graceful habit, slender and often pendulous branches, and their picturesque white trunks make them conspicuous marks on any landscape. **Price, 6 to 8 feet, \$2.50 each. Not prepaid.**

WEIR'S CUT LEAF WEeping MAPLE—This variety of the maple has very pendulous branches and the leaves are deeply cleft, giving them almost a fern-like appearance. 6-8 ft., **\$1.50 each, 2 for \$1.51. Not prepaid.**

WEeping WILLOW
GOLDEN WEeping (Elegantissima)—A strong and the most vigorous grower of all the weeping willows. Used for planting in low places or on the banks of streams, springs, lakes or ponds, making a very beautiful effect. 5 to 7 ft., **\$1.00 each, 2 for \$1.01. Not prepaid.**

BABYLONIAN—A beautiful weeping tree with long drooping branches, sometimes 30 ft. long. Sways gently with the wind and is most desirable. **Price, 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.60 each. Not prepaid.**

NUT TREES

FILBERTS (American)—The common Hazelnut. Will grow in almost any location. **Price, 35c, 2 for 36c.**

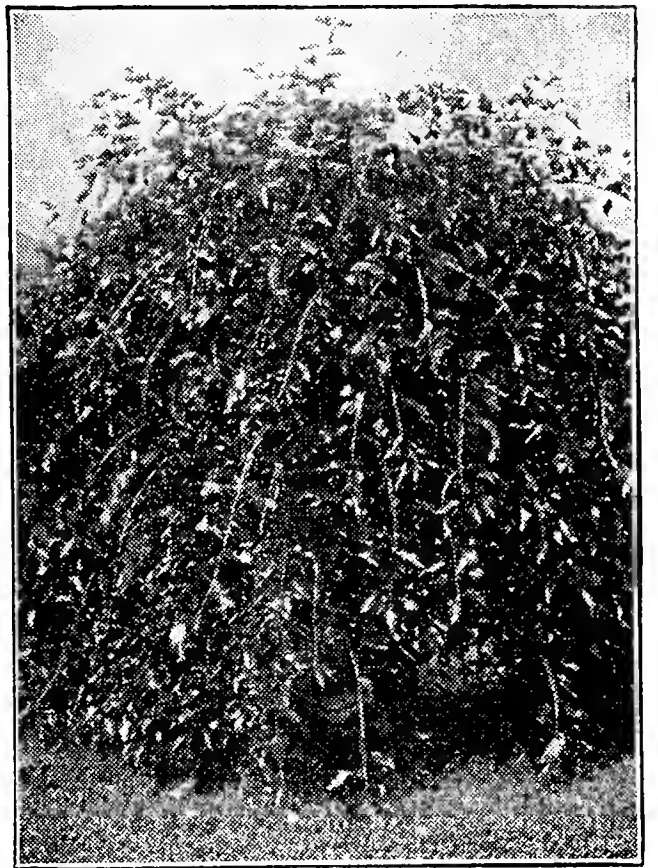

PECAN—Pecan growing is becoming a favorite industry in the Southern and Western States and is quite profitable. The trees are long lived, quite hardy and productive. They are large, thin shelled, full kernels and of rich flavor. We offer grafted varieties only. 2 to 3 feet, 60c; 3 for **\$1.50. Not prepaid.**

ENGLISH WALNUT—A fine ornamental tree that grows well in the climate of the Middle States and bears freely. 2 to 3 ft. **\$1.50 each. Not prepaid.**

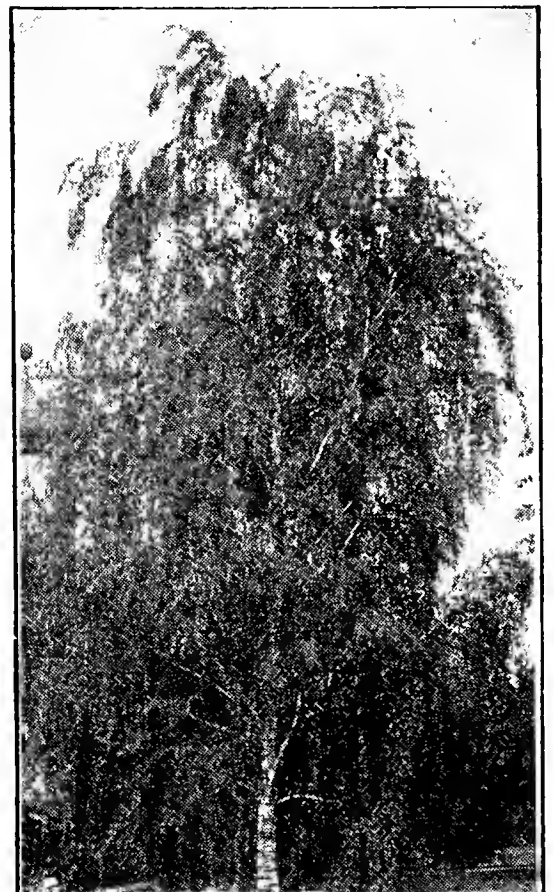

WHITE WALNUT OR BUTTERNUT—This tree is chiefly esteemed for its abundant crops of fruit, which abounds in oil, and is sweet and rich. The form of the nut is oblong, oval, and narrowed to a point at the extremity. The tree is considered valuable as a park tree. 2-3 ft. 35c, 3 for **\$1.00.**

BLACK WALNUT—This is one of the largest, grandest and most massive of our forest trees. It is a favorite of the landscape gardener. A very good tree for public planting on account of its rapid growth and handsome foliage. 2-3 ft., 25c; 5 for **\$1.00.**

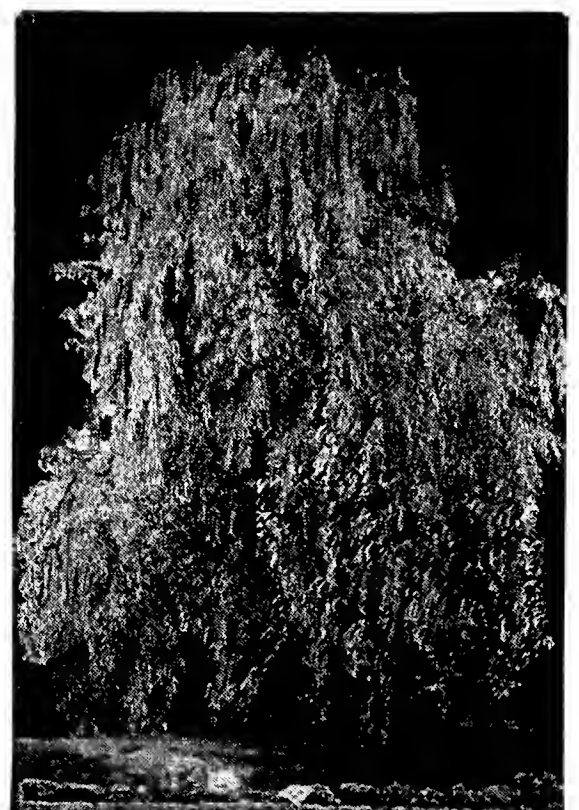

JAPAN WALNUT—Large, spreading top of this tree makes it very ornamental. Trees very hardy, having stood a temperature of twenty degrees below zero without injury, begins to bear when three years old. The nuts are larger than the common hickory nut and borne in clusters of from ten to twenty. 12 to 18 in., 25c; 5 for **\$1.00.**

Numbers as follows: 1, 2, 3, 5, 7, 8 and 12, Your Choice, 10 to 12 in., 35c each, 3 for\$1.00, Ppd.

Prices sent on larger sizes on request.

ARBOR VITAE—THUYA

AMERICAN (*Occidentalis*)—The foliage is of a light green color. This is a very good tree for grouping, for tubs and vases, and for uses they are unsurpassed. They are very quick growers and may be trimmed to any desired height. Fine for hedges. 18 to 24 inches, B&B 75c; 2 to 3 feet, B&B \$1.25. Not prepaid.

CHINESE (*Biota Orientalis*) (See inside back cover)—A pyramidal tree finally attaining a height of 25 feet. Very compact form. Foliage is bright green, 18 to 24 inches, B&B 90c; 2 to 3 feet, B&B \$1.25. Not Prepaid.

TOM THUMB—A low growing arbor vitae good for edging evergreen plantings. Foliage similar to *Retinospora*. Very fine. Price: 12 to 15 inches. B&B 90c. Not Prepaid.

GLOBE ARBOR VITAE—Grows naturally in dense globe form. Used as low growing evergreens as borders to tall Evergreens, or side of steps also side of entrance of walk. 10 to 12 inches, 45c, 2 for 46c; 12 to 15 inches, \$1.00 each, 2 for \$1.01. Prepaid.

PYRAMIDAL ARBOR VITAE—Grows naturally tall, slender columns of densely branched dark green foliage, but few evergreens can fill its place in a landscape effect. Prices, 3 yr. old plants, 12 to 18 inches, 45c, 3 for \$1.25; 2 to 3 ft. B&B \$1.55 each. Not Prepaid.

JUNIPER—JUNIPERUS

CHINESE (*J. Chinensis*)—One of the most ornamental Junipers for the lawn or garden. Pyramidal or columnar outline, foliage of a pleasing grayish green color when fresh, maturing to real dark green. Adaptable to extremes of temperature and association with varying sorts. 2 to 2½ feet, B&B \$1.50. 2½ to 3 feet B&B \$2.00. Not Prepaid.

HORIZONTALIS—A handsome serviceable ground covering type of closely radiating habit, the foliage more thread-like and distended than in *Tamariscifolia*, yet denser and more prostrate than *Waukegan*; the color a fresh gray green. Sizes mean spread: 1½ to 2 feet, B&B \$2.00. Not Prepaid.

IRISH—Erect, slender and formal in habit; foliage sage green, very compact; making a splendid column eventually 15 to 20 feet high; much used in cemeteries. 2½ to 3 feet B&B \$2.00. Not Prepaid.

PFITZERIANA—One of the most striking of all evergreens. The branches progress spirally along the trunk at a 45 degree angle, thereby making a good "filler"; or standing alone, it acquires the symmetry of a broken column. The first new growth thickly studding the expanse like silver beads. 3 yr. 8 to 12 in., 40c; 1½ to 2 feet, B&B \$1.50; 2 to 2½ feet, B&B \$3.00 each. Not Prepaid.

DEPRESSA PLUMOSA—The most beautiful of all low growing Evergreens. Grows 2 to 3 ft. in spread and 18 inches high. Dark green foliage and very fine. Especially suited to rockeries. 8 to 12 inches, 40c; 12-18 inches. B&B \$1.50. Not Prepaid.

SWEDISH (*J. Suecica*)—Tall growing, of formal, columnar habit. The foliage is dense, fairly broad, with drooping tips; in color glaucous green somewhat lighter and bluer than the Irish Juniper. 2 to 3 feet, B&B \$2.00. Not Prepaid.

WATCH THEM GROW

We offer the following Evergreens, grafted and out of pots. 8 to 12 in. You can now have some of the new and better evergreens at a very reasonable price. You will enjoy watching their development into large attractive trees.

Juniper Virginia Glauca—Silver Red Cedar.

Juniper Columaris—Excellent in almost any location.

Juniper Cannarti—Dark green tufted foliage, pyramidal.

Juniper Elegantissima Golden tip—Choice and rare.

Juniper Horizontalis—Unique in color—Excellent ground cover.

Juniper Depressa Plumosa—Good spreading low growing evergreen.

Juniper Pfitzeriana—Low, broad, upright grower, does well in almost any soil or climate.

Price, your choice, 35c each, 10 for \$3.00 postage paid.

EVERGREENS CONTINUED

JUNIPERS—(Continued)

SAVIN—Handsome moss green foliage; adapted to use as a filler in Evergreen groups, or as a dwarf ground cover. 12 to 18 inches, B&B \$1.50; 18 to 24 inches, B&B \$2.25. Not Prepaid.

VIRGINIANA (Red Cedar)—A well known American tree, with fine, dense foliage, varying in habit and color, the majority being formal and bluntly conical. Makes a fine tree for planting on each side of an entrance or in back of low growing varieties. Price, 8 to 12 inches, 35c each, 2 for 36c; 2 to 3 ft. B&B \$2.00 each, 2 for \$2.01; 3 to 4 ft. B&B \$3.00 each, 2 for \$3.01. Not prepaid.

VIRGINIANA CANNARTI—A newly derived type resembling Schotti in leaf and character, midway in color between the pronounced yellowish green of that variety, and the darkness of Virginiana. 2 to 3 feet, B&B \$2.00. Not prepaid.

VIRGINIANA GLAUCA (Blue Va. Cedar)—Unlike so many varieties it is not at all formal but, without losing general compactness, its irregularity of spread is uniquely attractive, the broadly conical form and beautiful glaucous blue foliage making it one of the choicest of all Junipers. 2 to 3 feet, B&B \$2.00; 3 to 4 feet, B&B \$3.00. Not prepaid.

PINES

SCOTCH PINE—This grows to be a large tree, seventy to one hundred and twenty feet in height, with spreading, somewhat pendulous branches, pyramidal when young, with broad and round top, often picturesque head in old age. 15 to 18 in. 2 for 51c, 18 to 24 in., \$1.00, 2 for \$1.01, ppd.

MUGHO PINE (Dwarf Mountain Pine)—This Pine is very valuable in habit, with dark brown branches, bright green leaves, stout and acutish. The tree is broader than it is high, forming a dark, dome-shaped bush. Very effective for rocky places. 8 to 12 inches, 50c; 12 to 18 inches, \$1.50. Not prepaid.

SPRUCE—PICEA

COLORADO BLUE (Pungens)—A handsome and very hardy tree of symmetrical habit, with light, sometimes almost silvery blue foliage. Good in landscape work. 18 to 24 inches, B&B \$3.50; 2 to 3 ft., B&B \$5.75. Not prepaid.

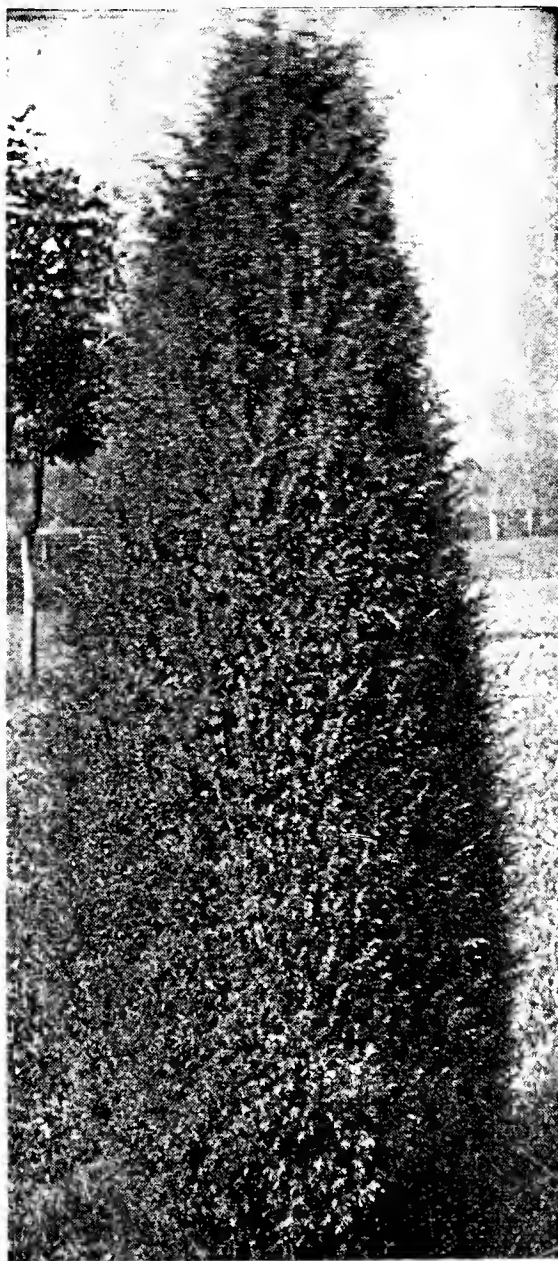

NORWAY (Excelsa)—This tree is extensively planted in many of the states. Is one of the best conifers to plant for shelter and windbreaks. 12 to 18 inches, B&B 65c; 18 to 24 inches, B&B \$1.00; 2 to 3 ft. B&B \$1.50. Not prepaid.

WHITE (Alba)—A very ornamental tree similar to the Norway Spruce. One of the best for cold climates. Is an upright, compact grower, and retains its branches to the ground. It can be distinguished by its grayish blue color and quick growth. 12 to 18 inches, B&B 85c; 18 to 24 inches, B&B \$1.25; 2 to 3 feet, B&B \$1.75. Not prepaid.

MOREHEIM BLUE SPRUCE—The bluest of all Blue Spruce. Foliage a brilliant silvery blue. Our stock is extra nice and color guaranteed. Price 24-30 in., \$9.00. Not prepaid.

Colorado Blue Spruce

Swedish Juniper

Scotch Pine

DOUGLAS SPRUCE—PSEUDOTSUGA

FALSE TSUGA (Taxifolia)—This is the tallest and one of the important forest trees of western North America. It would be difficult to overrate its beauty. It probably grows faster than any other conifer. Very desirable for grouping. 2 to 3 feet, B&B \$2.00. Not prepaid.

HEMLOCK SPRUCE—TSUGA

HEMLOCK SPRUCE (Canadensis)—This is one of the most graceful and handsome of the evergreens and is especially valuable for hedgings of evergreens, windbreaks and for specimen planting. The lumber of this tree is much used for frames of buildings. 2 to 3 ft. B&B \$2.50. Not prepaid.

Plant Christmas Trees for Profit

Always a ready market for live Christmas trees, and demand increases each year.

NORWAY SPRUCE Best Variety—Should be planted in spring 18 in. apart in rows 3 feet apart. 3 yr. old plants 6 10 in., \$5.00 per 100. Quantity prices on request.

Flowering Almond

Althea

Buddleia

SPECIAL OFFER

At the right is shown a very effective planting of Flowering Shrubs. Will cover a space around a corner of about 15 ft. This planting is listed especially low, illustration shows you how to plant them.

No. 1—3 Japanese Barberry 12-18 inch.

No. 2—2 Spirea A. Waterer 12-18 inch.

No. 3—2 Bush Honeysuckle 2-3 ft.

No. 4—3 Spirea Van Houtteii, 18-24 inch.

Priced at \$2.15 for the collection
Prepaid.

A walk with nature in her undisturbed retreats will soon reveal to her student and lover that she has been most lavish with certain species of shrubs in the various localities. These varieties are frequently good to be used when beautifying the home surroundings, but aside from these, many other varieties are always needed to add variety and many times to aid in making up the succession of bloom. It has been noted among other things that isolated specimens are seldom found. Do not delay another season in planting shrubs, they add materially to the beauty and attractiveness of any home or public place at less cost than anything else.

ABELIA GRANDIFLORA—Leaves glossy dark green, and is classed as a semi-broad-leaved evergreen. In mild winters will hold its foliage. Bloom is delicate pink in clusters along the stem. Blooms over exceptionally long period. 2 yr. plants, 18-24 in., 40c each; 3 for \$1.00. prepaid.

ARONIA, RED CHOKEBERRY—Valuable for red berries and red foliage in autumn. White flowers in spring. 18-24 in. 35c, ppd.

ARALIA SPINOSA

SPINOSA (Hercules Club, Angelica Tree, Devil's Walking Stick)—A shrub, sometimes growing to 15 feet in height. Stout, prickly stems, large leaves, enormous clusters of flowers, give this species a very subtropical appearance. 45c each; 2 for 85c, prepaid.

ARALIA (Pentaphyllum)—Five leaved Aralia. Yellow, June. An unusually hardy shrub, thriving in very adverse soil and city conditions. Will grow under the shade of trees where all else fails. Flowers are inconspicuous but the foliage is very attractive. The canes are prickly and comparatively upright in their habit of growth. Prices 2 to 3 ft., 35c, 3 for \$1.00, prepaid.

FLOWERING ALMOND

DOUBLE FLOWERING ALMOND—Pink and white varieties. Hardy as far north as Ontario. Flowers very double and appear in early spring. 18-24 in., 45c each; 2 to 3 feet, 65c each; 2 for \$1.25, prepaid.

PURPLE LEAVED PLUM (Cerasifera, var. Pissardi)—One of the best of all purple-leaved trees, holding much of its color in the American summers. It seems to be hardy wherever the common plum is grown. 4 to 5 ft., 85c each, postpaid.

ALTHEA Rose of Sharon

One of the finest of the ornamental shrubs. Its bright green leaves and great abundance of variously colored flowers make it very effective when planted as a hedge. The color ranges from blue-purple to violet-red, flesh color and white. There are also double forms. The plants we offer are strong, field grown, two and three year. Price 2 to 3 ft., 35c each, 2 for 36c, prepaid.

ARDENS—Light pink.

BOULE DE FEU—Double red; shrub form.

JEANNE D'ARC—Double white.

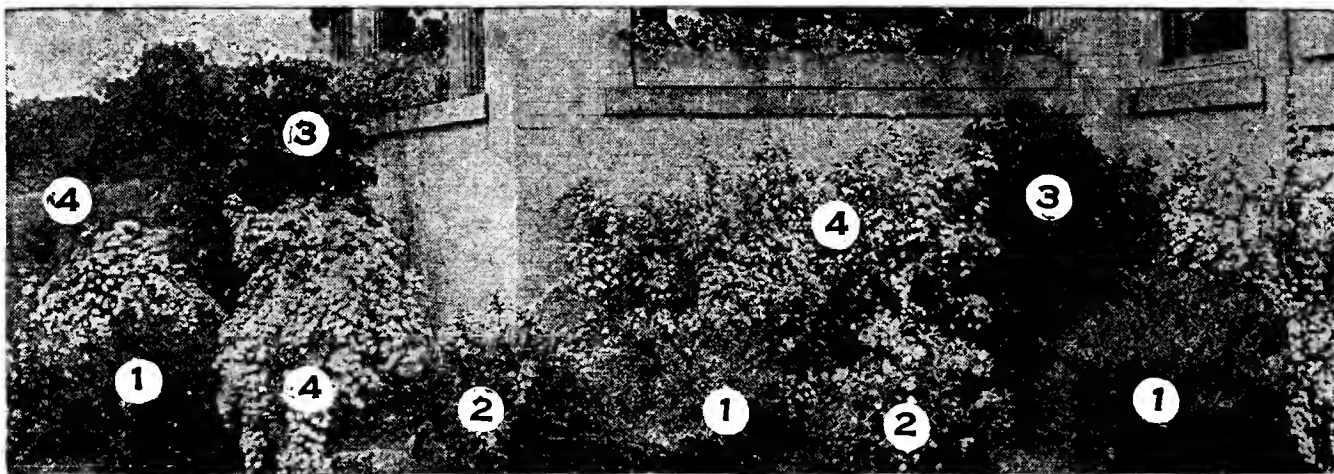

PAEONYFLORA—Rose color.

RUBIS—Single red.

TOTUS ALBUS—Single white.

BUTTERFLY BUSH Buddleia

SUMMER LILAC (Varibilis Magnifica)—This shrub of comparative recent introduction has grown into favor almost immediately. It is a semi-herbaceous plant, by which we mean in some latitudes it will die down to the ground and while perfectly hardy, we recommend covering the roots with manure, leaves or other material as winter approaches, as it will help to produce a heavy growth the next season. It is very hardy; blooms the first season, usually from June until frost; the blossoms are borne on long, graceful stems, which terminate in tapering panicles of lilac-colored flowers that are of miniature size. The flower head is frequently ten inches long. 40c each, 2 for 41c.

Planting of Flowering Shrubs

SHRUBS CONTINUED

BARBERRY

JAPANESE (Thunbergii)—Of all the Barberries in cultivation this one is probably the best known, the most planted. It is one of the valuable introductions we have received from Japan and is especially to be desired because of its low, dense horizontal growth. It is quite hardy and will thrive equally well in shade or in sunny locations. Especially valuable for planting along walks and drives and for massing in the border. **12 to 18 inch bushy plants. 30c each, 2 for 31c; 18 to 24 inch 40c each, 2 for 41c, prepaid.**

RED LEAVED (See inside front cover)—Finest shrub in recent years. It comes out bright red in the spring, stays red through the summer and deepens to a deep crimson in the fall. Leaves are followed by red berries that stay on the shrub all winter. This plant is unequalled by any other for bright coloring, and to our best knowledge, has never been offered at the low prices we are quoting below. **6 to 12 inch plants, 10 for \$2.50; 20 for \$2.51.**

CALYCANTHUS

SWEET SCENTED SHRUB—A unique shrub growing upright to 6 feet, clothing its straight strong, reddish brown shoots with large glossy leaves, from the axils of which spring odd, double, spicily fragrant flowers of chocolate-red. **1½ to 2 feet, 45c each, 2 for 85c, prepaid.**

CREPE MYRTLE

LAGERSTROEMIA—The most gorgeous of all blooming shrubs for the South. Blooms throughout the summer, withstands drought wonderfully. A strong grower and will grow 15 to 20 feet high, making immense heads of crepe-like pink flowers. Top freezes back in Northern States, but it usually comes up from the ground and blooms the same year. **Price, strong plants, each 40c, 3 for \$1.10. Prepaid.**

DEUTZIA

An elegant species of strong, erect-growing shrubs. Especially prized for the beautiful clusters of blossoms in May.

PRIDE OF ROCHESTER—Showy, early, large-flowering sort; blossoms in May before others. Grows 6 to 8 feet high. White flowers, large and double. One of the best of the Deutzias. **2 to 3 feet, 40c each; 2 for 75c, prepaid.**

LEMOINEI—Spreading shrub to three feet in height. Its pure white flowers appear in broad panicles. A very desirable shrub, more vigorous and with more showy flowers than some of the other forms. Excellent for forcing. Very hardy. **18-24 in. 55c, 3 for \$1.50, prepaid.**

GRACILIS—A handsome, dwarf and bushy little shrub with slender, often arching branches. A neat shrub that blooms in May, clothing its branches in pure white flowers. Valuable for shrubberies or for forcing. **12 to 18 inches 45c, 2 for 85c, prepaid.**

DOGWOOD—CORNUS

ELEGANTISSIMA—This is a beautiful plant. The leaves marked with white. **18 to 24 in., 45c; 2 to 3 ft., 55c each; 2 for \$1.00, prepaid.**

STOLONIFERA AUREA (Golden-barked Dogwood) (II)—Bright yellow bark in winter. Very effective when planted with red-barked varieties. **2 to 3 ft., 35c each, 3 for \$1.00, prepaid.**

RED TWIGGED (Sanguinea)—Grows 10 to 12 feet high, purple or dark blood-red branches. Flowers greenish-white. Fruit is black. **18 to 24 inches, 35c, 2 for 36c; 2 to 3 feet, 45c each, 2 for 46c, prepaid.**

EXOCHORDA

PEARL BUSH (E. Grandiflora)—8 to 10 ft. White. April. This is a plant that is not as well known as it should be. It is one of the most pleasing of the early Spring flowers, being a mass of blossoms during April. The leaves are light green, of unusual construction and in mass planting should be used extensively. Prune severely at planting time for best results. **Prices, 2 to 3 ft., 40c each, 3 for \$1.00, prepaid.**

Calycanthus or Sweet Scented Shrub

GOLDEN BELL—FORSYTHIA

FORTUNEI (Var. Fortunei)—Grows with upright or arching branches. **2 to 3 ft. 35c each, 2 for 36c, prepaid.**

WEeping (Suspensa)—Highly ornamental, free flowering shrub, growing to 5 feet: the branches often drooping on the ground and taking root. They grow in almost any garden soil and are hardy north. The golden yellow flowers appear in early spring. Excellent for margins or groups. **2 to 3 ft., 35c each, 3 for \$1.00, prepaid.**

NEW FORSYTHIA

SPECTABILIS—Strong grower. Showiest of all Forsythias. Of extremely dense flowering habit. Every branch is closely covered with striking yellow flowers before the foliage appears. **40c each, 2 for 41c.**

Plant shrubs for screens, hedges, borders and for beauty of bloom and fruit for birds.

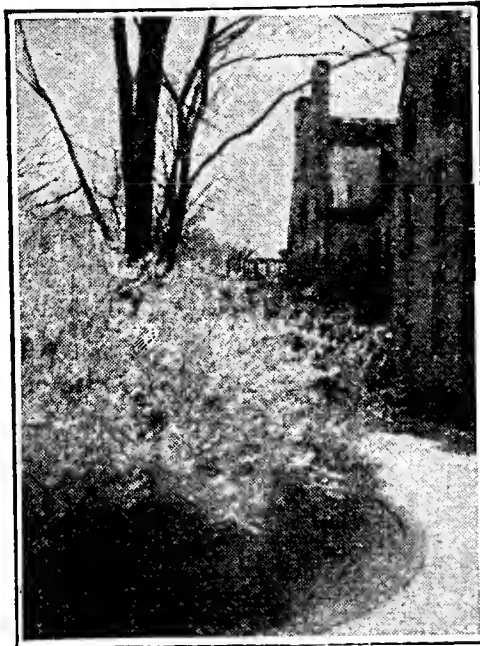

Barberry

Deutzia, Pride of Rochester

Cornus Sanguinea

Forsythia

SHRUBS CONTINUED

HYPERICUM St. John's Wort—Shrubs and herbs, with mostly yellow flowers. The form is compact and rounded, with somewhat persistent leaves. 18 to 24 in., 35c, 3 for \$1.00, prepaid.

HYDRANGEA

The massiveness of bloom on these valuable shrubs and their long blooming season, assures them a place in every grouping where solid white effects are required.

ARBORESCENS GRANDIFLORA (Hills of Snow)—The flowers are, in a large way, similar to the familiar "Snowball" in appearance; conspicuously white and imposing. July to September. By cutting back to the crown each spring, the bushes may be kept round and dense at a normal height of 3 to 5 feet. They are excellent for solid low borders or in foundation plantings, which will allow for about four feet. 1½ to 2 ft., 35c, 2 for 36c; 2-3 ft., 40c, 2 for 41c. Prepaid.

PANICULATA GRANDIFLORA—Fine tall hedges, or if planted in rich soil and severely pruned every spring before the leaf buds open, will get to be very dense, dwarf clumps of compact form, wonderfully attractive when laden with their massive white plumes. Large beds, kept at a uniform development, are extremely showy, first, snowy white, then pink, then reddish bronze and green. August till autumn. Planted rather well back in the intervals between other shrubs, the projecting flower wands arching from the ground are extremely conspicuous and effective white punctuations. 2 ft. 35c, 3 for \$1.00, prepaid.

HONEYSUCKLE—LONICERA

FRAGRANT BUSH (Fragrantissima)—Not quite hardy north of Detroit. It has handsome evergreen foliage and blooms very early. Sweet-scented though the flowers are not very showy. 2 to 3 ft., 35c each, 3 for \$1.00, prepaid.

MORROWI—A very decorative shrub that reaches six feet in height. The beautiful pure white flowers appear in May or June and are followed by red fruits, which remain until late autumn. 2 to 3 ft., 35c, 3 for \$1.00, prepaid.

MAACKII—A large tall shrub with white flowers turning yellow with age. Attractive for its bright red fruit that ripens in late summer. Good for birds. 2 to 3 ft., 35c, 3 for \$1.00.

TARTARIAN (Tartarica)—This is one of the old-time favorite shrubs. It attains about ten feet in height and is extremely easy to cultivate. The upper lip is deeply divided and spreading 18 to 24 in., 35c, 2 for 36c, prepaid.

KERRIA OR GLOBE FLOWER

JAPANESE ROSE (Japonica)—One of the first shrubs brought from Japan. It grows from four to eight feet high and as broad as high. Very attractive throughout the year; in winter the light green branches, in early June when the yellow flowers appear in great abundance; and again in autumn when the leaves have changed to a clear yellow. Not quite hardy in the northern states. 2 to 3 ft., 75c; 3 for \$1.75. Prepaid.

LILAC

BUFFON—Single, mauve pink. 35c each, 3 for \$1.00, prepaid.

COMMON WHITE (S. Vulgaris Alba)—Flowers white, fragrant, beautiful. 60c each, prepaid.

CHARLES X—A strong, rapid growing variety, with large, shining leaves. Trusses rather loose; large, reddish purple. 35c each, 3 for \$1.00, prepaid.

MME. MARIE LEMOINE—The finest double white Lilac yet introduced. The individual flowers, which resemble miniature Tuberoses, as well as the truss, are of immense size, deliciously scented; fine for cutting. 35c each, 3 for \$1.00, prepaid.

PRESIDENT GREVY—Magnificent panicles of large double blue flowers. 3 for \$1.00, prepaid.

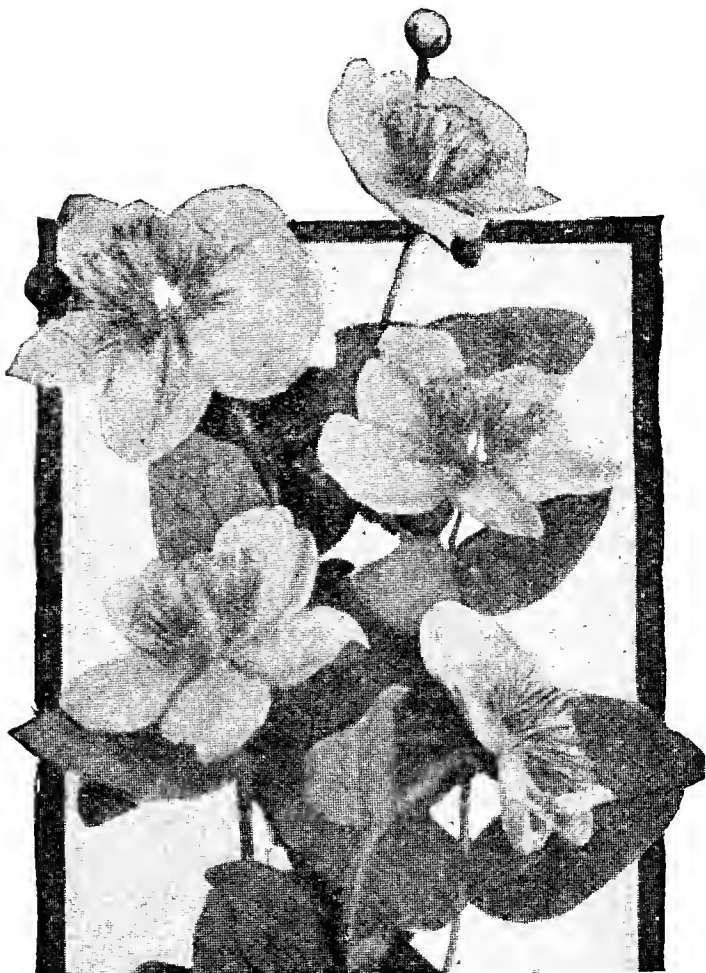

SYRINGA OR LILAC, COMMON PURPLE (Syringa Vulgaris)—The old favorite and one of the best. 35c each, 3 for \$1.00, prepaid.

SOUV. DE LUDWIG SPAETH—Single dark purplish red. 35c each, 3 for \$1.00, prepaid.

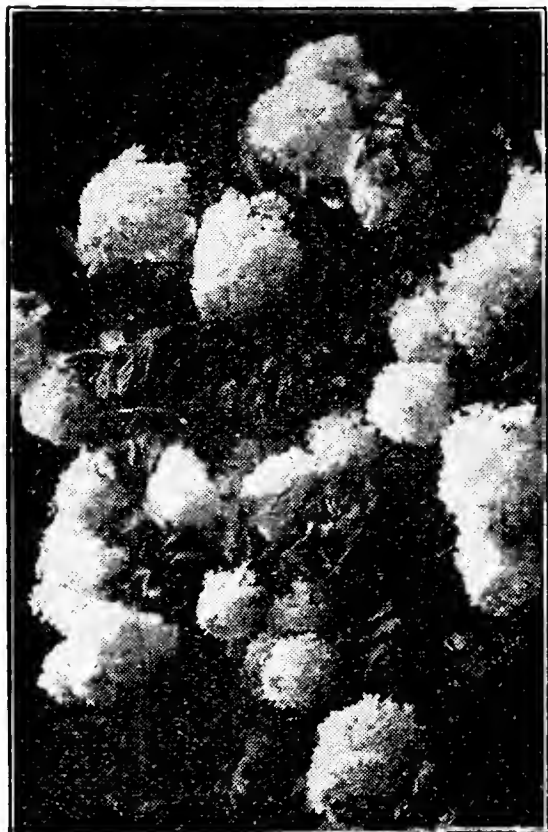

VILLOSA—Single light purple. 35c ea., 3 for \$1.00, prepaid.

PERSIAN LILAC—Beautiful and abundance of large clusters of lilac flowers, foliage, best of all lilacs. Fine for high screen or hedge. 35c, 2 for 36c.

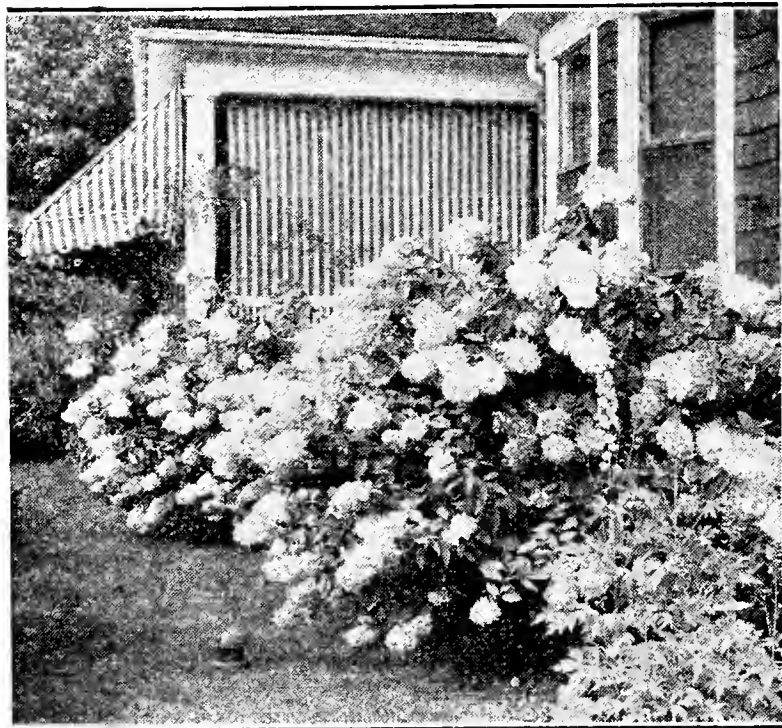

CHINESE LILAC (Syringa Chinensis Rothomagensis)—One of the finest tall violet blue varieties, blooming in June. 2 to 3 ft., 35c, 3 for \$1.00.

Hypericum

Hydrangea, P. G.

Hydrangea or Arborescens Grandiflora

Lilac

SHRUBS CONTINUED

PHILADELPHUS

SYRINGA GRANDIFLORA—Large, flowering shrub, growing to about eight feet, with spreading branches, usually upright and vigorous, flowers slightly fragrant. Rapid grower and most hardy. 18 to 24 in., 30c; 2 to 3 ft., 35c each; 3 for \$1.00, prepaid.

LEMOINEII—Graceful shrub with slender, arching branches. The blossoms appear in three to seven inch short racemes, very sweet scented. 18 to 24 inches, 35c, 3 for \$1.00, prepaid.

VAR. AUREA—Similar to the above variety except that the foliage is a beautiful golden color. 12 to 18 ins. 35c; 2 for 36c, ppd.

PHILADELPHUS VIRGINAL **1-CENT Sale** Blooms throughout the season—This is a new and wonderful addition to the Mock Orange family but is far beyond anything in this line that has been brought out in the past. It is without question one of the most beautiful shrubs grown and once it becomes known will be planted on every home ground. Because of its being new the supply of this variety is scarce and high priced, but we are going to offer these at the following low prices as long as our supply of this shrub lasts. Price, 18 to 24 in., 60c each, 2 for 61c. Large 2 to 3 ft. plants, 80c each, 2 for 81c, prepaid.

Philadelphus Grandiflora

RHODOTYPHUS KERROIDES

Sometimes called the White Kerria. A very ornamental, deciduous much-branched shrub, usually from three to seven feet, handsome and distinct, and is hardy as far north as Massachusetts. Has bright green foliage. Made very conspicuous by its white flowers in May or June and black fruits in the fall. 2 to 3 feet 40c each, 2 for 75c, prepaid.

SPINDLE TREE—EUONYMUS

BURNING BUSH (Corky Bark) (Alatus)—An attractive, ornamental shrub to eight feet. The flowers appear in May and June. In autumn the foliage changes to a fine rose color. 2 to 3 feet, 75c each, prepaid.

1-CENT Sale **STRAWBERRY BUSH** (Americana)—An ornamental, upright shrub to eight feet. The flowers appear in June, are yellowish or reddish green, followed by pink fruits which are very attractive. 2 to 3 feet, 60c each; 2 for 61c, prepaid.

REGELS PRIVET

A low, dense shrub with horizontal spreading branches. The leaves are oblong and a beautiful glossy green. In the fall of the year they are covered with attractive berries. Very useful as a low shrub in foundation plantings. Price, 12 to 18 inches, 30c each; 18 to 24 inches, 55c each; 2 for \$1.00, prepaid.

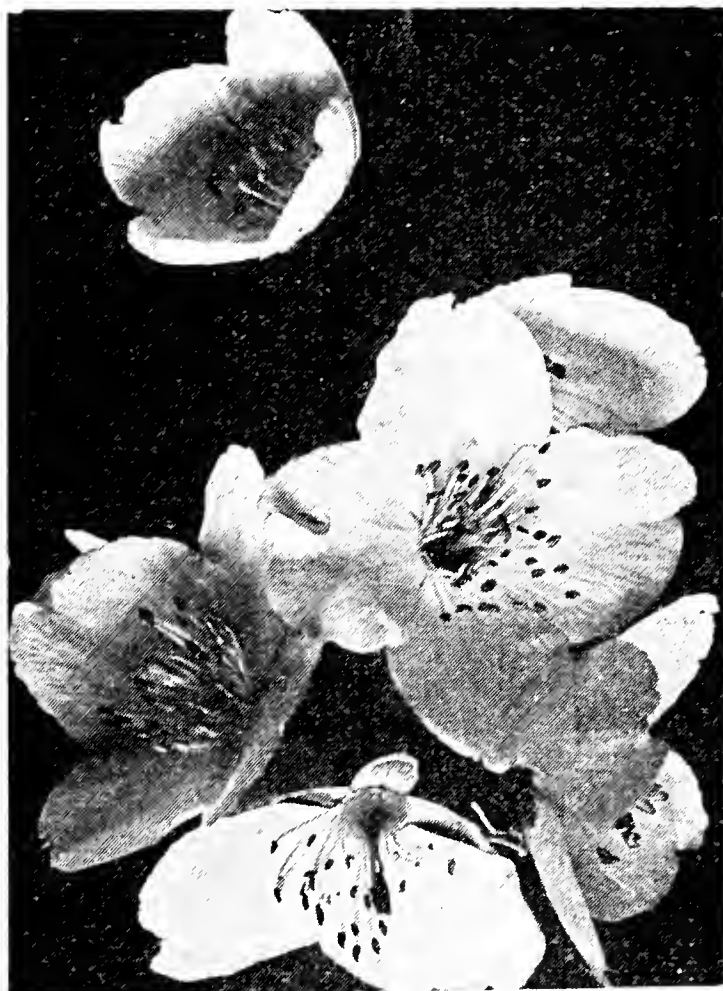

Rhodotyphus Kerroides

SNOWBERRY

Symphoricarpus WHITE SNOW-BERRY **1-CENT Sale**—A perfectly hardy shrub from two to three feet high, excellent for massing in the lower parts of a bed or border. The rose-colored flowers appear in loose, often leafy racemes in July and August. The white waxy-like berries remain on until late in the autumn. 18 to 24 in., 40c each, 2 for 41c; 2 to 3 ft., 50c 2 for 51c, prepaid.

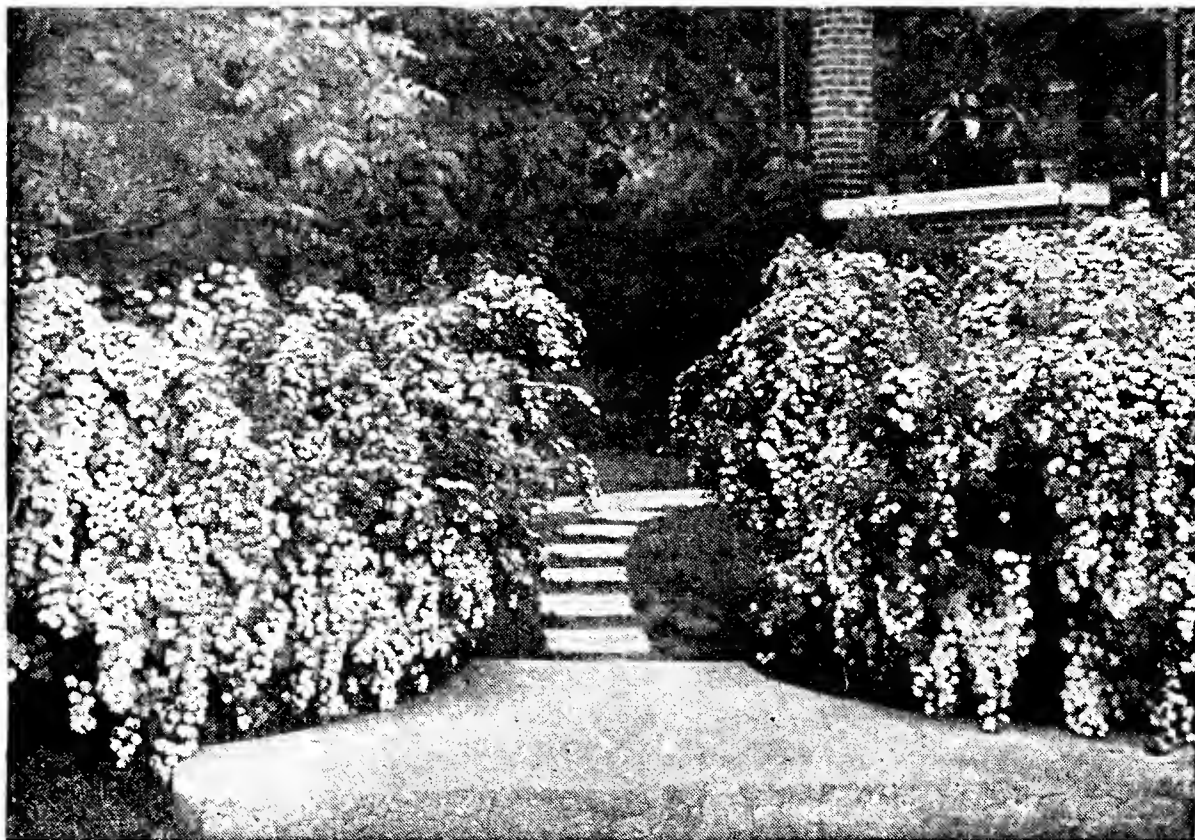

NEW RED SNOW-BERRY—A new red Snowberry that will produce larger berries by far than the old variety. Berries appear in fall and hang in great clusters. 2 to 3 ft., 50c, 2 for 51c.

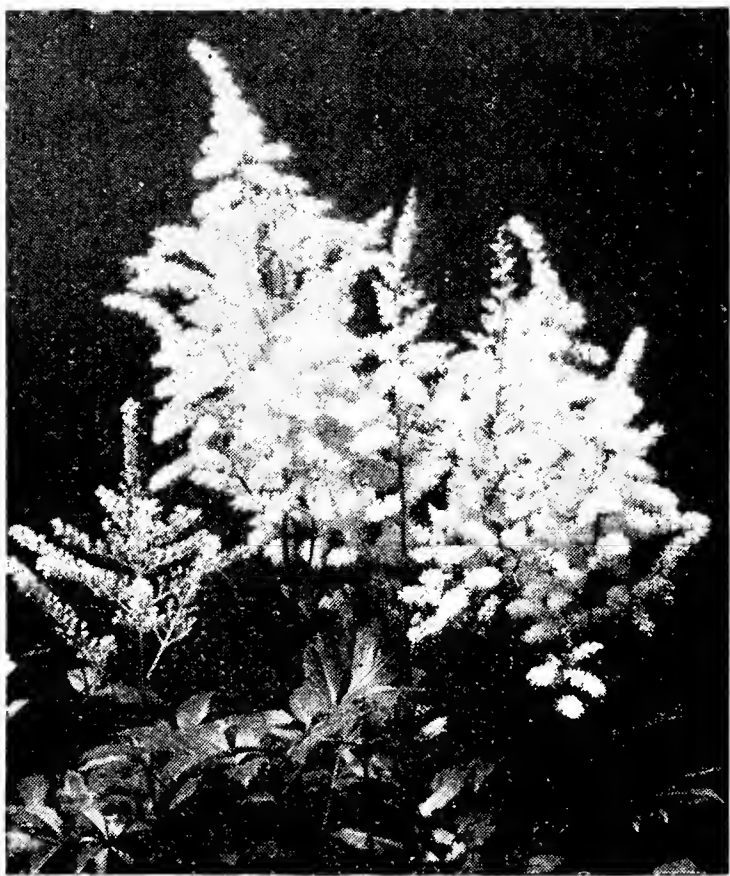

Philadelphus Virginal

White Snowberry

Spirea Van Houttei

Spirea Sorbifolia

Spirea Billardi

SHRUBS CONTINUED

1-CENT Sale
SPIREA ANTHONY WATERER (F)—2 ft. Bright pink, June and July. A compact low-growing shrub with dense foliage usually deep green with occasional variegated leaves of pink and white on young growth. Flowers are borne in full flat clusters on erect stems. If these are cut away when they fade the shrub will usually bloom intermittently during the summer. Very valuable for edging in front of shrubbery or sometimes used as a dwarf hedge. **Price 12 to 18 in., 40c, 2 for 41c, prepaid.**

SPIREA BILLARDI—An erect-growing shrub with dense spikes of rose-pink flowers in July and August and again in the fall. Grows 4 to 6 feet high. Does well in moist places. **Prices of strong bushes, 2 to 3 ft. high, 35c, 3 for \$1.00, prepaid.**

KOREAN SPIREA (Trichocarpa)—New Hardy Spirea. Similar to Van Houttei. Blooms a little later and flowers much larger. **18-24 in., 40c; 2-3 ft. 50c, prepaid.**

SPIREA PRUNIFOLIA (Old Fashioned Bridal Wreath) (Plum-leaved Spirea) (F)—5-6 ft. White. April-May. This is an old-fashioned variety, flowers borne close to the slender erect branches in the spring before foliage appears. The individual flowers resemble miniature roses and usually borne in great profusion. The foliage is shiny dark green and in the fall turns bright red. **Prices 2-3 ft. 35c, 3 for \$1.00.**

1-CENT Sale
NEW SPIREA RICHEMENSIS—Upright growing spike like flowers. Blooms practically the entire summer. Beautiful pink. Foliage does not mildew. Flowers do not fade. Rare and worthwhile. **18-24 in. 40c, 2 for 41c.**

1-CENT Sale
SPIREA COLLOSA FROEBELI—Medium dwarf habit. Grows very compact. Pink bloom. Good foliage. Beautiful for hedges or planting in front of tall growing shrubs. **12-18 in. 40c, 2 for 41c.**

SPIREA SORBIFOLIA—A fern leaved spirea, producing large, white plume like flowers in great abundance. A beautiful shrub both in foliage and in bloom. Can be used in group plantings or as single specimens. **Price 2 to 3 ft., 50c, 3 for \$1.40, prepaid.**

1-CENT Sale
SPIREA VAN HOUTTEI (F)—4-6 ft. White. May. This is the most useful of the hardy shrubs. It has grown so popular that we sell more of it than any other variety we grow. The flowers are in flat clusters usually an inch or more across produced on spreading, pendulant branches often drooping to the ground. In full bloom they are a mass of white and never fail to attract attention. The foliage is an attractive green which it retains late in the year. This variety can be used in any location for hedging, grouping and mass effect. There is nothing superior in the catalog. When in doubt what to use, plant Spirea Van Houttei. **Prices 18 to 24 in., 25c, 2 for 26c; 2 to 3 ft. 35c 2 for 36c.**

SUMAC RHUS

CUT LEAF (Typhina) (var. Laciniata)—This variety with its deeply and finely cut leaves is very handsome, not quite so hardy as some of the other forms and not so tall growing. **2 to 3 ft., 45c each, prepaid.**

STAGHORN (Typhina)—This variety grows in the driest soils and is a very desirable plant on account of its brilliant fall coloring which in dry locations, begins to show in August. The crimson fruits remain on all winter. **2 to 3 feet, 45c each, 3 for \$1.25, prepaid.**

Write our Landscape Department for **FREE** advice on laying out your grounds.

Spirea Anthony Waterer

SHRUBS CONTINUED

TAMARIX

These plants are very beautiful all the year, in winter for their coloring of the bark and in summer for the light green, feathery foliage and large loose panicles of purplish flowers.

AFRICANA—Is an upright grower. Blooms in May, 2 to 3 ft., 35c each, 3 for \$1.00, prepaid.

HISPIDA—A graceful shrub, upright branches, flowers pink, appearing in August. 2 to 3 feet, 35c, 3 for \$1.00, prepaid.

VITEX AGNUS-CASTUS

CHASTE TREE—Shrub or small tree with strong aromatic odor, greyish fern-like foliage. Blooms July to Sept., flowers in dense terminal spikes, pale lilac. Often dies down to the roots in the fall, but will start from the roots in the spring, often attaining 5 to 6 feet in one season. 2 to 3 ft. 40c.

VIBURNUM—SNOWBALL

ARROW WOOD (Dentatum)—A gorgeous upright, native shrub, thriving best in moist soil. It is especially hardy, doing well from New Brunswick to Minnesota. It blooms in May or June, followed by black fruit. 2 to 3 feet. 40c each, 2 for 75c, prepaid.

COMMON (Var. Sterilis)—This is the well known, common snowball of the old fashioned gardens. Besides the snow-white flowers in May, the foliage is decorative and assumes a bright color in fall 18 to 24 ins., 35c ea., 2 for 60c; 2 to 3 feet, 45c each, prepaid.

HIGH BUSH CRANBERRY (Opulus)—Handsome native shrub attaining twelve feet with rather smooth, light branches and stems. The pure white flowers appear in May and June, followed by decorative fruits, which begin to color by the end of July and remain on the branches and keep their bright scarlet color until the following spring. The berries are not eaten by birds. 18 to 24 in., 40c each, 2 for 41c; 2 to 3 ft., 50c each, 2 for 51c, prepaid.

JAPANESE (Tomentosum, var. Plicatum)—One of the choicest shrubs. Foliage is abundant during the summer and fall, and its balls of pure white are borne in great profusion. Fine for specimen planting. 18 to 24 in., 60c; 2 to 3 ft., 80c, prepaid.

LANTANA (Wayfaring Tree)—This is a hardy shrub, especially for dry situations and limestone soil. The large white flower clusters open in May and June, and are followed by red fruits. The foliage is particularly soft and heavy. 2 to 3 ft., 40c, 2 for 75c, prepaid.

WEIGELAS

Diervilla

ROSEA—A choice vigorous sort, which yields an immense crop of deep pink trumpet-like flowers in June, and bears a scattering of blossoms through the rest of the season. 2 to 3 ft., 50c each; 2 for 51c, prepaid.

NANA VARIEGATA—Leaves of this sort are variegated with white flowers, are nearly white. Dwarf. 18 to 24 inch, 40c each, 2 for 41c, prepaid.

EVA RATHKE—The flowers are a deep carmine red, erect growing. A most profuse bloomer in spring and again in autumn. 18 to 24 in., 50c, 2 for 95c, prepaid.

Flower of Fairfield

Paul's Scarlet Climber

THREE WONDERFUL

NEW CLIMBING ROSES

CHAPLIN'S PINK CLIMBER (Hybrid Wichuraiana)—Chaplin Bros., 1928. A striking new variety in climbers originating from a cross between Paul's Scarlet Climber and American Pillar. Shape and size of the individual flower are the same as Paul's Scarlet, but the color is a rich, lively pink. Flowers borne in immense trusses. The plant is of strong growth and found to be perfectly hardy.

PRIMROSE—C. Midseason. A primrose-yellow Rose with flowers borne in trusses of 2 to 5 on a vigorous, free flowering, healthy plant.

MME. GREGOIRE STAECHELIN (Climbing Hybrid Perpetual)—Pedro Dot, 1927. A new, hardy, vigorous climber brought to this country a few years ago from Spain. The long, pointed buds are at first crimson, striped carmine, opening into a large, semi-double, cup-shaped flower of a lovely pale carmine-pink color. It is a distinct novelty in climbers, being a cross between Frau Karl Druschki and Chateau de Clos Vougeot. Despite its rather awkward name, this Rose will become extremely popular on its merits alone. Fragrance very pleasing.

Price, Three roses above, 2 yr. field grown, 75c, 2 for \$1.40, prepaid.

HARDY CLIMBING ROSES

2 yr. old first class, 30c each, 4 for \$1.00, prepaid, except where noted.

AMERICAN PILLAR (H.M.)—A single flowering variety of great beauty. The flowers are of enormous size, three to four inches across, of a lovely shade of apple-blossom pink, with a clear white eye and clusters of yellow stamens. These flowers are borne in immense bunches, and a large plant in full bloom is a sight not easily forgotten.

CLIMBING AMERICAN BEAUTY—The famous American Beauty Rose in climbing form. Has all the characteristics of its relative, including form and fragrance. Healthy foliage and has strong climbing habit of growth; the abundant bloom being in prime before the June show of the bush type. The demand for this type has increased so rapidly it is hard to keep up in its propagation.

CRIMSON RAMBLER—Will attain a height of 10 to 20 feet in a season; produces a marvelous profusion of rich and glowing crimson clusters during June and July. It is the supreme novelty among climbers and the forerunner of the splendid array of "Ramblers". Price 2 yr. old field grown, 30c each, 2 for 31c.

DOCTOR VAN FLEET—Flowers when open run four inches or more in diameter in which it compares with the Tea class. Center built high, petals undulated and cupped. Color is a remarkably delicate shade of flesh-pink. Admirable cutting variety with stems 12 to 18 inches long.

DOROTHY PERKINS—A most beautiful shell pink. The flowers are borne in large clusters of small double bloom and very sweet scented. Foliage smoother and darker than the Crimson Rambler. This is undoubtedly the thriftiest, showiest and most practical of the older pink ramblers, and trails its riotous clusters over more verandas, windows and trellises than any other variety. Price 2 yr. field grown, 30c each, 2 for 31c.

EXCELSA—A sensational new hardy climbing Rose, sometimes called "Red Dorothy Perkins." This great new Rose is nearly evergreen and is absolutely hardy. Flowers very double, produced in immense trusses. Intense crimson, new and distinct. Price 2 yr. field grown, 30c each, 2 for 31c.

FLOWER OF FAIRFIELD (The New Everblooming Scarlet Rambler) — Commences flowering in the spring or early summer and produces repeatedly. It blooms very profusely on young wood the first year. Very effective for covering walls, trellises or arches, equally attractive for table decorations.

GARDENIA (H.W.)—Bright yellow, cream color; very fragrant, early flowering. This is the hardy Marechal Niel; double yellow flowering.

MARY WALLACE—This is Dr. Van Fleet's masterpiece. Hardy as far north as Central Ohio. Blooms two or three times during the summer. A pillar rose supporting itself in a bushy growth 6 to 8 feet high. Bright clear rose-pink with salmon at base of petals. The largest Hybrid Wichuraiana.

SHOWER OF GOLD—(Golden Yellow) (Hardy June Blooming). (Improved Yellow Rambler)—Deep golden yellow, orange shadings. Beautiful metallic foliage. A fine yellow Rambler.

PAUL'S SCARLET CLIMBER—A wonderful Rose for trellis or pergola. Winner of Gold Medal as best new climbing rose at National Rose Society's Exhibition. Scarlet, shaded crimson. Corresponds to the Climbing American Beauty and Dr. Van Fleet as to size, shape and habit. Blooms very long, holding flower after many June bloomers have dropped their petals.

ROSA HUGONIS

A New Bush Rose from China

Like many other rare floral gems from the Orient, this variety is spectacular in its exotic beauty. Imagine a many branched shrub, 6 to 8 ft. tall, rearing slender sprays in all directions, gracefully arching beneath loads of bright yellow, single flowers, an inch and a half in diameter. Strong field-grown plants, each 75c; 2 for 76c, prepaid.

NEW TEA ROSES

IF YOU WANT THE NEWEST AND BEST HERE THEY ARE

ETOILE DE HOLLANDE—This is one of the very best introductions among red everblooming Roses. Growth is good and the color of the bloom is a very deep, rich glowing red. Foliage is quite disease-resisting and our plants, during the hot, damp days of early August are a mass of flowers and foliage.

LADY MARGARET STEWART—A variety of recent introduction. The large, pointed, deep orange-yellow bud opens to an extremely well-shaped flower marked with shades of orange, carmine, and red. It is distinctly an exhibition variety, producing its buds on long, erect stems.

MARGARET MCGREDY—Here we have not only a comparatively new Rose but one of the few good novelties that gives us a distinct break in color. This color is difficult to describe; red, rose and flame on the upper side of the petals, the under surface suffused with gold—a wonderful contrast; perhaps orange-vermilion, or better, coppery red, would best describe it. Very free and prolific bloomer and extremely hardy most anywhere in the United States. For massing in beds where unusual color effect is wanted, there is nothing to surpass it.

PRESIDENT HERBERT HOOVER—The best American introduction of recent years. Perfectly hardy and free flowering, possessing all the qualities of a most valuable garden variety. The color combination is unique—a blending of maroon, orange, and gold. We find the color of the early flowers is more clearly defined and fixed in this variety than in Talisman.

REV. F. PAGE ROBERTS—This is one of the richest, fullest, and most perfect yellow Roses yet produced. The bud is beautifully marked and marbled with carmine-red. The bloom is a very full one and of great substance, and comes on a stocky plant, well branching, but of moderate height.

TALISMAN (T)—Brilliant red and gold buds, opening to well-shaped blooms of scarlet-orange and rich yellow. Tall, vigorous growth. Constantly in bloom. The most vivid color yet produced in Roses. While the flowers are not so bright, and are sometimes misshapen in hot weather, they make up for this deficiency when the season is favorable. Price 2 yr. old, 75c each, 2 for 76c.

PRICE, Any above new roses, 2 yr. old 1st grade, 75c each, 4 for \$2.00, prepaid.

TEA and PERPETUAL ROSES

TEA ROSES ARE MARKED (T) PERPETUALS MARKED (P)

PRICES—Any variety below, 2 yr. old, field grown, first class, 35c each, 3 for \$1.00, prepaid.

AMERICAN BEAUTY (P)—Dark pink, full, globular form, deliciously fragrant. Vigorous grower.

BETTY UPRICHARD (T)—Copper red buds opening to semi-double flowers, orange carmine on outer surface, light salmon underneath; fragrant; vigorous.

DAME EDITH HELEN (T)—Clear pink, color is always good. Fragrant, freely produced on long strong stems. Magnificent in spring and autumn.

E. G. HILL (T)—One of the better new roses. Large buds and immense red flowers, long stems. Vigorous and free flowering.

FRAU KARL DRUSCHKI, (P) or WHITE AMERICAN BEAUTY or SNOW QUEEN—Best snow-white Rose ever introduced. Extraordinary strong grower. Immense in size and produced with great freedom. A true paper white; standard by which all white roses are judged.

GRUSS AN TEPLITZ (T)—The intense, dazzling color of this rose is found in no other variety. Fiery crimson, shaded with a dark velvety sheen. Double flowers. Produced in wonderful profusion throughout the whole growing season. Incomparable for fragrance.

KAISERIN AUGUSTA VICTORIA (P)—Creamy white and sweetly fragrant; buds are large and pointed and flowers very full and large. Very hardy.

LADY HILLINGDON (T)—Buds of remarkable quality and elegance, of good size, opening into handsome flowers of clear apricot-yellow. Plant relatively hardy, of much vigor, and with an autumn-blooming habit.

LUXEMBURG (T)—A fine, large, fully double rose of vigorous branching habit, and unusual freedom for the color, which is a rich golden yellow.

LOS ANGELES (T)—Flowers large and continuous, in color a flame-pink, toned with coral and shaded with translucent gold at the base of petals.

LADY ALICE STANLEY (T)—One of the best and most dependable. Large buds and blooms, double, very sweet. Outside of petals coral rose, inside pale flesh pink.

MRS. BECKWITH (T)—Deep yellow buds. Lemon yellow when open, few thorns, very good. Fragrant.

SPECIAL—First Class, 2 yr. old. 1 white, 1 yellow, 1 pink, 1 red our selection, \$1.00, prepaid.

OPHELIA (T)—Salmon-flesh, shaded rose, flowers stand up well, produced in great profusion. Fine decorative variety.

PAUL NEYRON (P)—Deep rose; flowers of immense size, indeed many claim this to be the largest Rose grown.

PINK KILLARNEY (T)—Color deep, brilliant, sparkling shell-pink; hardy everywhere. The bush is magnificent in growth, good size and bears its beautiful flowers all summer.

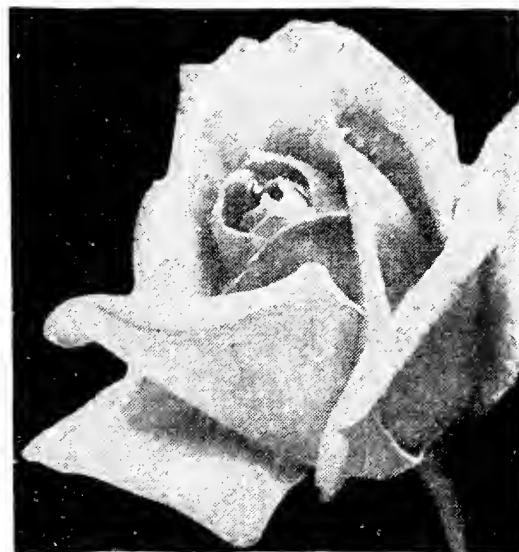

RADIANCE (T)—Splendid even shade of clear rose pink, retaining its vividness for an unusually long time after being cut. One of the best hardy outdoor garden roses known.

RED RADIANCE (T)—An even better Rose than its parent, Radiance, in habit, bearing big, globular flowers of deep rose-red on strong, individual canes which are freely produced all summer.

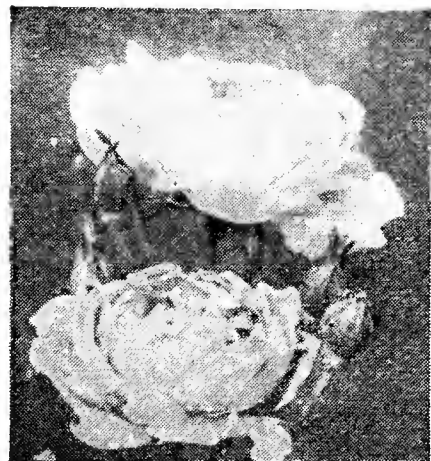

SOUV. DE CLAUDIUS PERNET (T)—The most satisfactory yellow rose ever produced. A decided and unfading sunflower yellow even deeper toned at center. Flower is large and full with elongated petals; buds long and pointed.

SUNBURST (T)—Fine yellow flowers, orange at center, fragrant and well shaped. Very beautiful.

WILLOWMERE—Rich pink, with yellow glow. Strong grower and persistent bloomer. Fine for cut flowers.

Dame Edith Helen

Sunburst

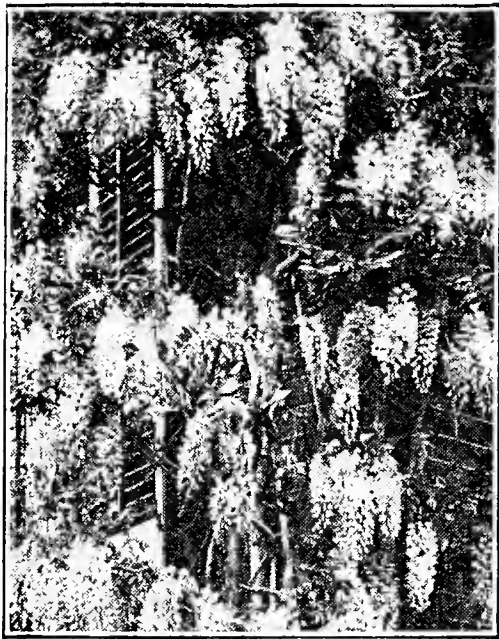

Pink Killarney

HARDY VINES

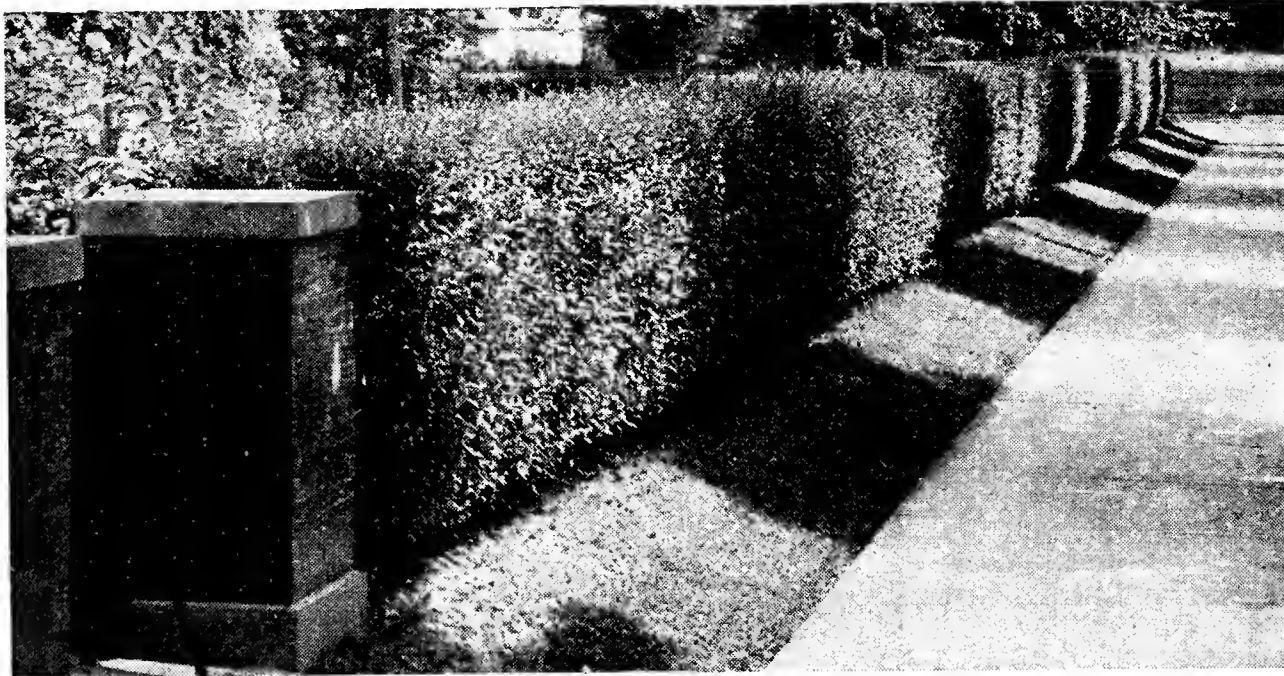

Trumpet Creeper

Purple Wisteria

Clematis Henryii

Amoor River Privet

AMERICAN IVY—Use them for covering unsightly buildings, stumps, walls, fences, trees, etc. Grow quickly and easily, make a dense mat of leaves which hang in clusters of three. We are quoting these at a special price as follows: **2 year old plants, 45c each, 3 for \$1.25. Prepaid.**

BOSTON IVY (Veitchii)—This vine undoubtedly stands higher in the estimation of the people than any other. Once it is established it grows rapidly and will stay indefinitely, needing only an occasional trimming to keep it within bounds. It is not attacked by disease or insects and the foliage is not injured by the smoke and dirt of cities. The glossy leaves turn to a brilliant orange-scarlet in the fall. **2 year old, 40c each, 3 for \$1.00. Prepaid.**

AKEBIA QUINATA—A dainty, beautiful vine with purple flowers in May. Deep green leaves until late winter. **3 yr. old plants 45c each, 2 for 46c, prepaid.**

CLEMATIS

PANICULATA—This Clematis is by far the most popular of all the species in the American gardens. It is extremely showy when covered with the small white fragrant flowers, which appear late in the season. Beautiful, shiny, green foliage. **Price, 2 year old No. 1 plants, 40c each, 3 for \$1.00. Prepaid.**

JACKMANII—One of the best known of all the Clematises. The velvety-purple flowers, when expanded, are four to six inches across, very velvety and distinctively veined. **2 year \$1.00 each. Prepaid.**

MAD. ED. ANDRE—This is the nearest approach to a bright red Clematis. It is a very free bloomer and very satisfactory. **2 year old, \$1.00 each. Prepaid.**

HENRYII—Large flowering white Clematis. A strong grower and free bloomer. **2 year old, \$1.00. Prepaid.**

LONICERA OR HONEYSUCKLE

JAPONICA, VAR. HALLIANA (Hall's Japan Evergreen Honeysuckle)—Honeysuckles are well adapted for the covering of walls, arbors, etc., very ornamental as the leaves remain on during the winter. Flowers white, turning to yellow, very fragrant. **35c each, 2 for 36c.**

LONICERA SEMPERVIRENS (Scarlet Trumpet Honeysuckle)—Similar to Halliana, rich scarlet flowers thruout the summer. **2 yr. old vines, 35c, 3 for \$1.00.**

TRUMPER CREEPER

TRUMPET CREEPER—A beautiful orange colored flower, blooms profusely and a fast grower. **2 year old plants, 40c each, 2 for 75c. Prepaid.**

WISTERIA

PURPLE WISTERIA, Chinese Wisteria (Chinensis)—This is one of the best and commonest of hardy climbers. Has pale green pinnate leaves and bears profusely dense, drooping clusters purplish, pea-shaped flowers. Blooms in May. **2 year, 50c each, 2 for 90c. Prepaid.**

WHITE WISTERIA—This differs from the purple variety only in color of flowers which are pure white, forming a striking contrast. Very sweet scented. **2 year 50c each, 2 for 90c. Prepaid.**

EVERGREEN VINES

ENGLISH IVY—A hardy evergreen climbing vine with dark green leaves. It is a true evergreen and retains its bright green leaves all winter. **Price, 35c each; 3 for \$1.00. Prepaid.**

EUONYMUS COLORATA—Large green leaves in summer changing to blood-red, rarely bronze in Winter. Does better in sunny places. Evergreen. **2 year old plants, 30c, 2 for 31c. Prepaid.**

HEDGE PLANTS

ALTHEA (Rose of Sharon)—These free flowering shrubs make wonderful hedges and once known will be planted more often. They can be kept trimmed quite low, or can be allowed to grow tall as a screen. A hedge of them in bloom, with all colors of flowers is a wonderful sight. Evergreen. **Price, 12 to 18 inch, 25 for \$1.00; 50 for \$1.01;**

AMOR RIVER PRIVET—Hardest of all hedge plants. Beautiful upright growth and makes a very compact beautiful hedge. Holds its foliage till middle of October or later. **18 to 24 inches, 25 for \$2.25, \$6.00 per 100; 2 to 3 feet, 25 for \$3.40; \$8.50 per 100. Prepaid.**

JAPANESE BARBERRY (Berberis Thunbergii)—We consider the Japanese Barberry the best hedge plant in existence. It is beautiful throughout the year; its abundant crop of bright red berries makes it even more attractive in the winter than the summer. Its compact growth and thorny branches make a defense hedge that will turn cattle after five years growth. For a hedge, plant in single row, 15 inches apart. Poor soil is no barrier to its successful cultivation. **Price, 10 to 15 inch plants, 25 for \$2.00; 50 for \$3.50, 100 for \$6.50. Prepaid.**

CALIFORNIA PRIVET—Set plants 6 inches apart if planted in a straight row, or 12 inches apart if planted in a double row. It is of free growth and succeeds under the adverse conditions, where other plants would not exist. Its foliage is nearly evergreen, remaining on the plant until mid-winter. **Nice plants, 12-18 in., 25 for \$1.50, 100 for \$4.25; 18-24 in., 25 for \$2.00, 100 for \$6.00. Prepaid.**

NEW Hardy, Early, Continuous Blooming Chrysanthemum

3 for \$1.00, 8 for \$2.00. Your Choice

It is only once in a lifetime that the average nurseryman is able to offer to the public, something new of real merit. We are privileged this year to offer you Hardy Chrysanthemums, far north as Michigan, that start blooming in July and continue to bloom until long after frost. That in a few words is what we are offering our customers. It is a new hardy variety and is the result of more than 15 years of plant breeding.

The flowers are gorgeous, long stemmed, and these plants are a distinct advance in floriculture.

OUR OWN INTRODUCTION

We are the only nursery offering them for sale and are offering them at a very low price, so that everyone may enjoy them without the sacrifice that high prices might entail.

LIST OF VARIETIES

MRS. ADOLPH JAENICKE—Deep maroon scarlet, half double flowers with a large yellow center. These flowers come in large clusters, size 1½ to 2 inches across.

MRS. OSCAR FOELLINGER—Large beautiful single flower like giant Daisy. Deep yellow center turning into shiny bronze at the outer petals. Very fine cut flower. This is a new sort which you can introduce under this name.

LADY EVELYN—This is the largest of all hardy, large flowered Chrysanthemums. The center of this is yellow and the petals are also yellow. Possibly a shade lighter yellow than the center, petals measuring two inches making many of the flowers four inches across. They are borne on erect stems in panicles of 5 to 7 blooms, making it a gorgeous variety for show in the fall.

LADY VIOLET—This is a large free blooming type. Flowers being borne on upright stems of 9 to 11 flowers. Large yellow calyx surrounded by a color of old gold and coppery red. Flowers measuring two and one-half to three inches and are as open as a Shasta Daisy or a Gaillardia. The centers are fully exposed to view, and will be a valuable variety.

LADY DORIS—Yellow flowers borne in 5 or 6 clusters on upright stems measuring two to two and one-half inches across, and the petals so numerous that the corolla is obscure. This gives it a pom-pom effect, with all the beauty of the large flowered type in the greenhouse both in color and shape. All that is lacking in this variety to make it one of the greenhouse plants is the size.

LADY FLORENCE—This is a large flowering type measuring about two or two and one-half inches across, with the calyx prominent in the foreground and backed by various brick red and yellow petals. This type has the globular appearance when in bloom is extremely hardy and a valuable asset in the garden.

MRS. BYRON HATTERSLEY—Large pom-pom type, petals so numerous as to almost hide the calyx. Flowers of profuse quantity on upright stems. From lavender to yellow the petals are fringed giving it the appearance of a large flowering variety.

MRS. SAM WOLF—This variety is a distinct novelty, being a beautiful shade of light red on a background of yellow, giving it the appearance of Jacob's Coat of many colors. More than 100 spots of red and yellow appear on the crown of a full developed flower.

MRS. FRED SHOAF—This variety is an immense bloomer of lavender flowers, yellow centers. They are borne on upright stems, 9 to 15 blooms on a stem and the flower itself measures about three inches across.

E. F. YARNELLE—Very dwarf with half double flower of scarlet and yellow striped. Entirely new departure of growth which is very strong and short, not over twelve to fourteen inches.

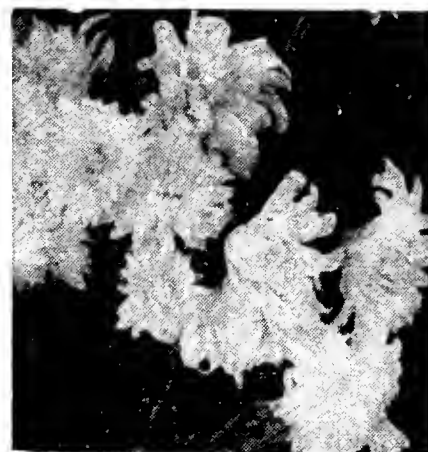

MISS ROSE STIEFEL—Brilliant bronze medium size, half double flowers in large panicles. One of the finest pot plants as well as out-door Chrysanthemums. Always attracts attention.

PRICE—3 for \$1.00, 8 for \$2.00, your choice.

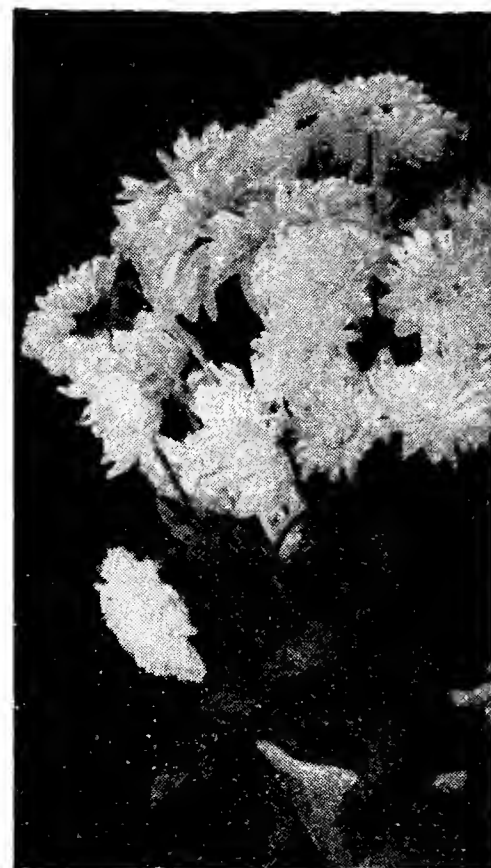

LIST OF UNNAMED SORTS

1. Deep scarlet, very early fall. Splendid cut flower.
2. Deep bronze, early single fall. Cut flower.
3. Brilliant bronze, single fall.
4. Old rose, very early single, medium height.
5. Deep old rose, very early single. Fine cut flower or pot plant.
6. Dark crimson, very early single fall. Splendid cut flower.
7. Deep pink, extra fine cut flower.
8. Deep maroon, very dwarf and very early pot plant.
9. Brilliant deep maroon, medium early, finest pot plant.
10. Pearly white, finest plant of all.
11. Mate to 10 only deeper pink. Pot plant.

PRICE—4 for \$1.00, 10 for \$2.00.

HARDY CHRYSANTHEMUMS

These new hardy early flowering Chrysanthemums were produced by cross fertilizing the Japanese hardy varieties which have rather small flowers but of very bushy growth with thousands of tiny flowers with the most intense coloring ever seen. These were fertilized with the hardy American varieties which have straggling growth with large flowers but few of them. These new varieties that are produced now and described above are of a compact growth most beautifully colored large flowers and extremely hardy, beginning to bloom early in August and producing these new flowers until the heavy frost by the middle or end of November cuts them down.

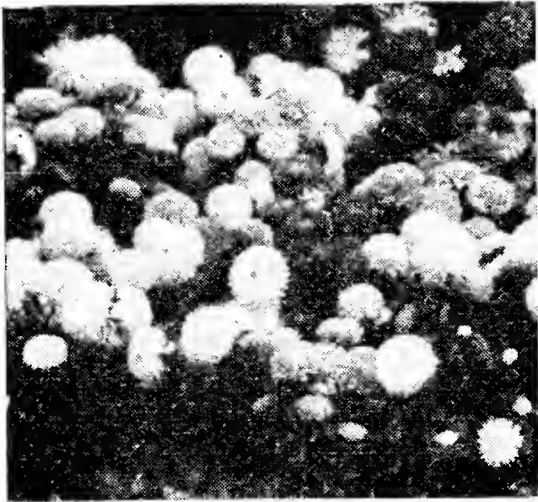

HARDY PERENNIALS

OLD FASHIONED FLOWERS AT PREPAID PRICES

Hardy perennials, or as they are often called, "Old Fashioned Flowers" should be planted in every garden. They add grace to the hardy border and furnish cut flowers all through the summer. The varieties listed are all perfectly hardy, and do not have to be replaced each year as is the case with annuals.

Columbine

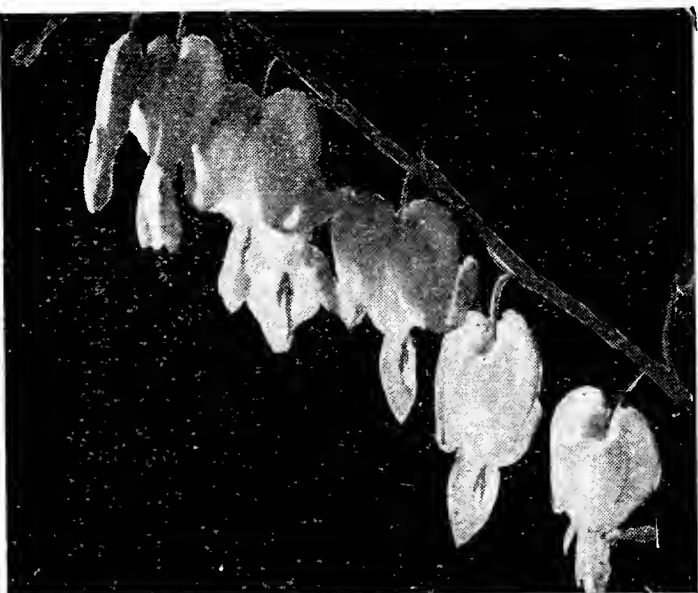

Asters

Centaurea

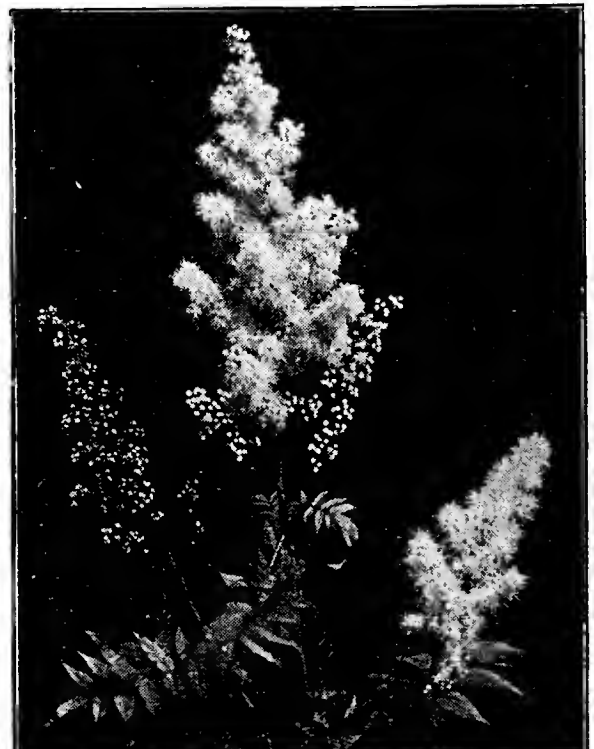

Anemone Whirlwind

Dicentra, Bleeding Heart

Achillea the Pearl

Astilbe Gloria

ACHILLEA THE PEARL—Large double pure white flowers. It blooms all summer. Slightly dwarf. 15c each, 3 for 40c, prepaid.

ANEMONE (Whirlwind)—One of the most gorgeous of the hardy perennials, as well as one most desirable and useful. Bears large, showy white flowers supported by large dark green leafy branches. Fall. 24c each, 3 for 60c, prepaid.

ASCLEPIAS (Butterfly Weed) (Asclepias Tuberosa)—A native plant making a delightful show of orange flowers during early summer. 15c each, 3 for 40c.

ANTHEMIS

CHAMOMILE, Tinctoria (Kelways variety)—Finely cut foliage, large golden yellow flowers produced all summer, good for cutting. 15c each, 3 for 40c, prepaid.

AQUILEGIA—COLUMBINE

ENGLISH LONG SPUR—A fine strain producing distinct strains of Purple, Blue, Red and Yellow flowers. Mixed Plants, 15c each, 2 for 16c, prepaid.

AQUILEGIA (Mrs. Scott Elliott)—Hybrids. Lovely blending of pastel shades. Mixed plants, 15c each, 3 for 40c, prepaid.

ARTEMESIA, SILVER KING—A striking white-leaved contrast plant. A beautiful "mist" for setting off bouquets and floral combinations. The entire color effect bright frosted silver. Three feet high. Sprays may be cut to mix with winter bouquets. 15c each, 3 for 40c.

ASTER ST. EGWIN—One of the best and showiest of fall blooming perennials. A bushy plant producing a profusion of beautiful pink blossoms from August until frost. 15c each, 3 for 40c. Prepaid.

ASTILBE GLORIA—Many branched plumes of deep rose color flowers. Likes moisture. June. 20c each, 3 for 50c. Prepaid.

BAPTISIA

AUSTRALIAS (False Indigo)—Attractive dark green foliage, dark blue pea-shaped flowers produced in June on top of spikes 2 ft. high. 20c each, 2 for 21c, prepaid.

DICENTRA

SPECTABILIS BLEEDING-HEART—The Bleeding-heart is one of the choicest memories of the old fashioned garden. 35c each, 3 for \$1.00, prepaid.

CAMPANULA

CANTERBURY BELLS—Large open bell-shaped flowers in a variety of colors. 15c each, 3 for 40c, prepaid.

COVENTRY BELLS (Campanula Trachelium)—A sturdy plant producing spikes of gracefully drooping light purple flowers. August. 15c each, 3 for 40c, prepaid.

CLOVE SCENTED PINKS—A fine collection in various colors. The good old-fashioned "Pinks" so frequently found in Grandmother's garden. Of dwarf habit. The foliage is attractive throughout the year and they are especially useful for edging perennial borders. 15c each, 3 for 40c.

CENTAUREA

MONTANA (Perennial Cornflower)—2 ft. high, bears large violet blue flowers. July to Sept. 15c each, 3 for 40c, prepaid.

DEALBATA—Large and striking rose pink flowers. June to July. 2 ft. high. 15c each, 3 for 40c, prepaid.

MACROCEPHALA—Large thistle-like golden yellow flowers, 3½ ft. high. Useful for cutting and showy in borders. July to August. 15c each, 3 for 40c, prepaid.

CHRYSANTHEMUM Hardy Varieties

Well known perennial, esteemed for its lavish bloom and exceeding decorative value in late fall. Red, white, pink, yellow. 15c each, 3 for 40c, prepaid.

PERENNIALS CONTINUED

1-CENT Sale

CHRYSANTHEMUM (Korean)—One of the newer perennials eagerly sought by garden lovers. For late fall effects nothing can equal. Large white flowers with golden center often turning to shell pink. 20c each, 2 for 21c, prepaid.

1-CENT Sale

COREOPSIS

LANCEOLATA—Valuable border plant, because of their profusion of showy yellow, hardy and of the easiest culture. One to two feet. June to September. 15c each, 2 for 16c, prepaid.

DELPHINIUMS Imported Strains

WONDERFUL HYBRIDS—Here offered are the newest, the best and the finest to be secured anywhere. The range of colors varies from the palest shade of blue to the deepest indigo blue and royal purple with many intermediary pastel tones of mauve, pink and lavender blendings. Among these new hybrids are flowers of huge size in both single and double forms. This strain has been raised from the finest named kinds in creation. Visitors at our nursery proclaim them the best they have ever seen. Mixed colors, 20c each, 3 for 50c, prepaid.

BELLADONNA—A sky-blue variety. June to October. 15c each, 3 for 40c, prepaid.

QUEEN-OF-THE-BLUES (Chinese Larkspur)—A very pretty variety with fine feathery foliage and intense blue flowers. 20c each, 3 for 50c, prepaid.

FORMOSUM—The old favorite dark blue with white center; 3 to 4 feet high. 15c each, 3 for 40c, prepaid.

DIGITALIS GRANDIFLORA (Yellow Foxglove)—Good perennial. Long narrow dark green leaves. Beautiful 2½ foot spike of yellow flowers in June and July. 15c each, 3 for 40c.

DIANTHUS BARBATUS (Sweet Williams)—One of the loveliest of old fashioned flowers. Profuse bloomers. Splendid for cutting. White, Pink and Red. 15c each, 3 for 40c.

EULALIA ZEBRINA (Zebra Grass)—The long blades of this variety are marked with broad yellow bands across the leaf. Fine for lawns. 15c each, 3 for 40c, prepaid.

EULALIA JAPONICA—Long, graceful green foliage, and when in flower the attractive plumes are 6 to 7 feet high. 15c each, 3 for 40c, prepaid.

FLOWERING FLAX (Linum Perenne)—Very attractive both in foliage and bloom. Flowers beautiful pale blue on slender, graceful stems. 15c each, 3 for 40c, prepaid.

FUNKIA—Day Lily

SUBCORDATA—Large pure white day lily, fragrant flowers, blooms August and September. 20c each, 3 for 50c, prepaid.

COERULEA—Broad green leaves, blue flowers. July to August. 15c each, 3 for 40c, prepaid.

GAILLARDIA OR BLANKET FLOWER

One of the most universal hardy perennials. Conspicuous for their profusion of bloom. Blood-crimson, margined with golden yellow. Eighteen to twenty-four inches. 15c each, 3 for 40c, prepaid.

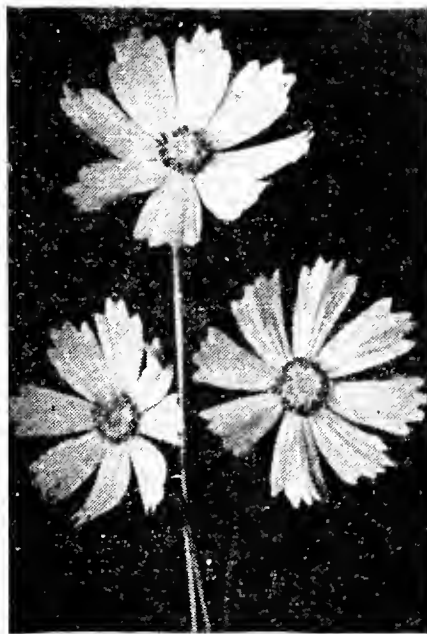

GYPSOPHILA OR BABY'S BREATH

PANICULATA—Very branching or spreading slender perennials of very easy culture, and very desirable where a mass of delicate misty white bloom will fill a bare place. 15c each, 3 for 40c, ppd.

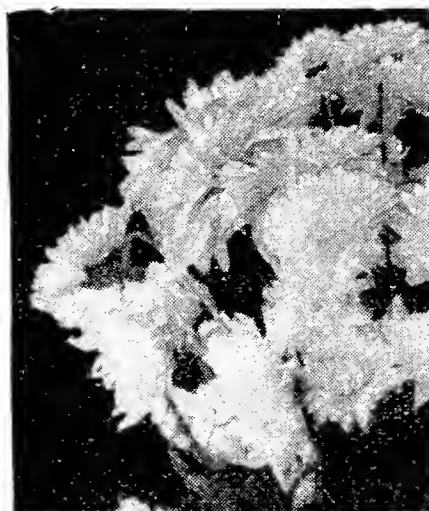

BRISTOL FAIRY—A sensational new development of the double flowered Gypsophila. The bush itself is sturdier and more expansive than the type, with much larger florets in fuller panicles; the blooming season naturally longer, possible of continuous all-summer show if earlier bloom is removed. Pure white slightly blushed in cool weather. 35c each, 3 for \$1.00, prepaid.

PINK BABY BREATH—More robust-growing than Paniculata. Rosy pink flowers, wonderful as a cut flower. 15c each, 3 for 40c, ppd.

HARDY AGERATUM—A pretty, hardy plant, with light purple flowers similar to the ageratum; in flower from August until frost. 12 to 24 inches. Good cut flower. 15c each, 3 for 40c, prepaid.

Coreopsis

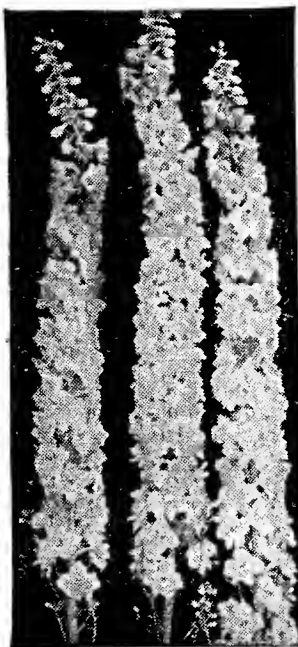

Chrysanthemum

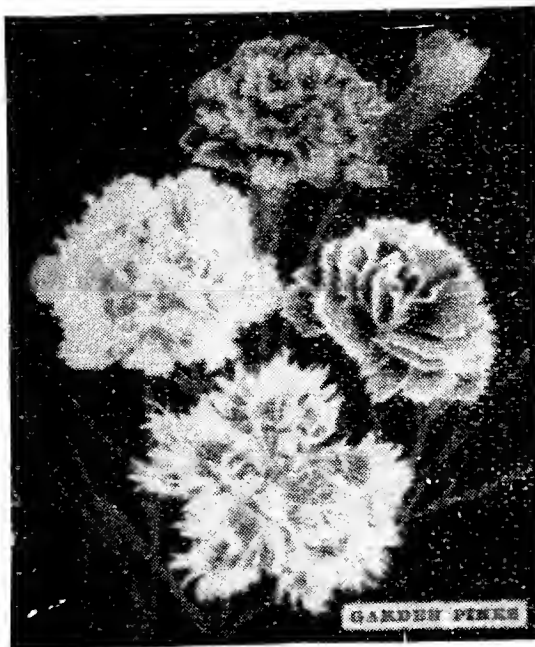

Flowering Flax

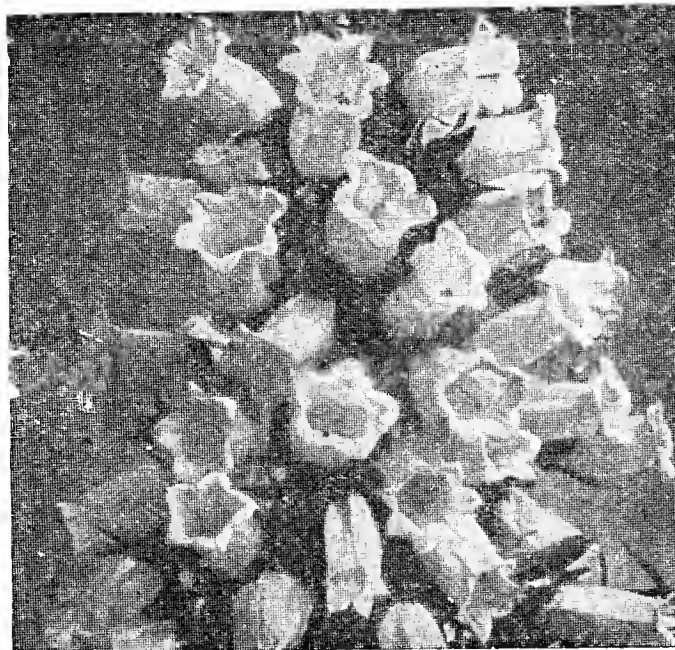

Delphinium

Formosum

Glove Pinks

Canterbury Bells

PERENNIALS CONTINUED

HEMEROCALLIS

FLAVA (Yellow Day Lily)—Popular hardy plants; belong to the Lily family. They succeed everywhere and should always be included in the border of old-fashioned hardy plants. **20c each, 3 for 50c, prepaid.**

1-CENT Sale

FULVA—Coppery orange shaded to crimson. 3 feet. Blooms July. **15c each, 2 for 16c, prepaid.**

HELIOPSIS (Hardy Zinnia)—Flowers on long wiry stems. Good for cutting. **15c each, 3 for 40c, prepaid.**

HOLLYHOCKS—Immense flowers; all shades and colors mixed. **15c each, 3 for 40c, prepaid.**

HELIANTHUS (Hardy Sunflower)—An improved variety of Helianthus, profuse bloomer. Yellow. **15c each, 3 for 40c, prepaid.**

HIBISCUS (Mallow Marvels)—A robust type of upright habit, producing an abundance of flowers of enormous size in the richest shades of crimson, pink and white, mixed. **15c each, 3 for 40c.**

IRIS

JAPANESE—Are magnificent in size and coloring. A field of them in bloom is a gorgeous sight. We have a fine mixture. **15c each, 3 for 40c.**

SIBERIAN, White—The flowers are of a snowy whiteness, large and well formed, produced in great abundance; foliage light and graceful. A gem for flower border or waterside. 3 feet high. **10c each, 3 for 25c.**

Blue—Large, violet-blue flowers; handsome foliage. Fine border plant and a grand subject for planting near water, where it blooms profusely. **10c each, 3 for 25c.**

1-CENT Sale

GERMAN—The old favorite offered in 4 colors, white, pink, yellow and blue. **Price, 10c each, 2 for 11c, prepaid.**

LOBELIA

CARDINAL FLOWER—Rich fiery red flowers; strong plants often producing 10 to 18 spikes in August and September. **15c each, 3 for 40c, prepaid.**

LOBELIA (Great Blue Lobelia)—Similar to the Cardinalis, but the flower is blue streaked with white. Plant in moist place. **15c each, 3 for 40c, ppd.**

LILY-OF-THE VALLEY

Very small and sweet and dainty, the creamy white scalloped bells pendant along slender stems. They make up (with their broad shiny leaves) into dainty bouquets of fragrance. They spread actively from the roots and soon reclaim shaded cold ground which otherwise would be cheerless and barren. **10c each, 2 for 11c, ppd.**

1-CENT Sale

LUPINUS—LUPINES

The Lupinus produces beautiful long spikes of pear-shaped flowers a foot long on stems 3 feet high. They are perfectly hardy and very showy. Mixed. **15c each, 3 for 40c, prepaid.**

LYCHNIS

CHALCEDONICA (Maltese Cross)—Heart-lobed stars of brightest vermillion, arranged in large flat panicles. **2 year, 15c each, 3 for 40c, prepaid.**

VISCARIA SPLENDENS—A fine new variety with delicate rose pink heads of bloom. **15c each, 3 for 40c.**

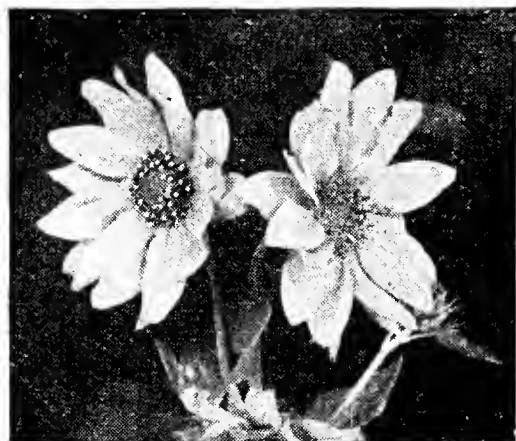

LIATRIS

(Blazing Star) Pycnostachya—Choice and bold species from 3 to 5 feet tall. Grow and produce the flowers in poorer soil than most garden plants but prefer a rich garden soil, and require no special attention. Nothing can be planted that will attract more attention on account of its unusual appearance; beautiful as well as odd. Blooms in mid-summer and throws up long spikes of rich rose purple flowers which last a long time and very attractive to butterflies. **20c each, 2 for 21c, prepaid.**

MERTENSIA—BLUE BELLS

VIRGINICA—An early spring flowering plant. 1 to 1½ ft. with blue flowers overlaid with pink. One of the loveliest spring flowers we have. **15c each, 3 for 40c, prepaid.**

MONARDA (Oswego Tea)—Showy plants growing from 2 to 3 feet high, succeeding in any soil or position, with aromatic foliage, and producing their bright flowers during July and August. **15c each, 3 for 40c.**

Helianthus

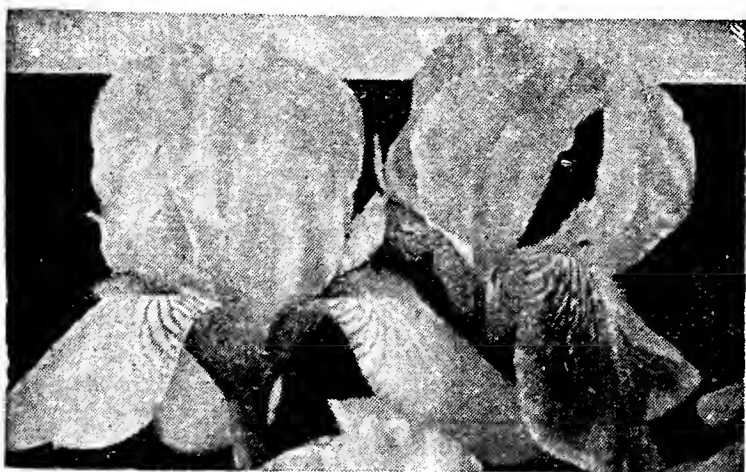

Gaillardia

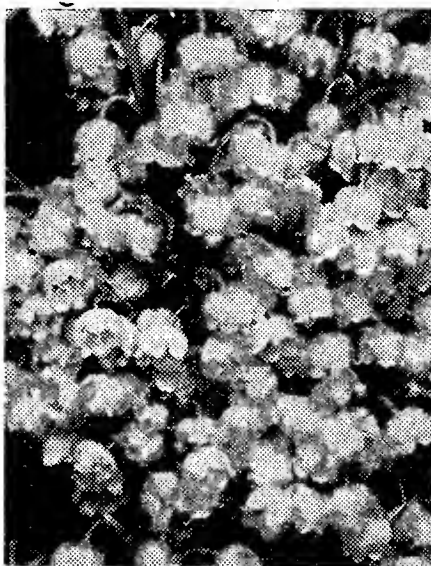

Gypsophila

Hollyhock

German Iris

Lily-of-the-Valley

Eulalia Zebrina

PERENNIALS CONTINUED

POPPIES

PAPAVER ORIENTALE (Oriental Poppy)—One of the most striking flowers of the perennial border. After blooming in June the plants die down and disappear, making rosettes of foliage in late fall, and stays green all winter.

BRACTEATUM—Deep crimson scarlet. Early flowering.

MRS. PERRY—Immense flowers of soft salmon pink.

CLARET—Rich deep wine.

Stock limited. 25c each, 3 for 65c.

ICELAND (Assorted)—The plant is of neat habit, forming a tuft of bright green, fern-like foliage from which spring, throughout the entire season, a profusion of slender leafless stems 1 foot high, each graced with charming cup-shaped flowers. 17c each, 3 for 50c, prepaid.

PLATYCODON

JAPANESE BELL FLOWER—A valuable perennial forming a dense branching bush of upright habit. One to two feet with neat foliage. It blooms from July until frost. Large bell shaped, deep blue flowers. 15c each, 2 for 16c, prepaid.

1-CENT Sale

PENSTEMON

BARBATUS TORREYI (B)—June to Sept. A very valuable late flowering variety with beautiful bright flowers; thrives also in partly shaded places. 15c each, 3 for 40c, prepaid.

GRANDIFLORA—Distinct and new variety. Wax like blue foliage oblong leaves. Blooms in July. Flowers pink, on an 18 in. spike. Resemble foxglove in habit. New and worthwhile. 20c each, 3 for 50c.

PHYSOSTEGIA

VIRGINICA—An unique and attractive American plant that stands apart from all other hardy plants. It is perfectly hardy. Begins to bloom about the first of July and if kept cut, will flower more or less for about three months. Can be supplied in pink or white. 15c each, 3 for 40c, prepaid.

BEAUTIFUL PEONIES

Late years have seen many improvements in the size, shape, color and free-flowering habit of this wonderful plant, and below we offer three choice double varieties in three colors. Plant in the late Fall or early Spring.

1-CENT Sale

1st PRIZE WHITE—A good sized double white flower and free bloomer. 35c each, 2 for 36c, prepaid.

1st PRIZE PINK—Beautiful shade of pink, double flower, beautiful foliage. 35c each, 2 for 36c, prepaid.

1-CENT Sale

1st PRIZE RED—Very vivid coloring, massive flowers and very spicy. 35c each, 2 for 36c, prepaid.

PHLOX

Fine new varieties all 15c each, 3 for 40c.

BETTY LOU—Bright orange scarlet.

BRIDESMAID—White, crimson eye.

B. COMPTE—Very brilliant, satiny amaranth flowers.

ETHEL PRITCHARD—Beautiful mauve lilac.

FUERBRAND—New brilliant orange scarlet, sometimes almost vermilion.

ISABEY—Light blue. Very fine.

JULES SANDEAU—A very pretty, large flowered soft pink bloom.

MISS LINGARD—The best phlox in cultivation. Immense heads of pure white flowers in June, September and October.

PANTHEON—Extra large flowers of salmon rose.

RHINELANDER—Beautiful salmon pink; immense size.

TERRA NOVA—Grayish lilac, violet eye.

R. P. STRUTHERS—Rosy carmine, shaded orange scarlet.

CONTINUED

PHLOX SUBULATA (Moss or Mountain Pink)—An early spring flowering type with evergreen foliage. Valuable for covering ground or graves. 15c, 3 for 40c.

PYRETHRUM OR PAINTED DAISY (Roseum)—Attractive fern-like foliage. Rose colored flowers, good for cutting. Bloom May and June. 15c each, 3 for 40c.

1-CENT Sale **RUDBECKIA** (Golden Glow)—Hardy. Six feet high, masses of large, double golden yellow flowers, shaped like a Cactus Dahlia. 15c each, 2 for 16c, prepaid.

GIANT PURPLE CONEFLOWER—Most attractive purple flowers, with a very large, brown, cone-shaped center. Blooms from July to October. 3 feet high; a splendid plant for the border. Price 15c, 3 for 40c.

SCUTELLARIA COELESTINA—Short wiry stems, 1 foot high with clear blue Snapdragon shaped flowers during July and August. Likes sun. Price 15c, 3 for 40c.

ERYNGIUM (Sea Holly)—Spiny leaves and thistle like flowers. Flower heads make fine winter bouquets. Metallic blue or silver color bracts. 15c each, 3 for 40c.

CHEIRANTHUS (Siberian Wallflower)—A beautiful plant. Dazzling fiery orange flowers, on stems about a foot high. Best used as a biennial as it frequently blooms itself to death. 15c, 3 for 40c.

1-CENT Sale **SEDUM** (Stonecrop)—A very pretty, erect growing perennial attaining a height of 18 inches. It has broad light green foliage with immense heads of handsome showy rose colored flowers. Indispensable as a fall blooming plant. Price 15c each, 2 for 16c, prepaid.

SCABIOSA (Pin Cushion Flower, Caucasica)—Soft shade of lavender, blooms June to September. 18 in. 20c each, 3 for 50c.

SALVIA AZUREA—A species from the Rocky Mountains, which produces during August and September pretty sky-blue flowers in the greatest profusion. They have been admired very much by the many visitors to our nurseries this summer. 15c each, 3 for 40c.

STOKES' ASTER—A most charming and beautiful native hardy plant. The plants grow from 8 to 12 inches high, bearing freely its handsome lavender-blue centaurea-like blossoms, which measure from 4 to 5 inches across. It is of the easiest culture, succeeding in any open, sunny position; desirable as a single plant in the hardy border and effective in masses or beds. 15c each, 3 for 40c.

TUNICA (Saxifraga)—A neat tufted hardy perennial plant, growing but a few inches high, and bearing throughout the entire season numerous elegant pink flowers. 15c each, 3 for 40c.

1-CENT Sale **VERONICA SPEEDWELL** (Elegans)—Erect growing. Pink. 15c each, 3 for 40c. (Spicata)—Violet blue flowers borne in masses. Blooms July and August. 18 in. 15c each, 2 for 16c, prepaid.

1-CENT Sale **YUCCA** (Adam's Needle) **FILAMENTOSA**—Among the hardy plants there is nothing more effective and striking for isolated positions on the lawn. It is also indispensable for the rockery. Its broad, swordlike, evergreen, foliage and immense branching spikes of drooping creamy white flowers, rising to a height of 6 feet render it a bold and handsome subject wherever placed. Should be planted in Spring. 25c ea., 2 for 26c, prepaid.

A very interesting member of the Begonia family. Forms a very neat and attractive plant. The leaves are variegated white and green overlaid with a lustrous wax-like sheen. Price, each 24c, 3 for 69c.

BECKWITH'S GEM—Beautiful fancy variety with large leaves of heavy texture; center of leaf dark velvety maroon, bordered fiery-red; changing creamy-yellow at point of leaf.

YELLOW BIRD—Golden yellow foliage. Best of its color.

FIREBRAND—Brilliant scarlet. Good bedder.

QUEEN OF THE WEST—Green foliage streaked with maroon.

SENSATION—Just what the name implies. An outstanding variety. Outer part of leaves light red, center crimson.

Watermelon Begonia

Giant Rex Begonia

FRENCH HYDRANGEAS

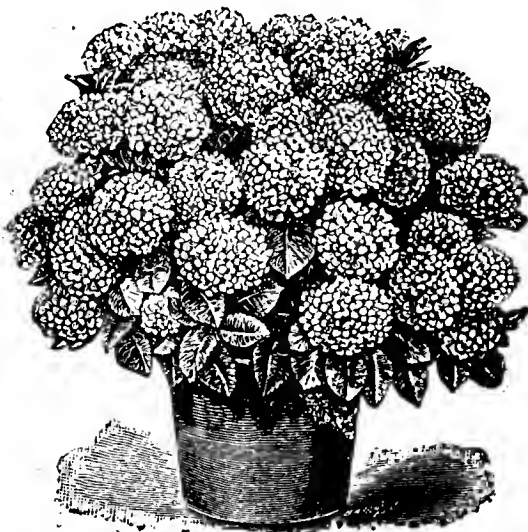

These Hydrangeas are very vigorous, healthy and rapid growers, and are practically a summer and winter flowering plant. They give fine results during the winter as a house plant and with a slight rest will flower again out of doors from June to September.

BOUQUET ROSE—This very attractive variety produces deep rosy amber flowers which turn to bright red.

PINK WONDER—Immense trusses of well formed delicate rose blooms are produced in abundance.

GOLIATH—Darkest Red variety. Fine grower.

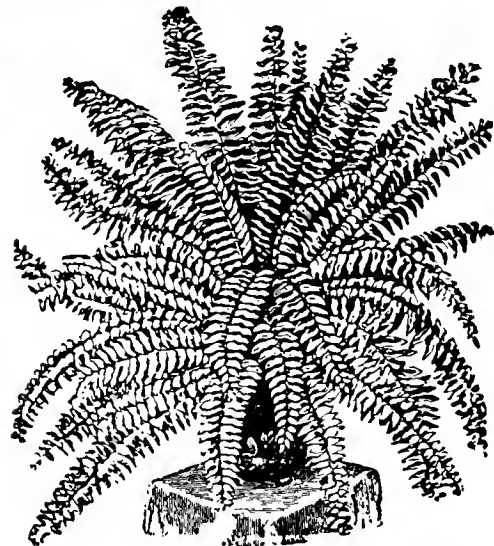

Price, each 29c; 3 for 84c.

French Hydrangea, Bouquet Rose

MAMMOTH LEAVED REX BEGONIA

Broad leaves, high coloring, and exquisite markings. Invaluable as decorative plants for house. Give them a light soil, warm, moist atmosphere and shady situation. 2½ inch pot plants, 25c each, 3 for 72c.

Popular Boston Fern

NEW VARIEGATED IVY

(Haeggenberger) — An outstanding sport of the English Ivy. Effective indoors where the beautiful coloring shows up most. Leaves are green, surrounded by a cream colored edging. Striking. Price 29c, 3 for 84c; larger plant, 49c ea.

ASPARAGUS SPRENGERII

(Feather Fern)—Especially valuable for window box and hanging baskets, vases and specimens. Used for cut-flower work. Price 15c ea., 3 for 38c.

Feather Fern (Asparagus)

DECORATIVE FERNS

OSTRICH PLUME FERN—One of the few feathery foliage ferns which everyone can successfully grow. One of the best. 22c ea., 3 for 63c.

FLUFFY RUFFLES (Nephrolepis Superbissima)—Dark feathery foliage. Dense compact growth gives the appearance of a fern within a fern. 39c ea., 3 for \$1.01.

BOSTON FERN—This variety is the most popular of all ferns. The graceful rich green fronds often measure from six to eight feet in length. 19c ea., 3 for 55c.

ROOSEVELT—Dense, massive fronds often measuring six inches across and growing to a height of four feet or more. 23c ea., 3 for 66c.

VERONA—Will thrive under all ordinary conditions. Fronds are very fine and filmy. Nothing daintier. 23c, 3 for 66c.

CHRISTMAS CACTUS

Long drooping flowers produced in great profusion; color deep cerise: 24c, 3 for 69c.

For The Children

Encourage your children to become interested in the growing of trees and plants. Any one of the following collections will develop into beautiful and valuable trees in a very few years. It will increase their interest in nature, give them many hours of pleasure, and it is one of the healthiest out door activities, and increases in value each year. Home will mean very much more to them when planted with trees they have cared for. A good and safe investment for any one.

20 NUT TREES

12-24 in. for \$3.00, prepaid

- 5 Japan Walnut
- 5 Black Walnut
- 5 American Filbert

5 FLOWERING TREES

2 3 ft. for \$1.50, prepaid

- 1 Pink Flowering Japan Cherry
- 2 Chinese Flowering Crab
- 1 Hawthorn
- 1 Purple Leaf Plum

35 SHRUBS FOR \$3.00, PPD.

Nice sturdy plants 1 yr. old

- 5 Weigelia
- 5 Lilac
- 5 High Bush Cranberry
- 5 Spirea Dwarf
- 5 Forsythia
- 5 Honeysuckle
- 5 Hawthorn Scarlet Fruited

TREES

Any of the following ornamental trees at \$3.00 per 100, postage paid.

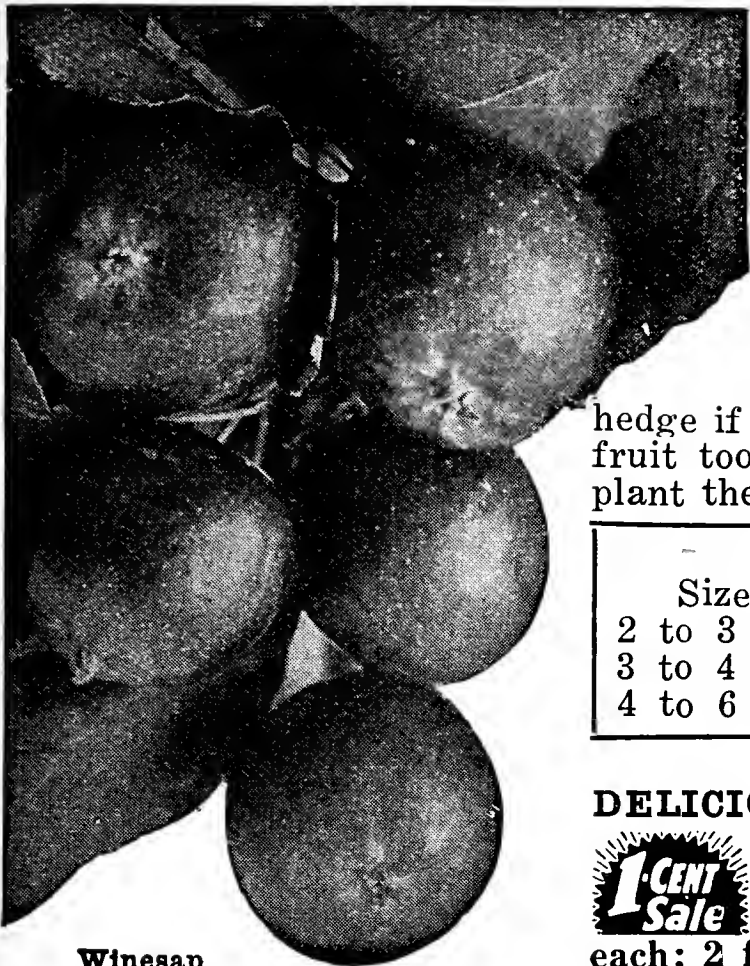

- American Ash, 12-18 in.
- Box Elder, 12-18 in.
- Lombardy Poplar, 1-2 ft.
- Siberian Maple, 8-12 in.
- Tartarica Maple, 6-12 in.
- Rose of Sharon, 8-12 in.
- Rhamnus Frangula, 12-18 in.
- Am. Arbor Vitae, 3-yr.-old
- Norway Spruce, 4-yr.-old

RHUS COTINUS (Smoke Tree)—A hardy low growing tree, or shrub-like tree attaining 12-15 feet. The bark is brown. Leaves are oval, glabrous and have a delightful fragrance, turning a beautiful orange or red in fall. Flowers are purple in loose, long panicles which are densely feather-like and produce a mistiness which gives the name of SMOKE TREE. Used as a specimen, and their shrubby and misty appearance serves as a splendid background for seats and perennial borders. There is nothing quite like it and should be planted on every lawn. Price 70c each, 2 for 71c, prepaid.

Smoke Tree

FINE APPLE TREES

No home or farm, large or small can afford to neglect planting fruit trees each year. They are profitable, beautiful, healthful and will pay big dividends. More money can be made on land with apples, selling at 50c per bushel than off of wheat selling at \$1.50 per bushel.

Apple trees in bloom are better liked and more admired than many ornamental trees. Apple trees make a beautiful hedge if kept trimmed and planted about 3 ft. apart. They will produce fruit too. At the low prices these trees are offered everyone should plant them.

| PREPAID PRICES OF ALL APPLE TREES | | | | | |
|-----------------------------------|------|--------|--------|--------|---------|
| Size | Each | 10 | 25 | 50 | 100 |
| 2 to 3 ft. | 25c | \$2.00 | \$4.65 | \$8.75 | \$15.00 |
| 3 to 4 ft. | 35c | 3.00 | 7.15 | 13.75 | 25.00 |
| 4 to 6 ft. | 50c | 4.50 | 10.50 | 20.00 | 35.00 |

LIST OF VARIETIES

DELICIOUS—Large, with surface almost covered with a most brilliant beautiful dark red; in quality it is unsurpassed; flesh is fine grained, crisp, juicy, delicious; in keeping qualities it ranks with the best. Special price on Delicious only, 3-4 ft., 35c each; 2 for 36c. 4-5 ft., 50c each; 2 for 51c.

STAYMAN'S WINESAP—Champion of all Winesaps. Succeeds wonderfully anywhere. The fruit is medium to large; attractive green and yellow, almost hidden by dark red stripes. Flesh yellow, juicy, quality the best, ranking with the Yellow Newton and the Grimes Golden.

WINESAP—One of the old standbys. It is one of the very best keepers. Medium size, smooth and a fine dark red; flesh yellow, crisp, tender, very juicy, aromatic, firm and very good. Popular with fruit stores because it always holds up and is one of the leading export apples.

WEALTHY—The best money maker of its season. Bears early. Tree has proven hardy, vigorous and healthy. The fruit is a brilliant red distinctly marked with narrow stripes and splashes of deeper red. The quality of the fruit is superb.

YELLOW TRANSPARENT—The earliest summer apple. The greatest home or market apple, the money-maker of summer apples, known to net over \$750.00 per acre annually. By many this is considered the best of all extra-early apples. Always brings the best prices.

YORK IMPERIAL—An important commercial apple. Can be kept till new crop comes. Medium sized, round, irregular; greenish yellow overlaid with bright red stripes; flesh tender, firm, crisp, juicy, extra good flavor. Tree is a vigorous grower.

CRAB APPLES

TRANSCENDENT—This is the largest and best for jellies. The tree is extremely hardy, good grower, very productive. The fruits are about one and a half to two inches in diameter. Bright yellow striped with red, flesh crisp, juicy and sub-acid. August to September.

WHITNEY—The tree is a hardy, thrifty, upright grower, and comes into bearing when young; it is a very productive variety. The flesh is yellowish, crisp, juicy and splendid for eating and cider. August and September.

QUINCE

ORANGE—Large, round, bright golden yellow. Excellent flavor. An abundant bearer, good for market. One of the best late varieties.

CHAMPION—Bears early. Fruit is large, oval, rich color and excellent quality. Ripens late and keeps well. By express collect, 3-4 ft. each, 55c; 2 for \$1.00, prepaid.

DUCHESS OF OLDENBURG—The most profitable mid-summer apple. Downing. "This handsome Russian apple proves one of the most hardy and profitable varieties in cultivation, especially in our northwestern sections."

EARLY HARVEST—Much prized by the housewife. The Early Harvest has been in cultivation for more than one hundred years and this is a proof of its excellence. It is a very early variety, ripens in July and August. It is desirable for the home orchard because of its earliness and its excellence for the dessert and culinary purposes.

GRIMES GOLDEN—The best and most widely planted yellow apple. The tree is hardy and productive. It can be used to an advantage as a filler as it comes into bearing rather early. Few apples have proven more profitable in the commercial orchard. The fruit is of medium size, tender, rich aromatic, sub-acid, good to very good for eating raw or cooking.

JONATHAN—A general favorite everywhere. It is a medium sized apple, brilliant red; very highly flavored, juicy, fine grained, tender, mild, sub-acid. Quality is fine for home use and for marketing.

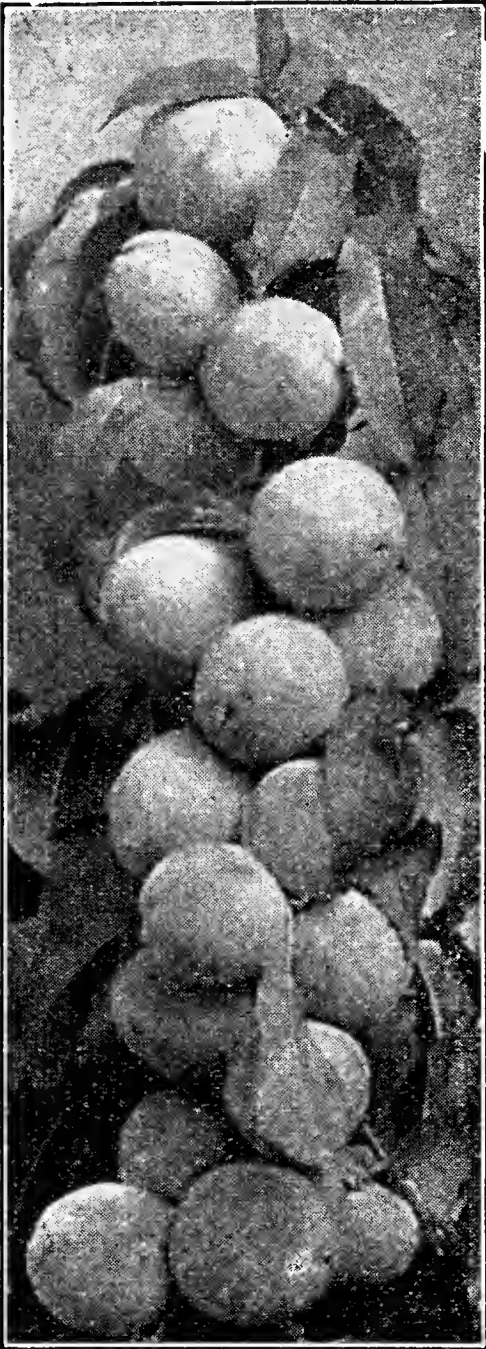

MAIDEN BLUSH—This old-time tested apple is one of the most beautiful and productive of the Fall apples. It is of good uniform size. The color is a bright lemon yellow, with a deep crimson blush spreading over one cheek.

NORTHERN SPY—Large, striped crimson in the sun, juicy, rich and aromatic, retaining these qualities until late spring or summer. The tree grows rapidly, bears well as it blooms later than most varieties.

RAMBO—The Rambo needs no description; one of the old favorites that has its place on the farm as well as the commercial orchard. Fruit of medium size, greenish yellow, partly covered with red in the sun.

ROME BEAUTY—The great profit maker. An old apple, but one that steadily grows in popularity and is a money maker for growers all over the country. It has an established place in the markets and no orchard should be without this apple. It is large, mottled and striped in different shades of red.

Winesap

Elberta Peaches

FINE PEACH TREES

The nature and quality of the Peach is so well and universally known that it needs no word of introduction or commendation from us. Its importance as one of the necessary luxuries of the home is keenly felt by every family.

It is well to plant a good assortment of early, medium and late varieties thus insuring a long season of delicious fruit for canning, table or for market.

PREPAID PRICES ON PEACH TREES

| Size | Each | 5 | 10 | 100 |
|--------------|------|--------|--------|---------|
| 2-3 ft. | | \$0.98 | \$1.90 | \$15.00 |
| 3-4 ft. | 30c | 1.40 | 2.50 | 20.00 |
| 4-5 ft. | 40c | 1.90 | 3.70 | 25.00 |

BELLE OF GEORGIA—A large free stone peach, a most excellent variety, ripens early and most attractive in color and shape, with a light red cheek. Flesh is white, firm and delicious.

CHAMPION—One of the finest free-stone peaches. The fruit is large, creamy white, with a red cheek. The flesh is sweet, juicy, very high quality, and of excellent flavor.

ELBERTA—The old reliable peach, of which more are planted and from which more money has been made than from any other variety. The fruit is extra large; golden yellow, with brilliant shades of red; firm, juicy, rich and sweet. In fact it is the most popular of all the freestones and hardy; thrives in widely different localities. Special price on Elberta peach trees only in lots of 2 and in 3 to 4 ft. size at **30c each, 2 for 31c, prepaid.**

EARLY ELBERTA—Ripens about a week earlier than Elberta; otherwise the same, or a trifle better quality.

EARLY CRAWFORD—A magnificent large yellow peach of good quality. Early in September.

LATE CRAWFORD—A superb, large yellow peach. Late September.

J. H. HALE—This remarkable peach, discovered as a chance seedling, by J.

H. Hale, is a wonderfully fine peach, magnificent in appearance and delightful in flavor. The tree is enormously productive and the fruit is of larger size than the Elberta. Color a deep, golden yellow overlaid with bright carmine. Smooth, solid, thick skin, a peach without the fuzz, absolutely distinct in this respect, it stands in a class alone.

ROCHESTER—A yellow freestone variety having the exceptional merits of being early (ripening about Aug. 10), extraordinary sweetness and early bearing. Fruit is large, yellow, sweet, juicy and of delicious flavor; keeping and shipping well; skin prettily blushed. Tree is strong growing and hardy, an annual and prolific cropper.

SALBERTA—A highly successful cross between Salway and Elberta, conserving the size, quality and productiveness of Elberta for the more profitable two to three weeks later picking due to Salway's influence.

SOUTH HAVEN—The great hardy peach for cold regions, stands 10 degrees colder weather than any other peach grown. Large, yellow, freestone. Large as Elberta and a week earlier on the market. Of all peaches for markets, this rules supreme. **Price 3-4 ft., 30c each, 2 for 31c, prepaid.**

PEAR TREES — The Quality Fruit

Will grow and do well in all conditions. Very pretty in bloom and out. Grow to be very old, some bearing at an age of 100 years. Kinds offered below are the best in cultivation.

BARTLETT—One of the most popular sorts, both for home and market. Has large, handsome waxen yellow, with red blush; flesh buttery, rich and juicy, highly flavored for canning. Ripens in August and September. Special price on Bartlett pears. **4 to 5 ft. in lots of 2; 65c each, 2 for 66c.**

CLAPP'S FAVORITE—Fruit handsome, large, long, yellow, spotted dull red where exposed to the sun; flesh fine-grained, juicy, rich, sweet flavored. It resembles the Bartlett. The tree is a vigorous grower, hardy and productive. Ripens in August.

DUCHESS D'ANGOULEME—This is the largest among our really good pears. The skin is a dull greenish-yellow; flesh white, melting, juicy and well flavored. The tree is a vigorous grower and a reliable bearer. A profitable market variety and fair for home use. Ripens in October and November.

FLEMISH BEAUTY—One of the best varieties of pears for the southwest, on account of its hardiness. The tree is a strong grower, an annual and abundant bearer, and is usually successful over a large range of country. The fruit is large; the skin pale yellow; the flavor is sweet and melting. Ripens in September and October.

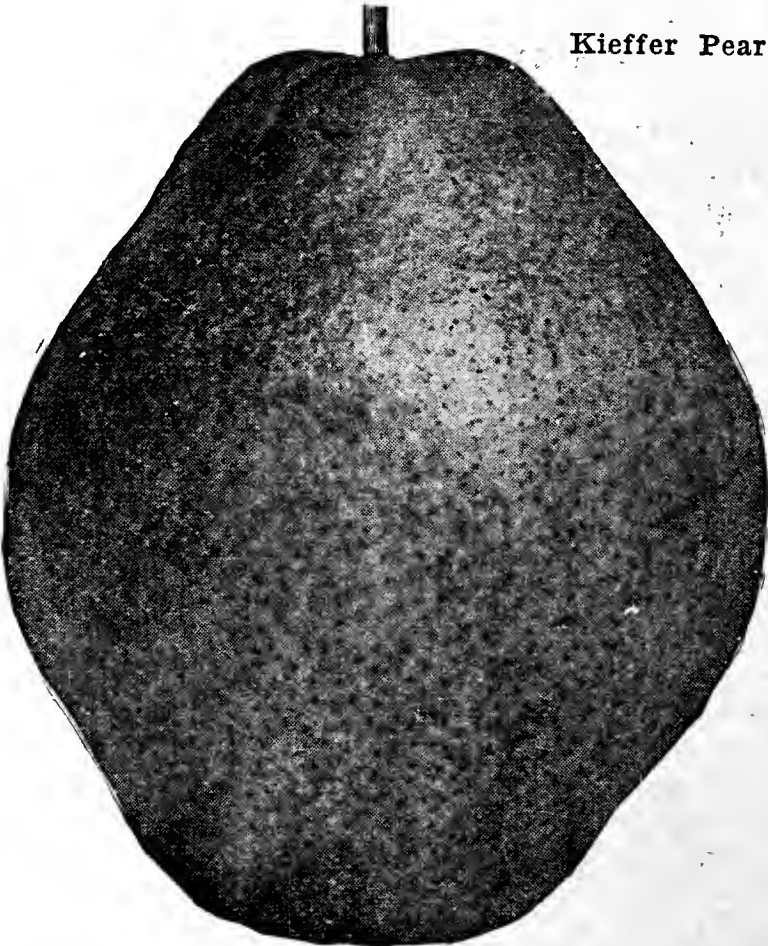

KIEFFER—On account of the excellent keeping qualities it is one of the best and most profitable market varieties. The trees are not troubled with scale and seldom fail to bear a good crop. Trees bear young. October and November.

SECKLE—This well known little pear has attained the rank of standard in quality on account of its rich delicious flavor; very popular for dessert. August and September.

Peaches \$1.00 per bu., 700 bu. to acre. Corn 20c per bu., 60 bu. to acre.

PREPAID PRICES OF ALL PEAR TREES

| Size | Each | 5 | 10 | 25 |
|-----------------|------|--------|--------|---------|
| 3 to 4 ft. | 60c | \$2.90 | \$5.10 | \$12.00 |
| 4 to 5 ft. | 65c | 3.10 | 6.00 | 14.00 |

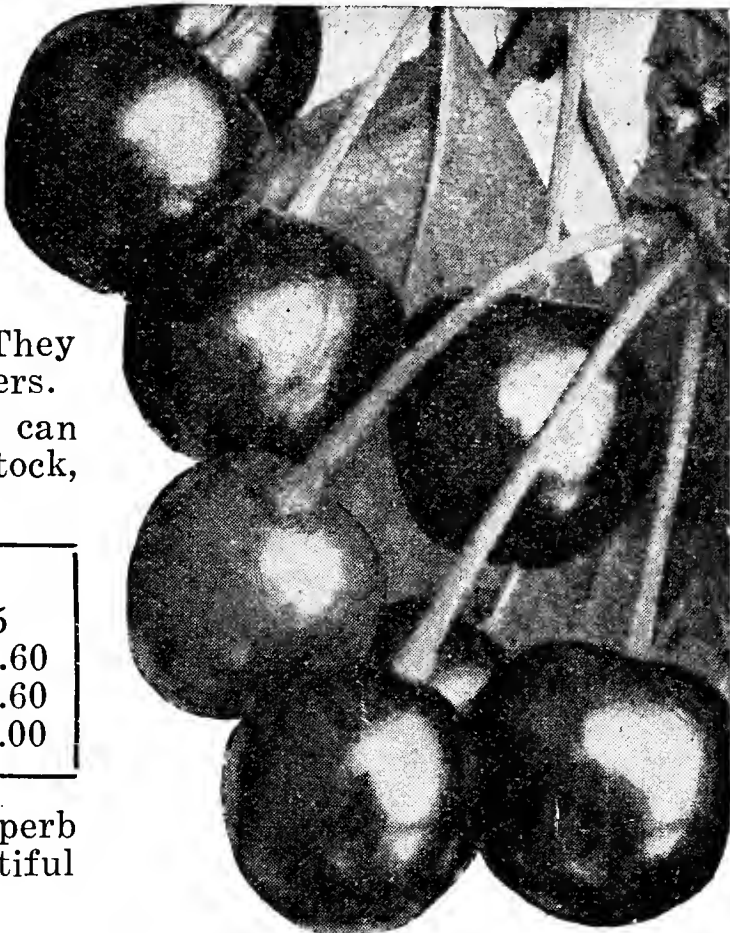

Kieffer Pear

CHERRY TREES

There is no fruit which makes more delicious preserves and housewives appreciate the value of a good supply of canned cherries for winter pies, puddings, and other desserts. Cherry trees are naturally hardy and are infected by fewer diseases than any other fruit tree. The so-called sour varieties are hardy, vigorous and frost resisting and are never troubled with scale but spraying is of course beneficial to the trees. They are easily grown wherever apples succeed, and are late bloomers.

Our cherry stock is the best selected varieties and as fine as can be produced. They are all budded on imported Mahaleb stock, which makes the best and longest lived trees.

| PREPAID PRICES ON CHERRY TREES | | | | |
|--------------------------------|------|--------|--------|---------|
| Size | Each | 5 | 10 | 25 |
| 2 to 3 ft. | 35c | \$1.65 | \$3.20 | \$ 7.60 |
| 3 to 4 ft. | 50c | 2.25 | 4.60 | 9.60 |
| 4 to 6 ft. | 60c | 2.75 | 5.00 | 11.00 |

Large Montmorency

BLACK TARTARIAN—A beautiful, purplish cherry of superb quality, rich and juicy. This remarkable tree makes a beautiful erect growth. A prolific bearer. Late June and July.

EARLY RICHMOND—Unsurpassed for cooking. The tree is a free grower and reliable producer. The fruit is medium, dark, red, juicy and has an acid flavor. June.

GOVERNOR WOOD—The standard of quality among the sweet cherries. The large, light red fruit hangs well on tree and does not rot easily. The fruit buds are hardy and the tree is a stout healthy grower, and an abundant bearer. June.

LARGE MONTMORENCY—Several different strains come under this variety or name; all of them are good, but we consider this particular strain one of the very best of the sour cherries, and it should be largely planted in every orchard. The fruit is large, dark red, and handsome. 2 to 3 ft., 35c; 2 for 36c, prepaid. 3 to 4 ft., 40c; 2 for 41c. 4-5 ft., 50c; 2 for 51c. Prepaid.

YELLOW SPANISH—Large, handsome, sweet cherry with light red cheek, firm and delicious. Tree vigorous in growth and productive. Late June.

PLUM TREES

AN ORNAMENTAL TREE FOR A CITY LOT

The market's demand for high grade plums is almost unlimited, and for dessert, cooking and canning no fruit is more delicious.

| PREPAID PRICES ON PLUM TREES | | | | |
|------------------------------|------|--------|--------|---------|
| Size | Each | 5 | 10 | 25 |
| 2 yr., 4 to 5 ft. | 50c | \$2.40 | \$4.50 | \$10.00 |
| 2 yr., 5 to 6 ft. | 65c | 3.00 | 5.50 | 12.85 |

German Prune Plum

ABUNDANCE—A beautiful yellow, heavily over-spread with purple-carmine; large to very large; the flesh is yellow, very juicy, sweet and quite firm; skin tough. The tree is a strong, thrifty grower, very hardy and prolific. The fruit stands shipping well to distant markets. July.

BRADSHAW—Remarkably good early plum. This variety is a very large dark red. The flesh is yellow, juicy and good. A valuable market variety. The tree is an erect, vigorous grower. Middle of August.

GERMAN PRUNE—One of the oldest varieties. The tree is vigorous in growth and productive. Large, purple fruit that is firm, sweet and delicious. A freestone. September.

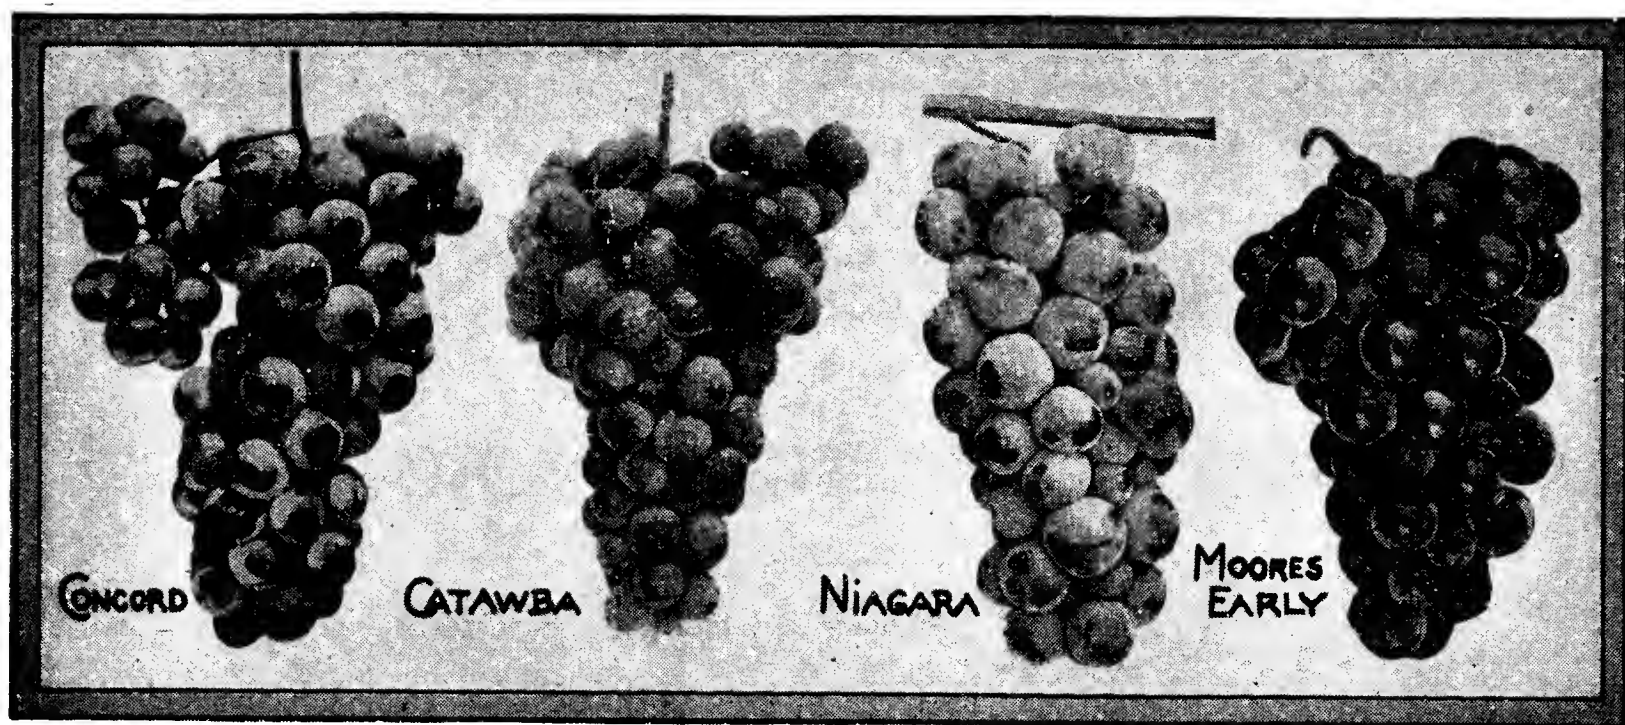

LOMBARD—A favorite for canning and culinary purposes. Of medium size, oval, violet-red. Flesh is yellow, juicy, pleasant and good. Adheres to the stone. Good market variety. The tree is strong and productive, bearing when quite young. Ripens late in August.

MOORE'S ARTIC—Purplish black plum with a thin bloom. Small to medium; flesh juicy, sweet and fine flavored. Healthy, regular and abundant bearer. August.

GREEN GAGE—Fine variety for canning. Fruit is large, roundish oval, greenish yellow, spotted with red; flesh yellow, juicy, rich, of finest quality. Special price in lots of two in 4 to 5 ft. only. 60c each, 2 for 61c.

SHIPPER'S PRIDE—A large, showy plum, frequently reaching a diameter of two inches. It is a dark purple in color of the Damson type. The flesh is sweet and firm. Good shipper. Sept.

YELLOW EGG — A beautiful yellow egg-shaped plum of the largest size, the flesh is yellow, and is somewhat coarse; always clings to the stone. This is an excellent variety for canning and always brings a good price on the market. Tree is a prolific bearer and good grower. Late August.

GRAPES

OUR LOW PREPAID PRICES ON 2 YR. GRAPE VINES

| | | | | | |
|---------------|-------|-----|-----|--------|----------------|
| 2 Year Old | Each | 5 | 10 | 25 | 100 |
| All Varieties | | 20c | 90c | \$1.75 | \$4.00 \$14.50 |

AGAWAM—Deep red or maroon. The large meaty berries which are borne in extra large, loose-shouldered bunches, ripen about with Concord or a trifle later.

BRIGHTON—This variety has been regarded as the highest in quality of all hardy grapes. The berries are wine red. Ripens in midseason.

CONCORD—From sheer merit the Concord has become the most popular grape in the United States. Taking the country as a whole, more Concord is now in bearing than any other variety. Concord only 20c each, 2 for 21c; 10 for \$1.75, 20 for \$1.76; 100 for \$14.50, 200 for \$14.51, first class plants, prepaid.

CATAWBA—If you asked some of the big Grape growers "Which is the best red variety?" the answer would be "Catawba". There would be good reasons for the answer too. It is last to ripen.

MOORE'S EARLY—The most reliable very early variety and is proving immensely profitable to commercial growers. Medium bunch, berry large, jet black.

CACO—Listed on inside of back cover.

NIAGARA—The standard white Grape. Both bunch and berries are large to very large, handsome, and well formed.

WORDEN—A black grape that resembles Concord closely but with more tender pulp, higher quality, and ripens a week to ten days earlier. It is also a little larger in both bunch and berry than the Concord.

POCKLINGTON—A very handsome golden grape of extra large size. Bunch large and compact; flesh juicy with considerable pulp; flavor sugary, and delicious. Pocklington is perhaps the most beautiful grape in cultivation.

SALEM—Bunch large and heavy; berries round and an inch thick; flesh tender; flavor sweet, aromatic. For table it is hard to beat. Salem ought to be in every garden and small vineyard.

Hardy California Grafted Grapes now can be grown in this country.

RED MALAGA—The vine is a good producer. Big clusters, large fruit round in shape, deep red color, especially when held to the light. Ripens early. \$1.00 each, 3 for \$2.00.

RHUBARB

MYATT'S LINNAEUS

—Leaf stalks long, large, tender, juicy, produced quite early. Cellar-grown rhubarb with beautiful pink, tender stalks may be enjoyed in March by anyone who will devote a little time to it. In the fall a number of roots are packed together with rich soil in some cool, dark cellar. After the crop has been cut, the roots are replanted in the garden to regain their vigor for the next year's forcing. Price, 10 for 85c; 100 for \$7.50. Prepaid.

ASPARAGUS PLANTS

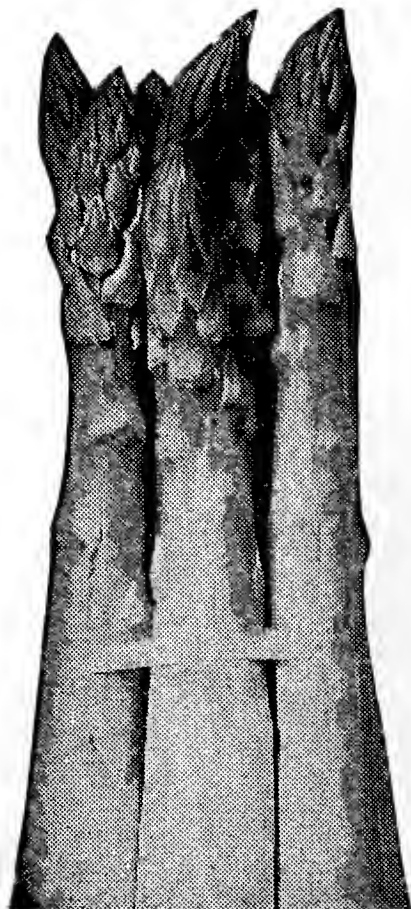

AT LOW PRICES

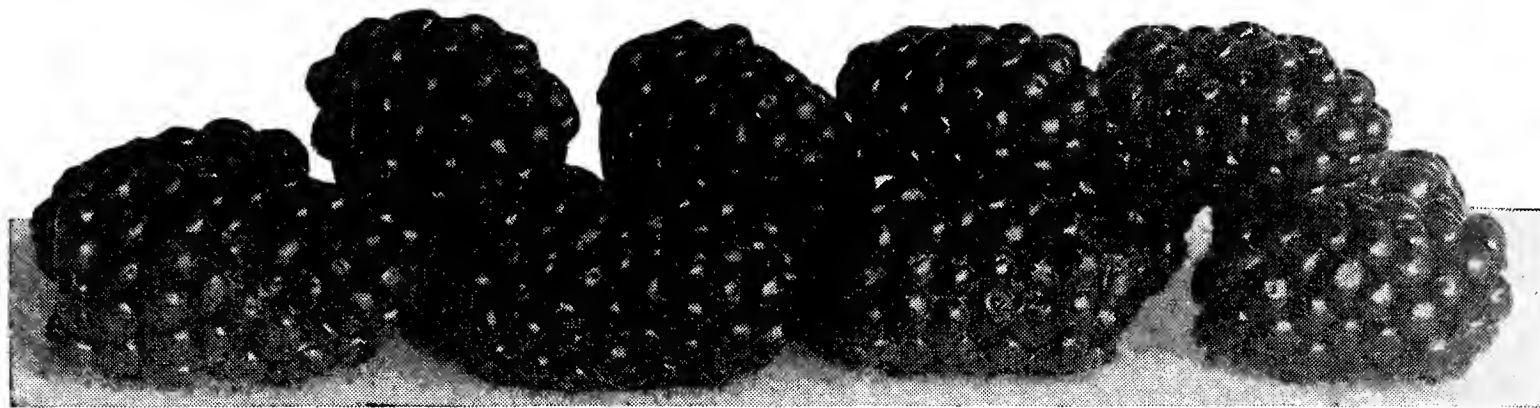

Price, 25 for \$1.00; 100 for \$2.00; 1,000 for \$10.00. Prepaid.

It is not necessary to tell the good qualities of the Asparagus, as it is known to everybody. Dig up the ground deep, put on plenty of well-rotted manure, thoroughly mixed in the soil, throw out a bed about four to five inches deep, lay the plants in by spreading the roots out well, and scatter the dirt over the plants about four inches, or the depth of the ground thrown out, press the dirt well around the plant by patting it down with a spade or shovel. Keep the crown of the Asparagus cut regularly so it will not get too large and woody.

PALMETTO—In large markets this Asparagus brings the highest prices on account of the size, and beautiful appearance of its stalks. Some years it is on the market several days before other varieties.

WASHINGTON—A new rust resistant pedigreed Asparagus. As a standard variety for the production of fancy Asparagus for home or market, it stands ahead of all others in size, vigor, tenderness and quality.

Eldorado Blackberry

BLACKBERRIES

The Blackberry thrives well in almost any soil but to reach perfection demands a strong loam tending towards clay, rather than sand. Planting is best done in the spring. The pruning of the blackberry is not a difficult task, yet success depends upon the proper method. Pinch back canes when 3 or 4 ft. high. It is best not to allow more than 3 or 4 canes to a hill. Prepaid prices, 10 for 50c, 25 for \$1.00, 100 for \$3.70.

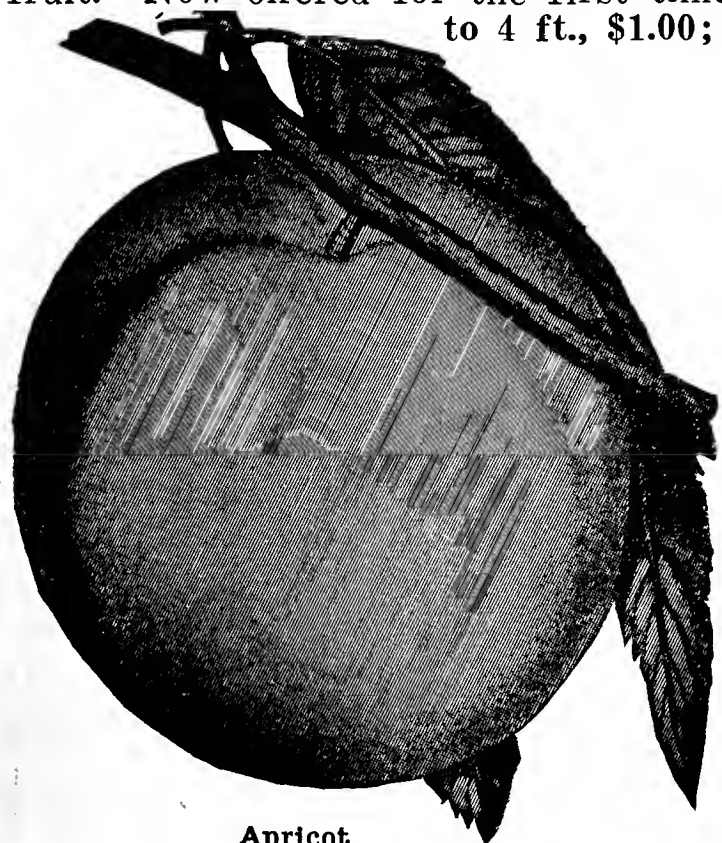

ELDORADO—This is a comparatively new variety, and has proven itself to be the best of all blackberries under cultivation. After once fruiting, Eldorado berry growers discard almost all other varieties which they have. It is very hardy, claimed to have no equal in this respect. Fruit very large, jet black, good shipper, good quality, and a great producer.

LUCRETIA DEWBERRIES

The fruit is very large and always at a premium with the commission men or the open market. If they are planted where they can be cultivated, they should be plowed and in the winter a coarse litter of mulch thrown over them. The vines will grow up through this and keep the fruit from the ground. We are only offering one variety which is considered the best of all Dewberries now in cultivation. Fruit of high quality and very large, often one or two inches long and one inch in diameter. Perfectly hardy and a great bearer. Price, 10 for 45c, 25 for 90c, 100 for \$3.25.

HARDY APRICOT

A real hardy apricot. Imported from Hungary a few years ago. Comes into bearing very young and seldom misses a crop. Quality of fruit is excellent and good sized. Beautiful in bloom and when tree is in fruit. Now offered for the first time. Prices, 3 to 4 ft., \$1.00; 2 for \$1.01.

Apricot

BEST RASPBERRIES

PREPAID PRICES ON ALL RASPBERRIES
10 for 40c, 25 for 85c, 100 for \$3.00

CUMBERLAND—The fruit is large, dark, crimson, firm, sweet, rich, highly flavored, good shipper and one of the most profitable as a market berry. Very choice black cap. Prepaid prices, 50 for \$1.70; 100 for \$1.71.

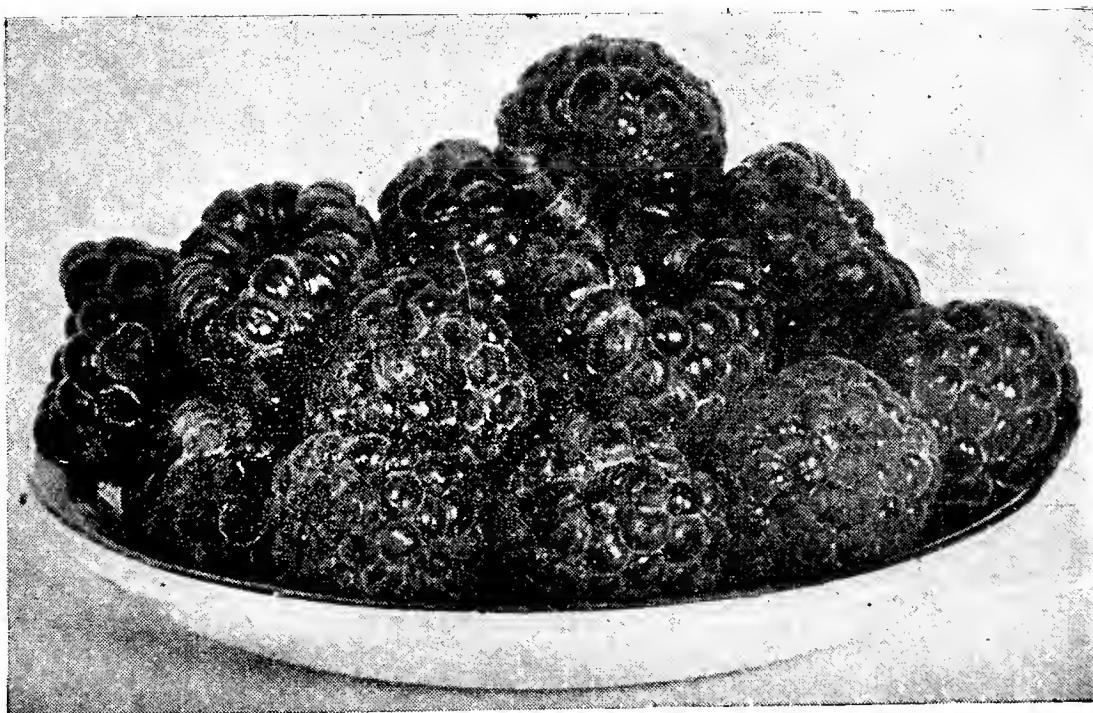

CUTHBERT—Is considered the queen of the market, as they bring a higher price on the market than any other of the red raspberries. The fruit is large, dark, crimson, firm, sweet, rich, highly flavored and as beautiful as strawberries. This is one of the hardiest of the red raspberries and endures the extreme northern climates or the southern summers with equal vigor and productivity.

GREGG—Known for many years by more people than is any other raspberry on the market. Large, showy, black, firm, and will ship well. Hardy, vigorous grower. Ripens about mid-season.

LATHAM (Everbearing)—Has proved to be the very best of all the everbearing sorts, for most sections. It is a splendid strong growing kind, and produces immense quantities of bright red extra large berries from June until freezing weather.

CHIEF—New variety. Ripens earlier than Latham, greater hardiness, more disease resistant, bears more abundantly than Latham. The fruit is the same bright red and somewhat smaller than Latham. One of the most profitable. 10 for 60c; 25 for \$1.35; 100 for \$4.50.

It is possible to raise all the small fruits the average family can use on a small city lot. Let us tell you how.

Latham Raspberry

BEST STRAWBERRIES

Plant in spring—always the best time. Generous supply of well-rotted manure is a great benefit. Protect plants when received from nursery; never allow roots to be exposed to the sun or wind. Plant in rows four feet apart and eighteen to twenty-four inches apart in row. Crown of plant should never be below surface of ground.

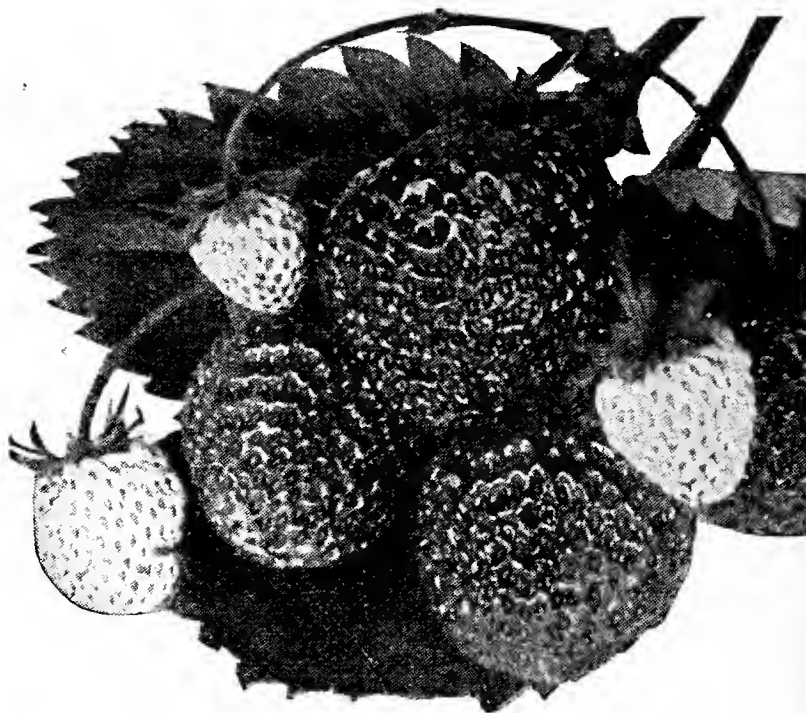

PRICES ON STRAWBERRIES

Sold only in multiples of 25; 25 for 40c; 100, \$1.10; 250, \$2.50; 1000 for \$9.00. Prepaid.

AROMA (Per.)—One of the finest for long distance shipping. The large berries are bright red to the center. Of conical shape, with prominent yellow seeds that help to make them very attractive on the market. The quality is such that it is a leader with many growers.

DR. BURRILL (Per.)—A well known variety that has proven very successful wherever planted. Produces immense quantities of large, very fine deep red berries that have a delightful flavor. The bright yellow seeds make a fine color contrast with the beautiful red fruit. This is one variety that has been a favorite in most all of the states east of the Rocky Mountains and also on the Pacific Coast. The foliage of this variety is very large; the fruit stems strong and erect, holding the large berries well off the ground. We can freely recommend this as being one of the very best berries.

PREMIER—Premier is the earliest worth while strawberry we know of. This feature alone makes it a great money maker, for it yields its fruit crop at a time when strawberries are in great demand and buyers everywhere are willing and anxious to snap

Mastodon

up every available quart of Premier paying the highest prices for this fancy, early fruit.

SENATOR DUNLAP (Per.)—The demand for this variety has been increasing steadily, as it has an unusually long fruiting season. It bears immense quantities of large, handsome, rich, fine-flavored, dark red berries, which are uniform in size and shape and very attractive in appearance. The demand for this variety among fruit growers shows that it is coming to the front as one of the best.

MASTODON EVERBEARING STRAWBERRY

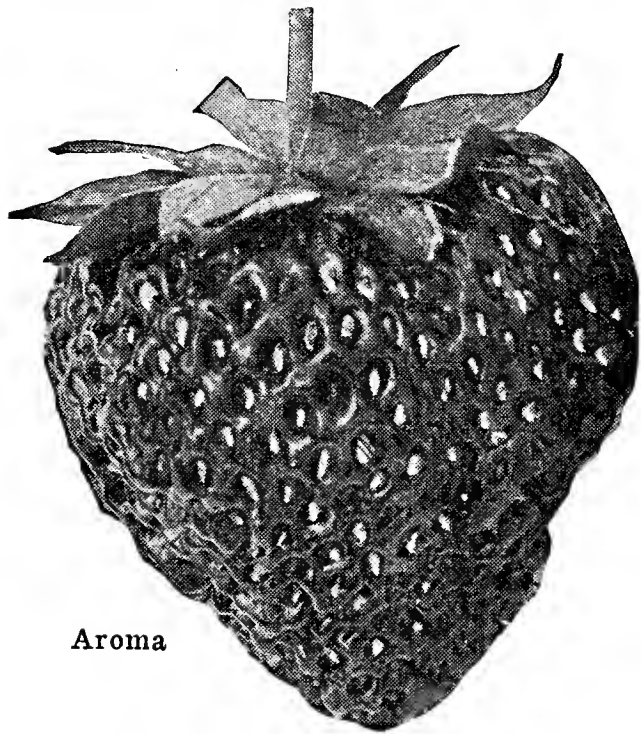

PRODUCES HEAVILY THE FIRST SEASON

Mastodon, the great strawberry found in Indiana a few years ago, has stood the test in every section of the United States this season. It is now widely distributed and favorable reports come in from everyone who has grown it. Here is a new giant ever-

bearing that will start to produce an abundance of good fruit within three months after planting and continue to bear fruit until frost. The Mastodon has proven itself far superior to other everbearing varieties in many ways.

1. Fruit is almost double the size of the common everbearers.
2. Produces a heavy crop in the spring and another in late summer and early fall. Other everbearers yield only a fair crop in the spring.
3. Plants are more thrifty.

PRICE ON MASTODON STRAWBERRY—25 for \$1.00; 100 for \$2.75; 500 for \$8.00; 1,000 for \$14.00.

Aroma

MAKE MONEY BY GROWING YOUNGBERRIES

The Youngberry has achieved the greatest success ever scored by any of the berry family. It not only bears very heavily, but the fruit is easy to handle, is very attractive, ships well, keeps well, cans well, and has so many commercial possibilities, and fits in so well in the home garden, that everybody should be interested in having a few vines or a commercial planting.

The Youngberry (Young Dewberry) is the result of the careful and patient efforts of Mr. Young in crossing the phenomenal Loganberry and the Texas Dewberry. He has given the world its choicest bush berry with characteristics in size, appearance, flavor and general usefulness that have opened new possibilities in berry culture.

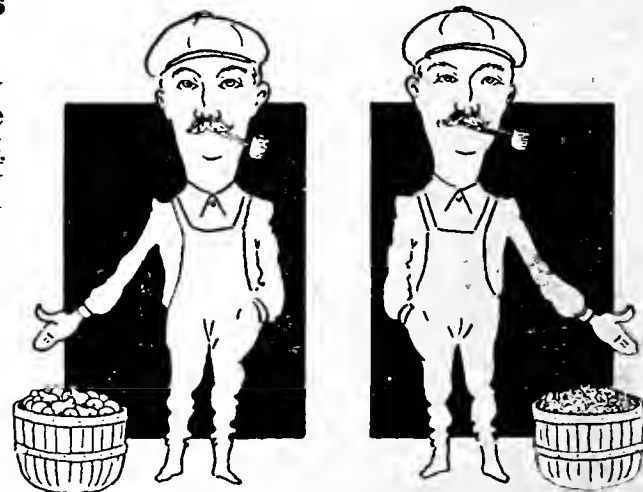

QUALITY COUNTS AND MAKES THEM SELL

Youngberries are universally liked and easily grown. They are among our largest berries of dark wine color, have a minimum of seeds, are highly flavored, and yield a rich looking, cherry colored juice. In the home garden you will find that more fruit will be produced from a few youngberry bushes than most any other that will grow in the same amount of space.

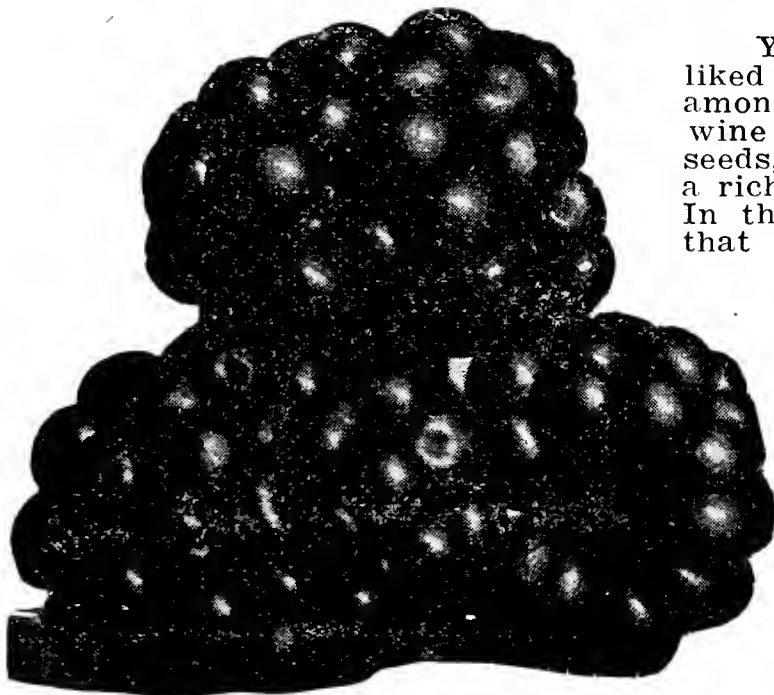

Youngberries thrive where any other bush fruit grow but do best in states the same latitudes as Ohio and South.

Price, 25c each, 2 for 26c, 12 for \$2.00, 24 for \$2.01. Prepaid.

PRICES PER 1000 ON REQUEST.

FRUIT IS PROFITABLE. COMPARE PRICES AND AVERAGE CROPS FOR THE LAST 10 YEARS.

Youngberry

VEGETABLE SEEDS

GREEN POD AND WAX BEANS

BURPEE'S BUSH LIMA—This is the earliest of the bush Limas. It is a tremendous yielder, grows only 18 inches high. Excellent quality. **Big packet, 10c; ½ lb., 30c; 1 lb., 50c; 5 lbs., \$2.25. Prepaid.**

BURPEE'S STRINGLESS GREEN POD—This is the best stringless green pod variety in existence. It is well flavored, a great yielder. **Big packet, 10c; ½ lb., 25c; 1 lb., 40c; 5 lbs., \$1.75. Prepaid.**

FORDHOOK BUSH LIMA—This new dwarf form of the Potato Lima grows stiffly erect, bearing the pods well above the ground. The pods measure 4 to 5 inches and are juicy and sweet in flavor when cooked. **Pkt., 15c; ½ lb., 30c; 1 lb., 55c. Prepaid.**

GIANT STRINGLESS—The pods are nearly round and in color a light green. **Pkt., 10c; ½ lb., 25c; 1 lb., 40c; 5 lbs., \$1.75. Prepaid.**

KING OF THE GARDEN—Best of the Lima pole varieties. A strong grower and large podded. **Pkt., 10c; ½ lb., 25c; 1 lb., 45c. Prepaid.**

BOUNTIFUL—One of the best all-around bush beans in cultivation. Very hardy. The flat green pods are strictly stringless. **Pkt., 10c; ½ lb., 25c; 1 lb., 40c; 5 lbs., \$1.75. Prepaid.**

OLD HOMESTEAD OR KENTUCKY WONDER—It is an enormous producer, the long pods hanging in great clusters along the entire vine. Seed dark brown. **Price: Big packet, 10c; ½ lb., 25c; 1 lb., 40c; 5 lbs., \$1.75. Prepaid.**

BEETS

CROSBY'S EGYPTIAN—One of the most popular varieties with gardeners because of its fine shape and beautiful dark red, almost black color. This variety matures before any other. **Packet, 5c; 1 ounce, 15c; ¼ lb., 50c. Prepaid.**

DETROIT DARK RED—An ideal beet for home use. Is a heavy yielder and fine keeper. Grows to uniform size. Is ideal for pickling. **Price: Packet, 10c; 1 ounce, 15c; ¼ lb., 45c. Prepaid.**

EARLY BLOOD—A globe-shaped beet, fine for early spring crop, flesh tender, rich and crisp. This variety has coarse tops and is one of the best. **Packet, 5c; 1 ounce, 15c; ¼ lb., 50c. Prepaid.**

CABBAGE

HOLLANDER OR BALLHEAD—The heads are of medium size and very solid. They average in weight nearly 8 pounds. They are just as solid in the spring as when put away in the fall. **Pkt., 5c; 1 oz., 35c; ¼ lb., 85c. Prepaid.**

EARLY JERSEY WAKEFIELD—This is the earliest and hardiest heading of the early varieties and should be depended upon for the first crop. Our seed is selected, choice stock. **Pkt., 5c; 1 oz., 30c; ¼ lb., 85c. Prepaid.**

PREMIUM LATE FLAT DUTCH—This is considered to be the best of the late standard varieties. It is a sure header, good keeper. **Pkt., 5c; 1 oz., 35c; ¼ lb., 85c. Ppd.**

CARROTS

CHANTENAY—Rich orange color; flesh crisp, tender and of an extra delicious flavor. **Packet, 5c; 1 oz., 20c; ¼ lb., 50c. Prepaid.**

DANVERS HALF LONG—An excellent table carrot of uniform size, about 6 inches long. Flesh is a rich orange color throughout. **Pkt., 10c; 1 oz., 20c. Prepaid.**

GUERANDE or OX HEART (75 days)—Short, chunky variety; flesh is a bright orange color, fine grained and of good flavor, a favorite. **Packet, 5c; 1 oz., 15c; ½ lb., 55c. Prepaid.**

CAULIFLOWER

EARLY SNOWBALL (90 days)—Earliest sure to head; if seed is sown in March, large heads produced early in June. Good variety for forcing. **Pkt., 10c, ¼ oz., 80c; ½ oz., \$1.50. Prepaid.**

DRY WEATHER OR DANISH GIANT (100 days)—Late variety, drought resister, sure heads, best for pickling. This variety withstands dry weather better than any other sort; heads large, very solid, snow-white, and of the most delicate flavor. **Pkt., 10c; ¼ oz., 80c; 3-4 oz., \$1.50. Prepaid.**

CELERY

GOLDEN SELF BLANCHING—This is the finest quality seed and as its name implies it is entirely self blanching. The stocks are a rich golden color, stringless and of the finest flavor. **Price: Packet, 10c; ½ oz., 60c; 1 oz., \$1.00. Prepaid.**

SWEET CORN

GOLDEN BANTAM—Flavor is exceptionally sweet. **Big packet, 10c; ½ lb., 25c; 1 lb., 45c; 5 lbs., \$2.00. Prepaid.**

STOWELL'S EVERGREEN—This is an old popular variety, hardy, productive, tender and sugary. **Big packet, 10c; ½ lb., 25c; 1 lb., 45c; 5 lbs., \$2.00. Prepaid.**

COUNTRY GENTLEMAN—This is sometimes known as shoepeg from the small peg-like kernels, irregularly placed on the cob. **Big pkt., 10c; ½ lb., 25c; 1 lb., 45c; 5 lbs., \$2.00. Prepaid.**

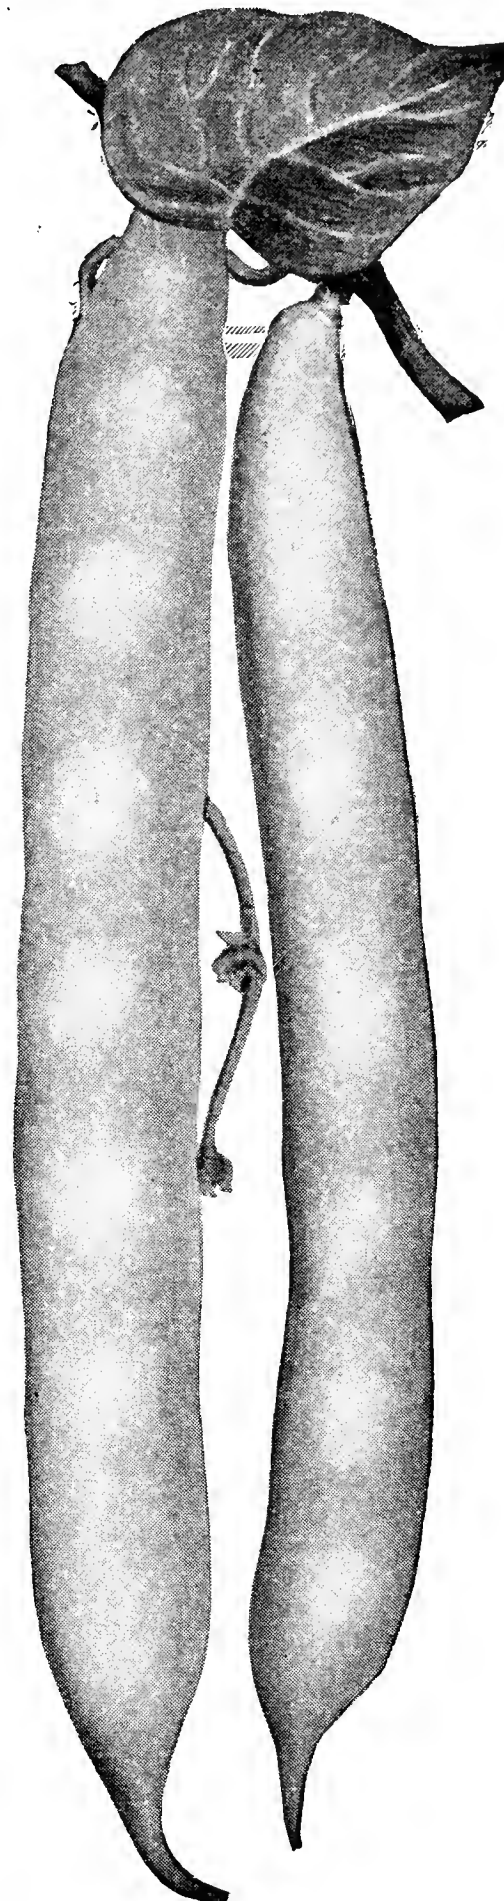

CUCUMBER

IMPROVED LONG GREEN—When mature will measure 12 inches in length. **Pkt., 10c; 1 oz., 25c; ¼ lb., 50c. Prepaid.**

CHICAGO PICKLER—Best known pickling variety. **Pkt., 5c; 1 oz., 15c; ¼ lb., 40c. Prepaid.**

IMPROVED WHITE SPINE (55 days)—Rich green, very productive continuous bearer. **Pkt., 5c; 1 oz., 15c; ½ lb., 45c. Ppd.**

EARLY FORTUNE—Vines very generous and disease resisting. **Pkt., 5c; 1 oz., 20c; ½ lb., 60c. Prepaid.**

Wax Bean

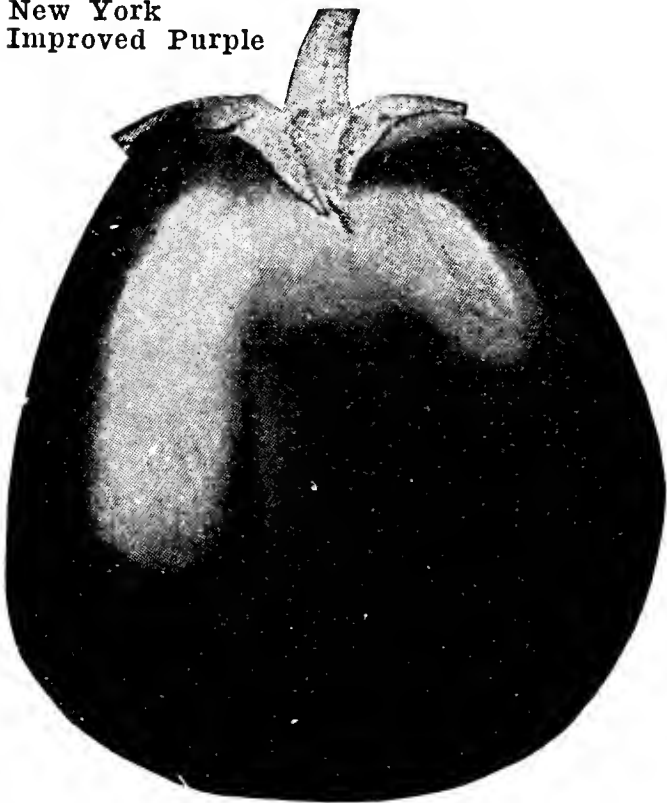

Danvers Half Long

Early Jersey Wakefield

New York
Improved Purple

PRIZE HEAD—Color bright green, is tinged with brownish red. It is of superb flavor, tender and hardy. Pkt., 5c; 1 oz., 15c; ¼ lb., 90c. Prepaid.

MUSKMELON

BENDERS SURPRISE—The Bender melon ripens medium early. Flesh deep orange color, very thick, deliciously sweet and of high flavor. These melons will keep a week after picking and will stand shipping better than any other variety of melon. Pkt., 10c; 1 oz., 25c; ¼ lb., 70c. Prepaid.

OSAGE—Perhaps the most popular salmon fleshed variety grown; very thick and meaty, excellent sweet flavor. Pkt., 5c; 1 oz., 15c; ¼ lb., 55c. Prepaid.

HONEY DEW—New melon, has become very popular. About 10 inches long, 8 inches diameter; very sweet. Pkt., 5c; 1 oz., 15c; ¼ lb., 50c. Prepaid.

ONIONS

SOUTHPORT WHITE GLOBE—This variety gets highest market price. Good shaped with clear white skin. Price, big pkt., 10c; 1 oz., 30c; ¼ lb., \$1.00. Prepaid.

DANVERS YELLOW GLOBE—A well known and standard variety, heavy cropper and excellent keeper. Will ripen early, very firm and solid. Big pkt., 5c; 1 oz., 25c; ¼ lb., 90c. Prepaid.

PRIZETAKER (100 days)—The largest but also latest maturing. A yellow, American onion, globular in shape with light yellow color. Big pkt., 5c; 1 oz., 25c; ¼ lb., 90c. Prepaid.

PARSLEY

DWARF MOSS CURLED—A compact growing and beautifully curled variety, to be used for either outdoors or greenhouse culture. Pkt., 5c; oz., 15c; ¼ lb., 60c. Prepaid.

PARSNIPS

HOLLOW CROWN (85 days)—The roots are very long and end abruptly with a tapped root. Pkt., 5c; 1 oz., 15c; ¼ lb., 50c. Prepaid.

PEAS

LITTLE GEM—This is an extra early wrinkled pea, grows about 15 inches high and is a prolific bearer. Big pkt., 10c; ½ lb., 25c; 1 lb., 40c; 5 lbs., \$1.85. Ppd.

MAMMOTH MELTING SUGAR—This is the best known edible podded pea. The vines reach a height of 6 to 7 feet. They are broken in pieces the same as stringless beans and make a delicious dish. Pkt., 10c; ½ lb., 35c; 1 lb., 50c. Prepaid.

TELEPHONE—Pods are 4 to 5 inches long with a fine quality of peas. Grows to a height of about four feet. Price: Big pkt., 10c; ½ lb., 25c; 1 lb., 40c; 5 lbs., \$1.85. Prepaid.

PEPPERS

MAMMOTH RUBY KING—The blocky almost scarlet fruits average 4½ ins. in length. Pkt., 5c; 1-8 oz., 35c. Prepaid.

CHINESE GIANT—The largest of all the peppers. Grows from four to five inches across. Fruits are of a thick, chunky form. Fine for stuffing. Pkt., 5c; ½ oz., 35c. Prepaid.

POP CORN

PERFECTION—A new variety of the Rice Pop Corn; matures very early, medium rice size, kernels deep flesh white; very prolific and of excellent quality. Pkt., 5c; ½ lb., 20c; 1 lb., 35c. Prepaid.

VEGETABLE SEEDS CONTINUED

EGG PLANT

NEW YORK IMPROVED PURPLE—The fruit of this variety is remarkably large, often weighing from 5 to 6 lbs. The skin is deep purple. Pkt., 5c; ½ oz., 40c; 1 oz., 70c. Prepaid.

ENDIVE

LARGE GREEN CURLED—Endive is very useful as a salad late in the year. Leaves also eaten boiled and are very good. Price: Pkt., 5c; 1 oz., 15c. Prepaid.

KOHL RABI

EARLY WHITE VIENNA—A useful cousin of the cabbage; in flavor very much like a turnip. Pkt., 5c; 1 oz., 30c; ¼ lb., \$1.00. Prepaid.

LETTUCE

BLACK SEEDED SIMPSON—The best known and perhaps the most used of any other variety of leaf lettuce. It is very early and hardy with thick curly and very tender leaves. Pkt., 5c; 1 oz., 15c; ¼ lb., \$1.00. Prepaid.

GRAND RAPIDS—One of the best forcing varieties, but will do equally well outdoors. Similar to the Black Seeded Simpson only the leaves are more crimp and curled. Price, Pkt., 5c; 1 oz., 15c; ¼ lb., 90c. Prepaid.

BIG BOSTON—The most popular variety of head lettuce both North and South. Heads are large and compact, light green with slightly ruffled edges. Pkt., 10c; 1 oz., 20c; ¼ lb., \$1.20. Prepaid.

PUMPKINS

SUGAR OR PIE—This is a handsome and very prolific variety, good keeper, sweet in taste. Pkt., 5c; oz., 15c; ¼ lb., 35c. Prepaid.

RADISH

CINCINNATI MARKET—Very fine extra early variety bright red and transparent. Has long smooth root. Packet, 5c; 1 oz., 15c; ¼ lb., 45c. Prepaid.

WHITE ICICLE—This radish grows about 4 inches long, transparent white with short leaves. Packet, 5c; 1 oz., 15c; ¼ lb., 45c. Prepaid.

SCARLET GLOBE—This is the most quickly matured variety. Pkt., 5c; 1 oz., 15c; ¼ lb., 50c. Prepaid.

SALSIFY

SANDWICH ISLAND—Often called the oyster plant and is one of the most delicious and nutritious of vegetables. Looks something like parsnips. Pkt., 5c; 1 oz., 35c. Prepaid.

SPINACH

BLOOMSDALE—Leaves are crumpled and very hardy. Pkt., 5c; oz., 15c, prepaid.

TOMATOES

SPARK'S EARLIANA—Remarkable for its earliness, large size. Leading early market variety. Pkt., 10c; oz., 40c; ¼ lb., \$1.25. Ppd.

PONDEROSA—In addition to its enormous size this tomato is very solid as it has but few seeds. Pkt., 10c; oz., 60c; ¼ lb., \$2.00. Prepaid.

TURNIPS

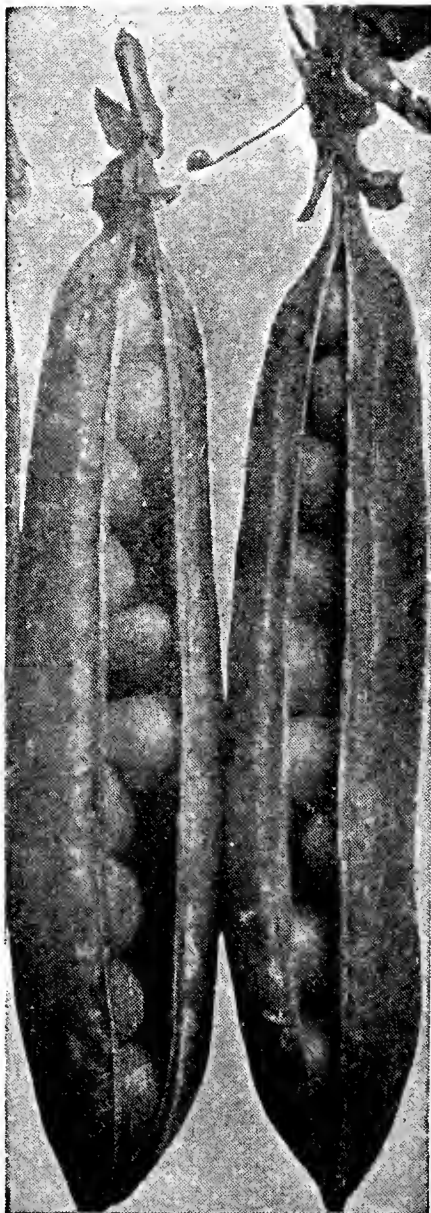

PURPLE TOP WHITE GLOBE—This is the most popular turnip grown. Of globular shape. It is early, of rapid growth and an excellent keeper. Pkt., 5c; 1 oz., 15c; ¼ lb., 40c. Prepaid.

WATERMELONS

HALBERT HONEY—A medium early melon and can be successfully raised in the northern states. One of the best for home use. Pkt., 5c; oz., 10c; ¼ lb., 25c. Ppd.

KLECKLEY'S SWEET—Skin is rich dark green and the flesh is a bright scarlet and ripens very close to the rind. Pkt., 5c; 1 oz., 15c; ¼ lb., 45c. Prepaid.

COLE'S EARLY—The flesh is bright red, crisp, sweet and of fine flavor, but solid. Pkt., 5c; 1 oz., 15c; ¼ lb., 50c. Prepaid.

Telephone

FLOWER SEEDS

Everybody loves flowers and we honestly believe that in no other way can you procure as much flower pleasure and satisfaction, and at such a trifling cost as you can by ordering seeds from this department.

ANTIRRHINUM OR SNAPDRAGON

An exquisite showy hardy perennial that is living for a second and third year, blooming in July if sown early and then on until killed by frost. But cutting off most of the flowering stems and giving a slight protection over winter, plants will bloom second summer for four months.

TALL FLOWERING—Rose, yellow scarlet, white, pink. Pkt. 10c; 3 for 25c.

ASTERS

CREGO'S GIANT—Flowers are very large, often measuring 5 inches in diameter.

Giant White Pkt., 10c
Giant Delicate Lavender Pkt., 10c
Giant Purple, rich violet Pkt., 10c
Giant Shell Pink, soft pink Pkt., 10c
Giant Deep Rose, rich rose pink Pkt. 10c

One Pkt., each above for 40c, prepaid.

American Beauty—Very double, large flowers with long stems Pkt., 10c

White Beauty, enormous size Pkt., 10c

Crimson, rich crimson Pkt., 10c

American, rosy carmine Pkt., 10c

Purple, rich purple Pkt., 10c

The Rose, bright rose Pkt., 10c

Peach Blossom Beauty, peach Pkt., 10c

Carmine Rose, very rich Pkt., 10c

One packet each above for 60c, ppd.

QUEEN OF THE MARKET—These Asters are the first of all Asters to bloom and are excellent for cutting. Mixed colors. Pkt., 10c; 3 for 25c.

CALLIOPSIS OR COREOPSIS

(Large Flowered Mixed)—One of the easiest grown of the garden annuals. These new sorts form perfect little bushes about 10 inches high by 1 foot across and are a perfect mass of bloom from early summer until cut down by frost. Flowers range in color through yellow, golden and crimson colors. Pkt., 5c; 3 pkts., for 10c. Prepaid.

CACTUS

You will be surprised at the pleasure derived from growing Cactus from seed. Seed may be sown in finely sifted sand in flat boxes, which should be kept moderately moist and covered with a piece of glass. Choice Mixed. Pkt., 10c.

COSMOS

NEW DOUBLE FLOWERING—The best variety of the Cosmos and blooming early. The flowers are full, double and crested. Mixed colors. Pkt., 20c; 3 for 50c.

CHRYSANTHEMUMS

Of all the annuals these pretty flowers perhaps hold the leading position. They are beautiful in beds and borders and good window boxes or cutting. They also make useful pot plants and when used for this purpose they should be sown under glass or indoors. They grow to a height of 1 to 1½ feet. Pkt., 5c; 3 pkts., 10c, ppd.

CANDYTUFT

WHITE ROCKET—One of the oldest annuals in existence and more popular than ever. It grows from 4 to 5 inches high, which makes it an exceptionally fine border plant. It is perfectly hardy, easily grown, extremely fragrant. Splendid for cut flowers which the plants produce throughout the season. Pkt., 5c; 3 pkts., 10c, prepaid.

COCKSCOMB

A very attractive annual. The crested heads of flowers resemble a cock's comb. The plumed heads are like great feathers. Sow the seed directly in the garden or start early and transplant. Price: Pkt., 10c; 3 pkts., 25c, prepaid.

SWEET ALYSSUM

A fine old fashioned flower appreciated by everyone, especially by those requiring a good pure white edge to their garden or a good plant for rock work or hanging baskets. Pkt., 5c; 3 pkts., 10c, prepaid.

AGERATUM

One of the best summer blooming plants grown from seed. They are rapid growers, early and constant bloomers. During the hot, dry summer months their bright flowers are produced in the greatest profusion. The taller sorts are useful for cutting.

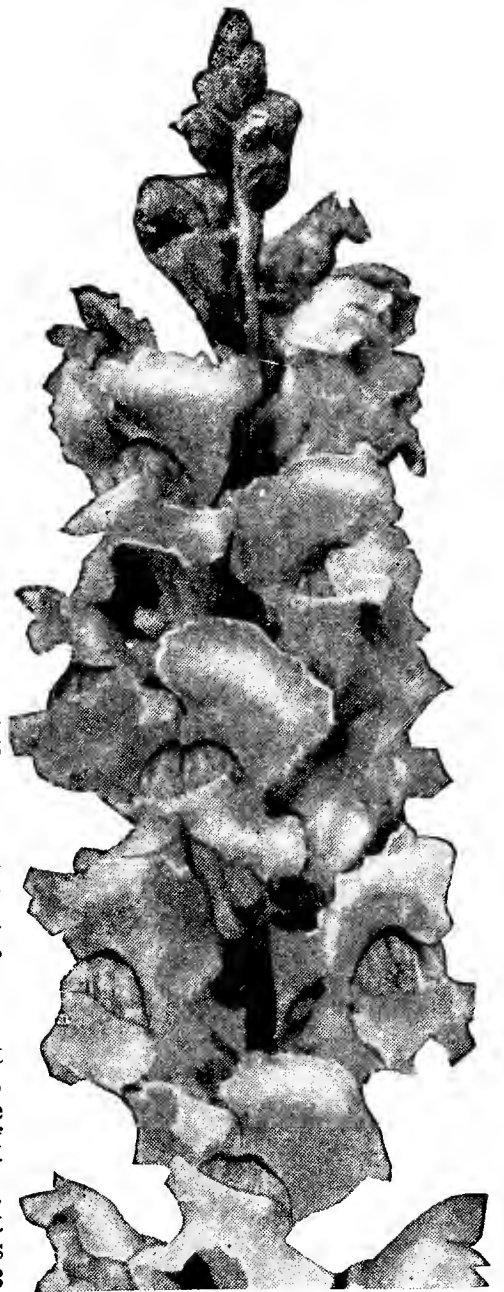

BLUE PERFECTION—9 in. The darkest Ageratum grown from seed. Pkt., 10c; 1-8 oz., 25c.

BACHELOR'S BUTTON

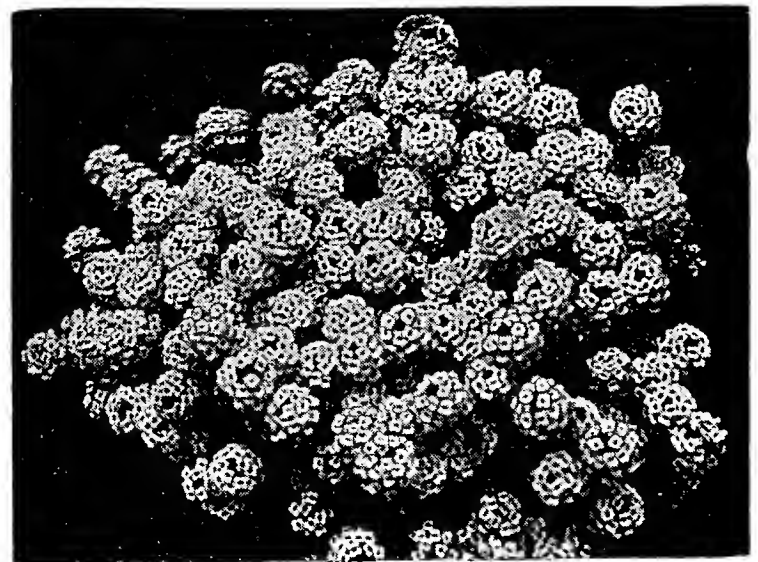

They bear their artistic flowers on long stems and will last a long time after being cut, making it an ideal plant for cut flowers. Pkt., 5c; 3 pkts., 10c. Prepaid.

BALSAM

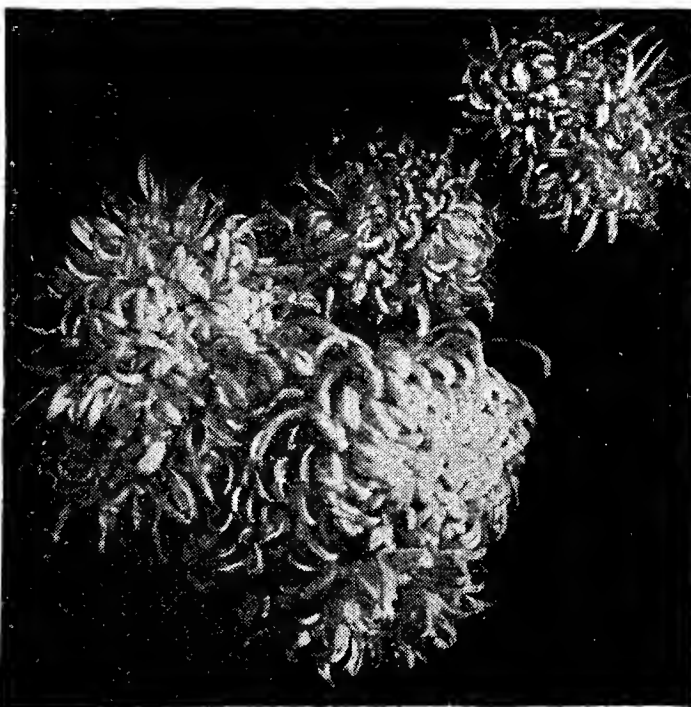

CAMELLIA OR LADY SLIPPER—Not only one of the most beautiful flowers, but also one of the easiest to grow. The branches make perfect pyramids of bloom and under good conditions carry as many as 500 blooms to the plant. They are strained and are of the most gorgeous colors and a bed of these is truly a remarkable sight. Pkt., 5c; 3 pkts., 10c. Prepaid.

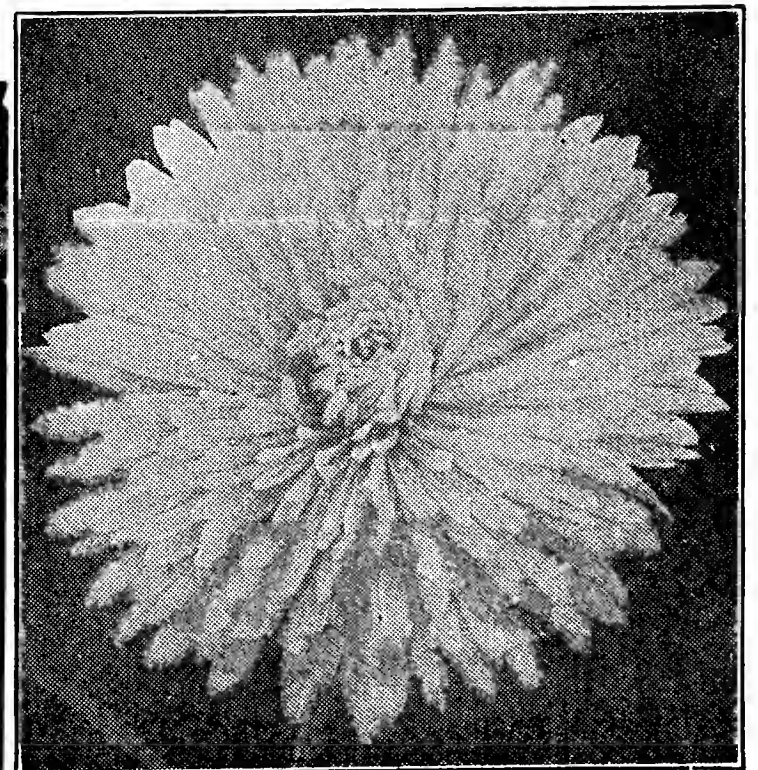

Antirrhinum

Alyssum

Chrysanthemum

Aster, American Beauty, White

FLOWER SEEDS CONTINUED

OSTRICH PLUME

Bears Feathery plumes of bloom like ostrich feathers of pampas grass. Plumes 1-2 ft. and all colors from deep yellow to deep rich crimson. **Pkt., 7c.**

CALIFORNIA POPPY

Attractive and easy culture. Good for bedding and border. Plants are bushy and grow about 1 foot high. Flowers golden yellow single. **Pkt., 10c, 3 for 25c.**

HELIOTROPE

Both the flowers and foliage of this plant are deliciously fragrant. They are easily raised from seed and spring planting will give you fine summer blooming plants. Are very good for cut flowers. **Price, Pkt., 10c; 3 pkts., 25c. Prepaid.**

HOLLYHOCKS

(Double Flowering)—This is comparatively a new variety and flowers very quickly from seed. Plants from seed sown in May will bloom in July and will flower profusely until frost. They are very beautifully formed and there is a great variety of colors, including maroon, pink, rose, crimson, white and scarlet of dainty and exquisite blending. **Pkt., 10c; 3 pkts., 25c. Prepaid.**

KOCHIA

(Burning Bush) (Summer Cypress)—Handsome symmetrical globe plants, growing 3 feet in 3 months. Very beautiful quick growing ornamental annual hedge. Turns gorgeous red in fall. **Pkt., 5c, 3 pkts., 10c.**

NEW LACE FLOWER

Unique annual of Alice Blue shade. Flowers excellent for cutting. Gives a touch of color to garden not found in any other flower. Resembles Queen Ann's lace. **Pkt., 10c.**

LOVE-IN-A-MIST

(Nigella)—This beautiful annual is very pretty, interesting and easy to grow. The foliage is fine and feathery and the flowers are most beautiful in shades of blue. They are very good for cut flower purposes. **Price, Packet, 5c; 3 pkts., 10c, prepaid.**

LARKSPUR

(Dwarf Rocket)—One of the easiest flowers to grow and certainly one of the prettiest. It is the Annual Delphinium, grows 1½ to 2 feet high. It is especially fine for cut flowers and produces blue, rose, white, pink, carmine and purple flowers. Do not miss the real pleasure to be derived from these beautiful plants. **Price, Pkt., 5c; 3 pkts., 10c. Ppd.**

MOON FLOWER

(Moon Vine)—This is a splendid annual climber of most rapid growth. It has beautiful flowers of various colors. Often grows 30 feet in a year. It blooms on cloudy days and at evenings. Good for terraces, verandas and for covering unsightly objects. The seed should be soaked in water 34 hours and a notch cut in the end of the seed before planting. **Price, 10c, 3 pkts., 25c. Prepaid.**

MORNING GLORY

(Jap Giant Flowering)—The flowers of this variety are of enormous size with beautiful colorings and markings quite beyond description. They include every shade and color from snow white to deep purple. **Price, pkt., 5c; 3 pkts., 10c. ppd.**

AFRICAN MARIGOLD

The old fashioned favorites are annuals of the easiest cultivation. This type is the enormous flowered one, blooming very large in showy orange or lemon shades. The flowers are as regular and perfect as the Dahlia. For a garden display during the summer and fall nothing can surpass it. Orange—Large, very double flowers. Lemon—Large, very double flowers. **Price, Pkt., 10c; 2 for 15c. Prepaid.**

MOURNING BRIDE

Desirable for cutting as well as for beds and borders. Flower heads about two inches across; flowers double, surrounding the thimble shaped cone, giving a fancied resemblance to a pin cushion. Double Mixed—Colors include deep and light purple, scarlet, pure white and dark mulberry. **Pkt., 10c; 3 for 25c. Prepaid.**

NASTURTIUMS

GIANT FLOWERING TALL—This fine strain contains a wealth of color, from crimson and rose to yellow, orange, white, spotted etc. Very fine for bedding. **Pkt., 5c; oz., 15c; ¼ lb., 40c. Prepaid.**

GIANT FLOWERING TOM THUMB—Very best dwarf nasturtium, among the easiest plants to grow. They reach a height of 10 inches to 1 foot, completely covered with mammoth flowers from 2 to 3 inches across. **Pkt., 5c; 1 oz., 15c; ¼ lb., 40c. Prepaid.**

NEW SWEET SCENTED DOUBLE NASTURTIUM, Golden Gleam—A worthwhile novelty. Golden yellow flowers, borne on erect stiff stems. Very fragrant. Splendid cut flower, good for window boxes. **Pkt., 10c, 3 for 25c.**

STATICE

EVERLASTING FLOWER—One of the finer flowers for cutting and winter decorations. Blue, rose, white and yellow mixed. **Pkt., 10c, 3 for 25c.**

STOCKS

WALLFLOWER—Large flowering ten weeks variety, producing throughout the summer and autumn a continuous succession of lovely spikes of flowers. White, pink, red and blue. Mixed only. **10c pkt., 3 for 25c.**

GYPSOPHILA

BABY'S BREATH—Annual. Free flowering elegant plant. Their misty white panicles of bloom are largely used for mixing with cut flowers. Succeeds in any garden soil. **10c per pkt., 3 for 25c.**

CALENDULA

One of the best and showiest free flowering annuals grows in almost any location. Good in beds, blooms from early summer until killed by frost. Golden yellow blooms. **Pkt., 10c, 3 for 25c.**

GAILLARDIA

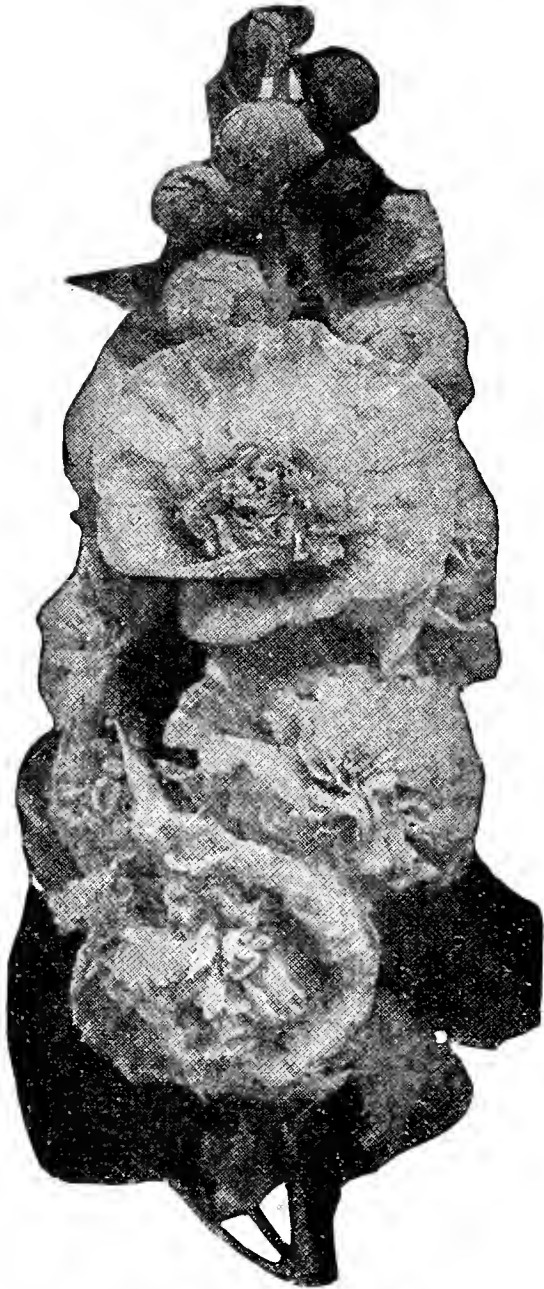

BLANKET FLOWER—Mixed double. Showy annual, blooms from early summer until heavy frost. Excellent for cutting. Should be sown where they are to bloom. **Pkt., 10c, 3 for 25c.**

PYRETHRUM

GOLDEN FEATHER—Striking variety with finely cut moss like golden foliage. Flowers deep golden yellow. Growth of plant very short. **Pkt., 10c, 3 for 25c.**

MYOSOTIS

FORGET-ME-NOT—Few spring flowers are more lovely. Especially effective in masses. Azure blue flowers, plants bushy and compact. Makes a fine edging plant. **Pkt., 10c, 3 for 25c.**

Double Hollyhocks

Morning Glory

Nasturtiums

FLOWER SEEDS CONTINUED

MIGNONETTE

Our Mammoth Flowering Mignonette is much superior to the common variety so often bought in the stores. Flowers are magnificent bright red, extremely showy, enormous size, foliage beautiful rich green. Splendid for cutting; will remain fresh and fragrant. 10 to 12 days in the house. **Price, pkt., 5c; 3 pkts., 10c, prepaid.**

MARVEL OF PERU

FOUR O'CLOCK—This old time free flowering garden favorite does well in any soil and under almost all conditions. Produces large flowers of many brilliant colors which are at their best during the afternoon when the flowers are fully expanded. Height 2 feet. **Pkt., 5c; 3 pkts., 10c. Prepaid.**

EVENING PRIMROSE

OENOTHERA—This delightful little plant is getting to be better known in the garden and few people who have grown it would make their garden without at least a small bed or short border of it. The place to grow it is in a sunny spot where it will bear its large saucer shaped white and yellow flowers the greater part of the summer. These open at dusk and are very fragrant. **Pkt., 10c; 3 pkts., for 25c. Prepaid.**

PHLOX

DRUMMONDI—An improved giant flowering mixture of Phlox Drummondii. Contains every shade of color and is without doubt the best mixture that can be bought. Be sure to include some of these old favorites in your order. **Pkt., 5c; 3 pkts., 10c. Prepaid.**

DOUBLE FLOWERING PHLOX—The fine blooms, double and semi-double produced in large trusses, furnish an attractive display for the garden and make an ideal cut flower. **Pkt., 10c.**

PORTULACA

MOSS ROSE—This charming little hardy annual is unrivaled for brilliancy. Nothing is prettier for beds, edgings and rockwork, and it is frequently used to sow broadcast over sunny banks, etc., as an undergrowth for taller plants is also valuable. The flowers are of the richest colors and will bloom from July until frost. Stands dry weather. **Price: Packet, 5c, 3 pkts., 10c. Prepaid.**

PANSY

GIANT BUTTERFLY—This is the largest flowering Pansy in the world and is a superb mixture of the best types in every known class. Will produce enormous blooms. These flowers thrive best in cool, moist soil which should be enriched by well-decayed manure or ground bone meal. Where extra large blooms are desired, pinch off all but one or two to the plant. **Pkt., 15c; 3 pkts., 35c. Prepaid.**

SWEET SCENTED PANSY—This new class is the result of crossing the Pansy with the Sweet Violet. The resulting hybrids in addition to retaining the delightful Violet perfume produce the most beautiful Pansy like blossoms. 2 in. across of endless variety of colors. **Mixed, 10c.**

PETUNIAS

MODEL MIXED—No other annual requires as little care as the Petunia, and yet rewards the gardener with such an enormous mass of bloom from June until November. For extra-early blooming the seed should be started indoors early in March. **Pkt., 10c, 3 for 25c. Prepaid.**

RUFFLED PETUNIAS—It is well known that seed saved from the most carefully hybridized flowers produces but a small percentage of double flowers. The weaker seedlings should be carefully saved, as these invariably produce the finest double flowers, which are very large, full and beautifully formed, with the edges of the petals elegantly fringed. **Price, pkt., 10c; 3 pkts., 25c. Prepaid.**

SWEET WILLIAM

DIANTHUS—Positively one of the loveliest of flowers and there is probably no better known flower than this one. They are unequalled for color and fragrance and produce an immense wealth of bloom. A bed of these beautiful flowers will attract the attention of all who use them; for cut flowers they can not be surpassed. **Price: Pkt., 5c; 3 pkts., 10c. Prepaid.**

SALVIA

SCARLET SAGE—A bed or border of Scarlet Sage always attracts attention and this variety has long been a leading favorite. We know of nothing that can equal the effect of a bed of these scarlet flowers when in full bloom. We offer only the large flowered variety which produces flowers twice the size and as numerous as the old varieties. They grow to a height of about 3 feet with flowering stems from base to tip of plant. **Pkt., 10c; 3 pkts., 25c, prepaid.**

POINCIANI GILLIES!

BIRD OF PARADISE—The color of the flower is a rich golden yellow, it measures 2 1/4 inches across, and is produced in very large trusses. The most beautiful part of the flower is the long incurved stamens and pistils which are spread out in fan-like form and are of a bright crimson color. The foliage is also highly decorative. It should be grown as a house plant, except in the warmer parts of the south, where it is hardy. If the seeds are started early it will produce blooms in great profusion the first year. **Pkt., 10c; 3 pkts., for 25c, prepaid.**

STRAWFLOWER

EVERLASTING FLOWERS—One of the best of the "everlastings". They succeed in any good garden soil. The large, double flowers of rich, glittering colors make a fine display in beds or borders, but are especially grown to dry for winter use in baskets, vases, etc. **Large pkt., 10c; 3 pkts., 25c. Prepaid.**

VERBENA

This well known annual is very desirable for massing in beds and suitable also for borders and window boxes. Large clusters of showy flowers are borne in succession throughout a long season, until frost. Valuable for bouquets and table decorations. Wide range of colors: Red, White, Purple with white eye, Pink, Blue Italian Striped. Mixed. All Mammoths are very beautiful.

Spencer Sweet Pea

Spencer Sweet Peas

The Spencer Type is without doubt the most wonderful class of Sweet Peas in existence. The flowers freely and continuously produced throughout the season are also correspondingly large, measuring 2 to 2½ inches across. Price any of varieties below: 10c per pkt.; oz., 40c; ¼ lb., \$1.25. Prepaid.

BLANCHE FERRY—The best bi-color. The standard is a real rose-pink while the wings are white, occasionally flushed with delicate pink. A big-waved type of the old popular Blanche Ferry.

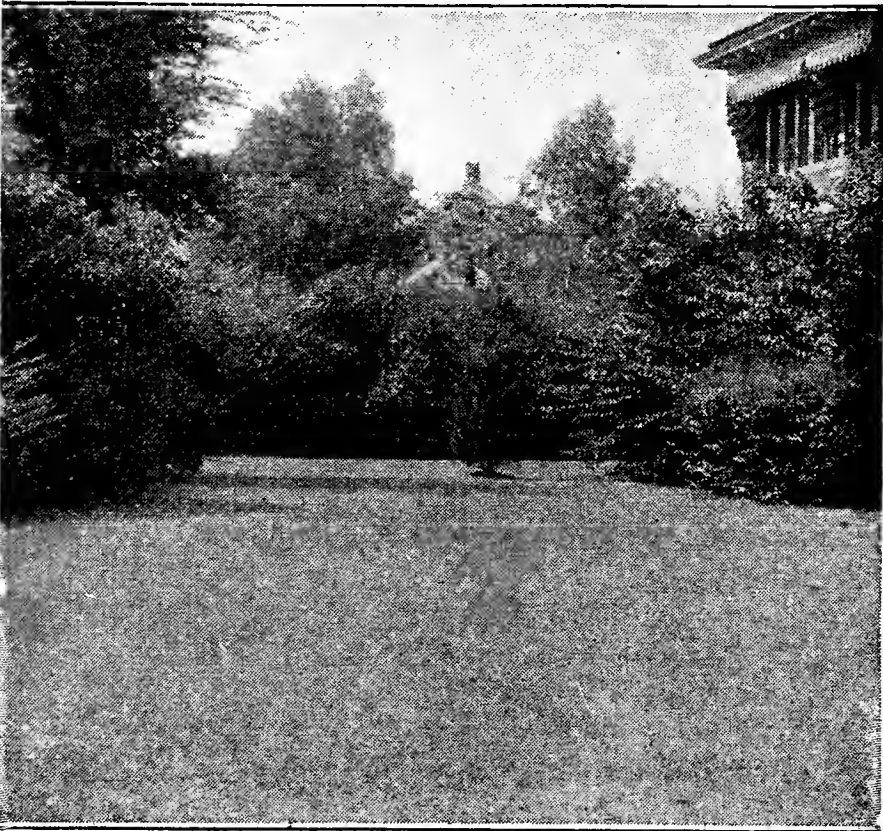

CRIMSON KING—A true rich crimson. Flowers are large, beautifully waved and carried on long strong stems. One of the finest crimsons.

KING WHITE—A mammoth glistening white of perfect form. Not as free a bloomer as Constance Hinton, but a purer white and large flowered.

ROYAL PURPLE—Beautiful flowers of a rich warm purple. A free grower and profuse bloomer.

MRS. TOM JONES—A bright Delphinium-blue that is considered one of the best light blues. Large flowers on vigorous free-blooming vines.

MAJESTIC CREAM—A wonderful flower of rich cream color.

Evergreen Mixture

FLOWER SEEDS CONTINUED

NEW GIANT FLOWERED ZINNIA

The Dahlia-Flowered Zinnias are a grand new giant flowering strain of high quality. Range from 6 to 8 inches in diameter. They are the largest Zinnias known. Price of any of the following varieties: Packet, 15c.

Total \$1.00

ALL FOR 50c PREPAID

PRESIDENT HARDING—Flowers are a peach red color. Very distinctive.

THE SULTAN—Black velvety maroon, very fine.

SENSATION—Rich orange scarlet, really a sensation.

SPECIAL OFFER—ONE EACH OF THE 9 ABOVE FOR 60c. PREPAID

GRANDIFLORA SWEET PEAS

MIXED COLORS—For those who want some good mixed Sweet Peas, but do not wish to pay the necessarily high prices for the Extra Early and Spencer varieties we have an exceptionally fine mixture of the Grandiflora varieties. These are large, handsome flowers and are just as pretty colors as the higher priced sorts. Pkt., 5c; 3 pkts., 10c. Prepaid.

BEST LAWN GRASS SEED

EVERGREEN MIXTURE, For a Good, Clean Quick Lawn—This mixture is composed of the choicest grasses for lawn purposes, and is especially made to produce a crop of grass very quickly. We have had, where conditions were extremely favorable, a good stand ready for the mower in 3 weeks. This mixture contains no trash and is adapted to either clay, sandy or loam soil, and should be applied at the rate of 1 pound to 300 square feet, or in the case of renovating old lawn. 1 lb. to 600 square feet, depending upon how thin the grass is. Price per pound, 30c; 4 lbs. for \$1.00; 10 lbs., \$2.40. Prepaid.

DUTCH WHITE CLOVER—This is very good seed to use in renovating old lawns, especially on sandy soil, as this plant roots deeper than any other variety of grass and is not affected so much by drought. Price per pound, 50c, 3 pounds, \$1.40. Prepaid.

KENTUCKY BLUE GRASS—One of the most fancy grasses that we have today. Is largely used in lawn making and starts growing early in the spring, continuing until the ground freezes late in the fall. Price per pound, 35c; 4 pounds, \$1.25. Prepaid.

FANCY RED TOP—Red Top is of a quicker growth than Kentucky Blue Grass and is very desirable for Lawns. It can be used with other grasses in seeding a lawn or can be used separately. Per lb., 30c; 5 lbs., \$1.40. Prepaid.

CREeping BENT—This seed is used on Putting Greens and on private grounds where a beautiful growth is desired. It takes a long time to get established but once established fully repays the cost of seeding. Lb., \$1.00; 2 lbs., \$1.80. Prepaid.

SHADY NOOK MIXTURE—Have you a lawn that is shaded by trees? If so try a few pounds of our Shady Nook Grass Mixture which is just what you need in order to raise a patch of fine, compact, velvety grass under such conditions. Shaded ground often becomes sour and in this case it would be necessary to give it an application of Crushed Limestone before seeding, applied at the rate of 25 pounds for 500 square feet. Seed at the rate of 1 pound to about 250 square feet. Price, lb., 55c; 2 pounds for \$1.00. Prepaid.

GOOD VARIETIES OF CANNAS

LIST OF THE BEST VARIETIES

THE PRESIDENT—Height four feet. In color a rich, glowing scarlet and the immense firm, rounded flowers, 7 inches across when open, are produced on strong, erect stalks well above the large, rich green foliage. The "President" is superior to any other red variety. 10c each, 12 for \$1.00. Prepaid.

AMBASSADOR—Very similar to President only of dwarf growing habit. Flower just as large as President, and heavier bloom. 10c each, \$1.00 per doz.

YELLOW KING HUMBERT—A sport from the Red King Humbert—Flowers are yellow dotted orange scarlet. Very interesting variety. 10c each, \$1.00 doz.

HUNGARIA—Extremely dwarf canna with deep pink flowers. Very much heat resisting. Flowers of heavy texture. 10c each, \$1.00 per doz.

KING HUMBERT—In this grand Italian Canna we have a combination of the highest type of flower with the finest bronze foliage. Its flowers which under ordinary cultivation will measure six inches in diameter. Five feet. 10c each; 12 for \$1.00; 100 for \$8.00.

MRS. ALFRED CONARD—Grandest flesh-pink, most striking and beautiful; height four feet. 10c each; 12 for \$1.00; 100 for \$8.00.

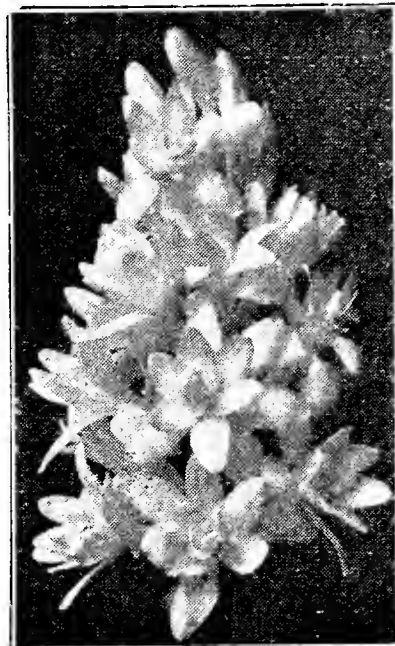

CITY OF PORTLAND—A very lovely shade of pink and largest flowers. 10c each; 12 for \$1.00. Prepaid.

King Humbert Canna

TUBEROSES

FRAGRANT DOUBLE—The flower spikes attain a height of about 2 feet, and are compactly filled for two-thirds of their length with very large, perfectly double flowers. 1½ to 2 inches across. The flowers have the waxlike substance of a Camellia, are glistening white and deliciously fragrant. Price, 10c each, 2 for 11c. Prepaid.

Tuberose

ELEPHANT'S EAR

MAMMOTH LEAVES (Caladium Esculentum)—Very effective. The growth is very rapid, and the ground must be made rich. Watering will help develop large leaves. Bulbs can be stored in dry sand in winter and kept from year to year. A very widely grown lawn plant. Price, large bulbs, 20c each; 3 for 50c. Mammoth bulbs, 30c each; 3 for 75c. Prepaid.

JAPANESE LILIES

AURATUM (Gold Banded Japan Lily)—This variety has ever been a great favorite. The flower heads are large, with broad petals gracefully recurved. White, thickly studded crimson-maroon, with a wide gold band down the center of each petal. Improves with age, and produces a vast amount of bloom.

SPECIOSUM RUBRUM—This is one of the joys of August; ruby spots distributed over a broad expanse of white.

TIGRINUM SPLENDENS—The dear old single "Tiger Lily".

LILIUM CANDIDUM (Madonna Lily)—This well known and much sought for lily is considered one of the choicest of the lily tribe and one of the easiest to grow. Trumpet-shaped blooms are pure white and borne in spikes on tall, rigid, leafy stems. Bulbs should be planted as early as possible in the autumn.

All Lilies, blooming size bulbs, 30c each; 4 for \$1.00. Prepaid.

Lilium Candidum

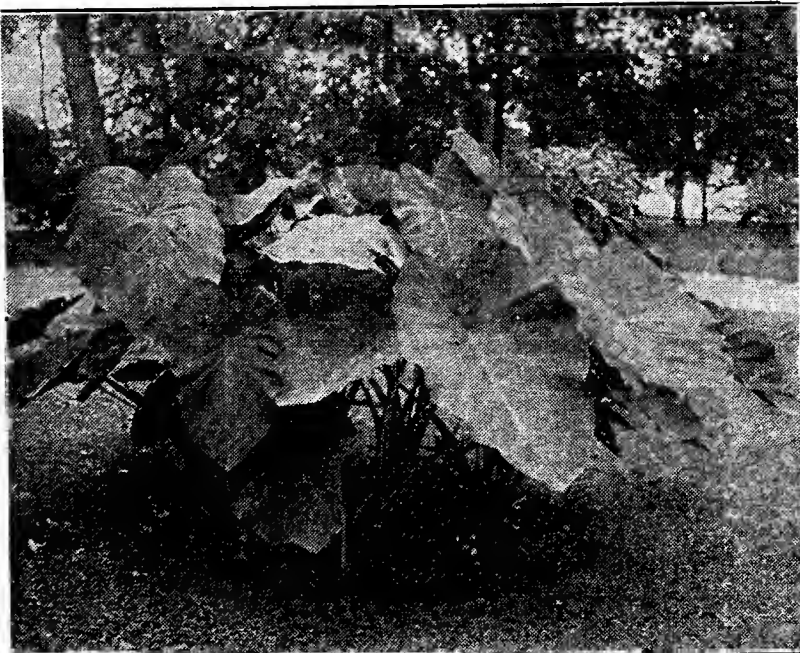

HARDY FERNS

The most beautiful and natural effects can be produced by planting hardy ferns. They should be planted to be protected from the prevailing winds. They are perfectly hardy and can stand planting either in shady or sunny positions. The Hardy Ferns are most satisfactory for planting on shady banks and around porches where the sun does not reach. They are valuable in that they do well in any good well drained soil and require practically no care. No home should be without them. We can furnish either of the following varieties. Price: 30c each, 2 for 31c. Prepaid.

OSTRICH FERN—The large leaf, tall growing variety.

ROYAL FERN—One of the large growing varieties. 30c each, 2 for 31c.

KOELREUTERIA (Varnish Tree)—Very handsome tree. Foliage is composed of many small leaflets and the brilliant yellow flowers are produced in enormous panicles at the tips of the twigs, followed by conspicuous pods late in summer. Very good for hot, dry winds, and drought resisting. 4-5 ft., 50c each; 3 for \$1.25, not prepaid.

Caladium

Hardy Fern

Mrs. F. Pendleton

GLADIOLUS

GLORY MIXTURE

This is a wonderful mixture of Gladiolus made up of many of the best varieties and includes many of the ruffled sorts. From this mixture you will obtain varieties that you would be unable to secure in any way without several times the cost. An unusual mixture and you will be well pleased with all the varieties included. All guaranteed to produce fine large spikes of flowers this year. **Special low price, 50 for 60c; 100 for \$1.00 ppd.**

The mixtures offered below are made up of fine varieties not the common sorts, and are strictly first class bulbs. These are made up to supply customers who want something better than the usual mixtures and who do not care for the named sorts. All good for cutting.

No. 1—Many different shades of pink.

No. 2—Shades of yellow, cream, buff.

No. 3—Shades of rich red, scarlet and crimson.

No. 4—Pansy shades, blues, mauves, lilac, etc.

Your choice, 10 for 40c, 50 for \$1.80, 100 for \$3.00.

No. 5—Mixture of the above, No. 1 bulbs, 25 for 60c, 100 for \$2.00.

Blooming size bulbs in lots of 25 or more 1c each, prepaid.

Colchicum

**It Requires No Soil, No Water
No Care**

Surprising and Beautiful

Delivered in July

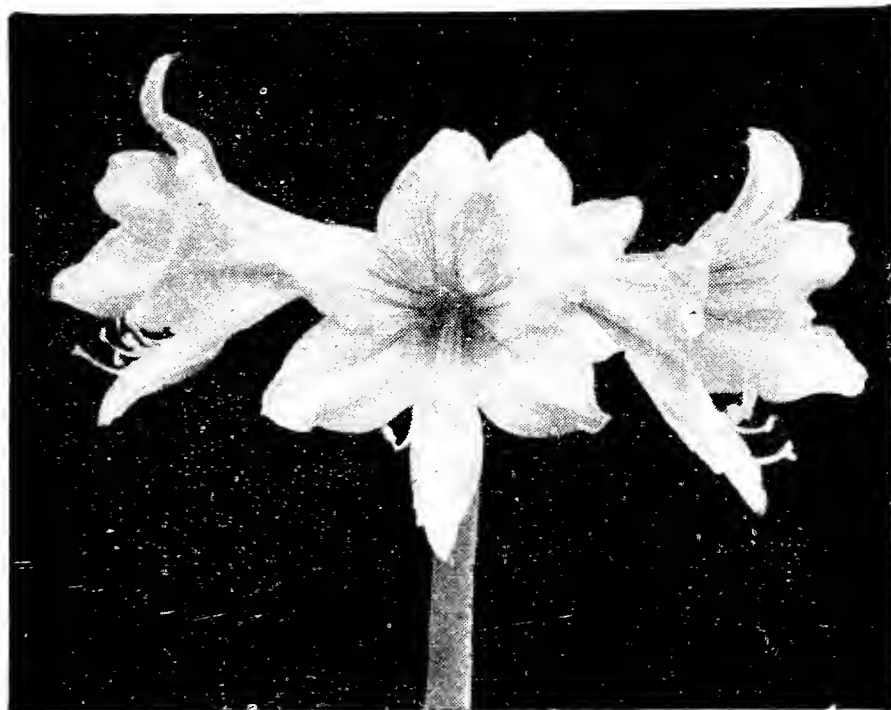

30c each, 4 bulbs, \$1.00 ppd.

Paw Paw

A small growing shrub like tree. Very beautiful, large waxy like leaves, pleasant odor. Producing a very healthy and palatable fruit. Native in Ohio and Central states. Does well in shady places. Has a place in every home. 3-4 ft. 50c, 3 for \$1.25, prepaid.

Laburnum

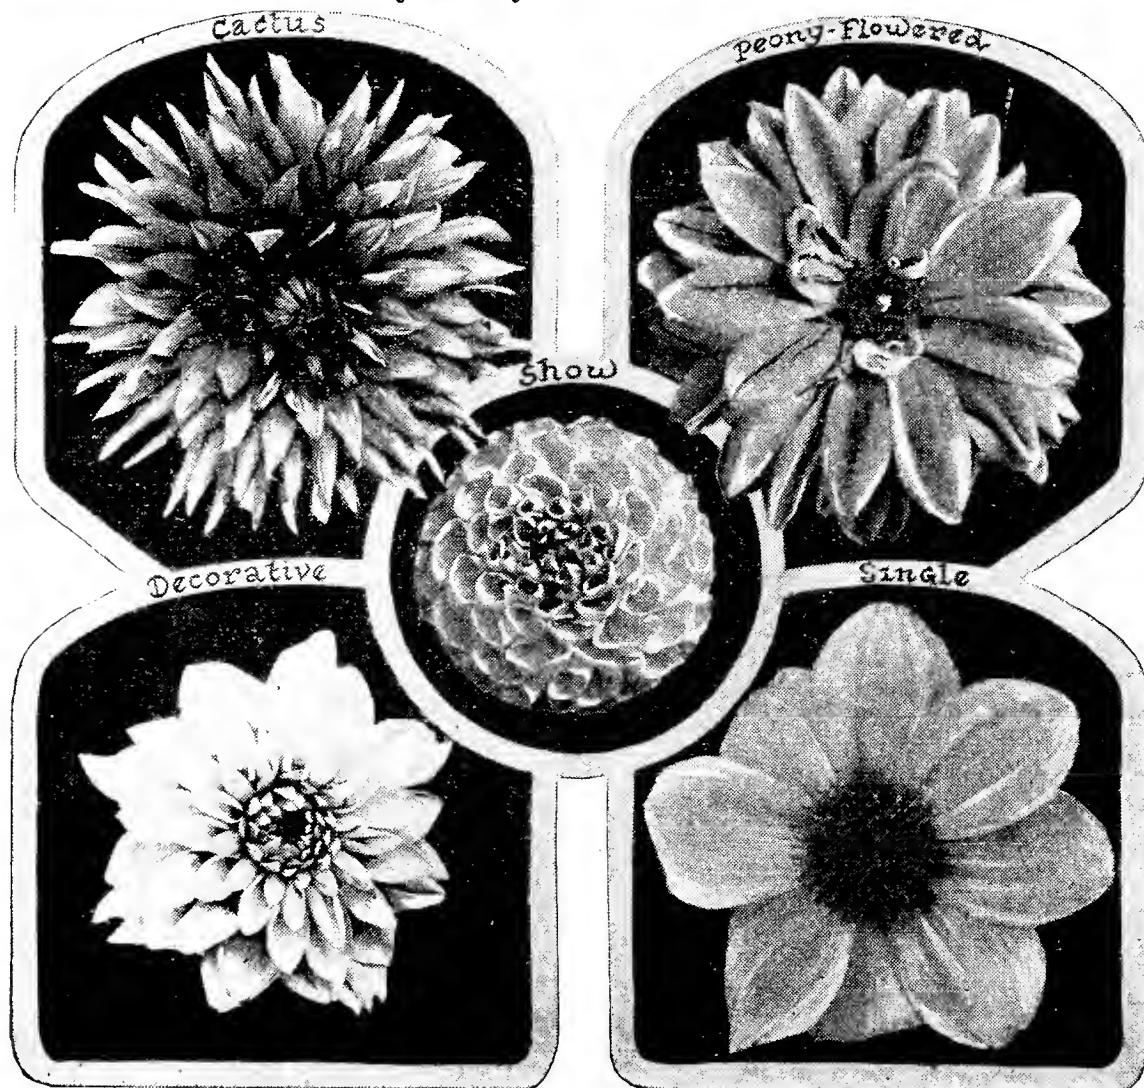

GOLDEN CHAIN TREE—Small tree about 20 ft. high, with long clusters of bright yellow pea-shaped flowers, looking something like wisteria. Very ornamental. 2-3 ft., 35c each; 3 for \$1.00, ppd.

Hardy Amaryllis

HARDY AMARYLLIS

LYCORIS SQUAMIGERA—The only hardy and fragrant Amaryllis grown. It is a native of Japan, has immense flowers in the fall of a rosy lilac color. The bulbs we offer are strong bulbs that throw 5 to 6 gigantic blooms of the most perfect form. They are easily grown and handled and will prove a pleasure to all planters. It is perfectly hardy and blooms 2nd year. If left undisturbed it will multiply and grow into quite a large mass that will produce a wealth of bloom each year. **Price \$1.00 each, 2 for \$1.75, prepaid.**

Cinnamon Vine

Hardy climber and makes a very vigorous growth, 15 to 20 ft. in one season. Has attractive bright green foliage and small white fragrant blooms. **15c each; 3 for 35c, prepaid.**

Silver Lace Vine

POLYGONUM—Very rapid grower. Excellent vine for covering large waste spaces, unsightly buildings, fences, houses, etc. The flowers hang in panicles that look like strands of silvery beads and appear about the middle of summer lasting for weeks. One of the best hardy vines. **50c each.**

DAHLIAS

Five types of Dahlias, good quality. Varieties that bloom well, offered in colors at a price any one can afford to have dahlias. See cut for description of the different types.

Cactus Dahlias, white and red.

Show Dahlias, pink, yellow and red.

Peony Flowering Dahlia, white, yellow and red.

Decorative Dahlia, pink, yellow.

Single Dahlia, mixed.

Your choice of any of the above, 5 for 50c, 12 for \$1.00 postage paid.

All of these produce beautiful flowers on long sturdy stems.

Snowball

PINK FLOWERING SNOWBALL

The finest of Snowballs growing to about 4 feet tall, silver green foliage, very compact and dense. Its beautiful light pink flowers are borne in clusters covering the entire bush. They are very fragrant, with a heliotrope odor that is very pleasing. Price 12 to 18 inch 80c, 3 for \$1.50. Postpaid.

BLOOD RED JAPANESE MAPLE

ACER PALMATUM ATROPURPUREUM—It is a very popular low growing tree or tall shrub. Has star shaped leaves of a blood red color. If planted in a sunny location the leaves retain their bright red foliage all summer and fall. In a shady location the leaves turn a reddish green toward the latter part of the season. It is a plant that everyone admires, and attracts a lot of attention in any planting. It is one of the best plants that Japan has given to this country. Price, 12 to 18 inch plants \$1.65 each, 18 to 24 inches \$3.00. Prepaid.

SCARLET FRUITED THORN

Scarlet Fruited Thorn

1-CENT Sale

The beautiful scarlet fruits of this tree are very attractive in late fall and early winter. It is a low growing tree, very symmetrical in shape, perfectly hardy. It can be trained in any desired form. The foliage is always bright and attractive. 2-3 ft., 55c ea., 2 for 56c.

1-CENT Sale

BITTERSWEET Native American—Hardy ornamental vine. Very effective by their bright colored fruit remaining usually throughout the winter. They are valuable for covering trellis-work, trees or rocks and walls. They grow in almost any soil and situation. Fruit is about one-half inch in diameter, orange-yellow, with crimson seed. 40c each, 2 for 41c. Prepaid.

1-CENT Sale

PINK FLOWERING LOCUST—This shrub is valued for its elegant clusters of rose colored flowers, which expand toward the last of May and continue for some time. The branches resemble the Moss Rose. Beautiful for planting in masses. 2-3 ft. 45c, 2 for 46c, prepaid.

Myrtle

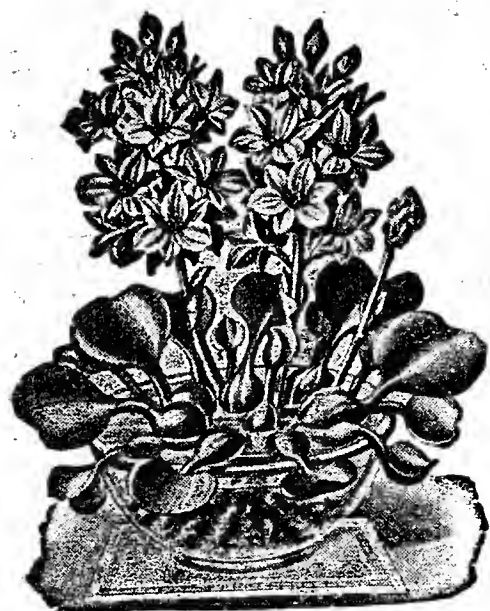

HARDY MYRTLE—The bright blue flowers appear in May and last for weeks. The foliage is a lustrous green throughout the year. It is a very useful evergreen plant for ground covering, especially adapted to shady places. Height 4 to 6 ins. 15c each, 10 for \$1.00, \$8.00 per 100.

HOLLY LEAVED BARBERRY

MAHONIA AQUIFOLIA—A beautiful evergreen shrub of slow growth to medium height, with smooth shining holly leaves; bright yellow flower clusters in May, and blue berries. The leaf color varies capriciously throughout the year, assuming all shades of green, with flecks of red and bronze. Of special value in shady locations. 12 to 18 inches, 50c, 18 to 24 inches, B&B 75c, 2 for \$1.25. Not Prepaid.

Mahonia

Water Hyacinth

WATER HYACINTHS

LILAC ROSE FLOWERS—It forms a lovely rosette of its curious shining green leaves, and throws up spikes of the most exquisite flowers imaginable resembling in form a spike of Hyacinth bloom, as beautiful as Orchids. In color a beautiful lilac-rose. In the windows the most beautiful effect is produced by using a glass vessel of some sort, with shells and white sand so arranged as to conceal a small amount of soil. In summer it can be grown outdoors in pools or tub of soil. 25c each, 2 for 26c. Prepaid.

1-CENT Sale

TREE STRAWBERRY

1-CENT Sale

The Tree Strawberry or Strawberry-Raspberry as it is sometimes called, is one of the largest and most beautiful of all berries.

A new plant in habit and growth and form of fruit. It puts up numerous strong branching shoots about 2 feet high, wonderfully beautiful, both foliage and blossom.

Tree Strawberry

Bears beautiful large ruby red fruit, the bright red berries showing a striking contrast to the large white blossoms. This bush with its glossy green leaves makes a very ornamental plant, besides giving you a crop of the finest berries for jelly and jam. The canes soon shoot up in the spring, blossoming and bearing in early summer. They endure cold climate getting larger and better every year, giving many extra plants. Order now, as the stock is limited. Prices: 3 for 50c, 6 for 51c, Prepaid.

HARDY CALIFORNIA GRAFTED GRAPES— See page 30 for details.

OPUNTIA RAFINESQUII —

Will stand 20 degrees below zero. Can be grown indoors or outdoors. Fine for rockeries, border for evergreens, banks, perennial beds, etc. It is evergreen, producing from June till September, large semi-double red and yellow flowers 4 inches across. An ornamental interesting plant for outdoor culture, easily grown. We have a limited supply of these for customers only, so order soon. 50c each, 2 for 51c, prepaid.

1-CENT Sale

Cactus

MULBERRY TREE

MULBERRY TREE—Very hardy and long lived. Heavy foliage, compact growth, fruit attracts birds. Also planted for windbreaks and hedges. 5-6 ft. 60c, 3 for \$1.50, express collect.

A Promise of Springtime

PUSSY WILLOW—(Not the Wild Pussy Willow). Enjoy these dainty silvery flowers every winter. A beautiful round shrub in summer. Wherever you have room for a Lilac or Snowball, you have room for a Pussy Willow. Use them for tall screens or backgrounds. Plant one or more of them this spring. Cut the ends of the branches next January or February. Place them indoors in a vase of water. Watch them unfold their large catkins of silvery pink, from 1 to 2 inches long. They will repay you many times their cost in pleasure each winter. Prices, 2-3 ft., 50c each, 2 for 51c, prepaid.

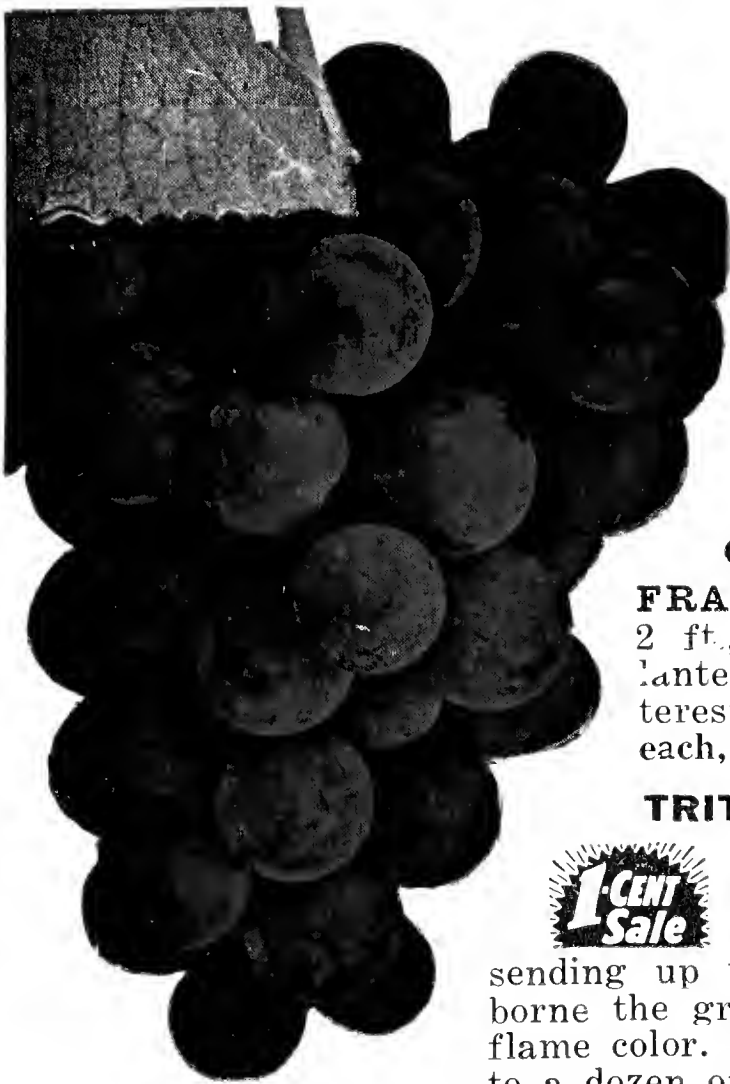

1-CENT Sale

KOREAN SPIREA

A new spirea introduced and recommended by the government. The blooms are produced freely in immense snowy white clusters. It is similar to Van Houtte in habit of growth. The foliage is a beautiful deep green color, blight resistant and altogether satisfactory. Should be in every shrubbery collection. 18 to 24 in., 3 yr. old, 40c each, 3 for \$1.00.

Pussy Willow

Caco

NEW GRAPE CACO

The vines are strong and vigorous, as yet untouched by disease of any kind. The fruit is very large in handsome complete bunches; in color a rich wine red over amber. Exceptionally early bearing, usually showing several good-sized bunches the second year. Its flavor is luscious, sweet, delightful, distinctive. 40c each; 3 for \$1.00.

FRENCH LILAC SEEDLINGS

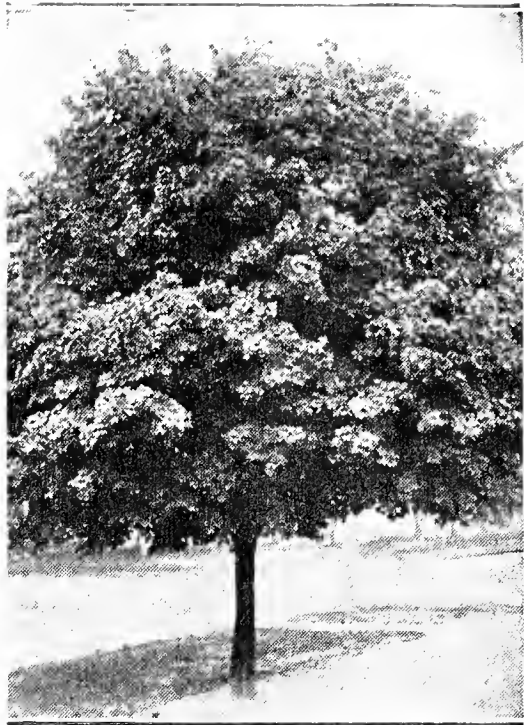

This stock was carefully selected from only the best varieties of French lilac. Plant them in a row now and watch them develop into a beautiful hedge of bloom. 5-7 inches, 10 for 50c. Prepaid.

Cydonia

RED-LEAVED NORWAY MAPLE

SCHWEDLERII (Purple-leaved Norway Maple)—One of the most beautiful of the shade trees. In early spring the young leaves are bright red, changing to purplish green as they grow older. In autumn they are golden yellow. The tree has a round, compact head and large leaves which cast a dense shade. 6 to 8 feet, \$1.50 each. By express.

Schwedlerii Maple

CHINESE LANTERN PLANT

FRANCHETTI—Forms dense bushes 2 ft., producing bright orange scarlet lantern like fruits, which are very interesting for indoor decorations. 15c each, 3 for 40c.

TRITOMA, RED HOT POKER

The Tritoma is sometimes called Red Hot Poker or Torch Flower. It will bloom the first season, sending up tall flower stems on which are borne the great blossoms of a bright red or flame color. Single plants produce from five to a dozen of these great flower stalks, presenting a brilliant appearance. The plants are hardy in open ground and bloom early. 25c each; 2 for 26c. Prepaid.

Tritoma

NEW FORSYTHIA

SPECTABILIS (Golden Bells)—

This is the earliest to bloom of all the flowering shrubs and an immense improvement over old Forsythias. It is compact in growth and every branch is closely covered with vivid yellow flowers before the foliage appears. Price, 45c each; 2 for 46c. Prepaid.

JAPANESE FIRE BUSH

CYDONIA — Common garden form, growing from 3 to 6 ft. with spreading, spiny branches. The scarlet-red flowers appear before the leaves and are followed by globular fruits from one and one-half to two inches high. 2 to 3 ft., 45c; 2 for 85c. Prepaid.

EVERGREEN BITTERSWEET

Evergreen Bush will cling to wall or grow in bush. Very attractive among shrubs. Does well in shady places and very beautiful in winter with its green leaves and orange and scarlet fruit, and in summer with its very glossy green leaves. Price, 50c ea., 2 for 90c. Prepaid.

Chinese Lantern Plant

RED BUD

CERCIS CANADENSIS—

Handsome ornamental tree covered in spring with dark pink bloom before leaves appear. 3-4 ft. 75c; 2 for 76c.
